Richmond Hill To Save \$1500. By Hydro Cut

Saving To Be Passed On To Consumers In Rate Reduction

Following the recent announcement by the Ontario Hydro Commission of a substantial reduction in rates, Richmond Hill Electric Commission has been notified that a reduction of \$2.50 per H.P. will be made to this municipality. The reduction will be effective November 1st and it is specified by the Ontario Commission that the reduction shall be passed on to the consumers. Whether the reduction will be on domestic or commercial rates or both has not yet been determined and will be decided after a survey of local rates and conditions by hydro engineers. The reduction will mean a saving of approximately \$1500.00 annually to Richmond Hill electric light users.

The substantial reduction in rates is due to the Hepburn government's action in cancelling the Quebec power contracts which were costing the Hydro users of the province several millions annually.

TOWN FATHERS TALK HOUSING

The municipal council of Richmond Hill village met in regular monthly session Monday evening. Reeve J. A. Greene presided and councillors Alex Little and H. J. Mills were present. There was a light agenda of business and mostly routine matters were dealt with. The resignation of C. P. Wiley as a representative of the council on the Library Board was received and accepted but appointment of a successor was laid over until a future meeting.

Three representatives of a Toronto building firm appeared before the council expressing their willingness to co-operate with the council in a housing program. Their proposal was for the formation of a local housing commission whose finances would be guaranteed by the municipality to proceed with the erection of a dozen houses at an estimated cost of \$2500 each. The builders would work on a cost plus ten per cent basis. No action was taken but a survey of the opinions of individual members was against the municipality entering into any such scheme at the present time.

The usual grant of \$5.00 was made to the King and Vaughan Plowmen's Association.

The matter of changing the election date from the first Monday in January to the first Monday in December was discussed but no action was taken.

A letter signed "A Mother" was received asking council to provide police protection for children crossing Yonge Street to attend Sunday School. Members of council pointed out that it would be impossible to provide police supervision for all Sunday Schools and Reeve Greene suggested that Sunday School authorities have teachers or older scholars assist in seeing children safely across the highway.

Markham Twp. Council

Markham township council met in regular session at the township hall, Unionville on Monday and routine municipal business occupied the attention of the members.

The Reeve and Deputy-Reeve were named as a special committee to interview the provincial authorities re the enforcement of the provisions of the weed control act as it concerns threshing machines. There is some confusion regarding the enforcement of the act as it applies to owners of machines who may do an occasional job for a neighbor.

Council was faced with a number of accounts for weed cutting and as the price per hour varied the members passed a resolution fixing the rate of pay for team and man with mower cutting weeds on vacant lot at 50c. per hour.

Road accounts were passed as follows: Clarence Wideman, Markham, \$420.92; R. Agar, R.R. No. 2 Gormley, \$172.90; R. J. Cunningham, Stouffville, \$53.00; J. G. Wideman, Stouffville, \$32.85; D.
