

### First Meeting Vaughan Council

The inaugural session of Vaughan township council on Monday was honored by the presence of Rev. A. M. Partridge of Maple United Church and Rev. C. H. Bowman of Maple Presbyterian Church. Rev. Partridge taking part in the inaugural ceremony gave a very fitting address and Rev. C. H. Bowman delivered a prayer asking divine blessing and guidance for the coming year. Following the inaugural proceedings which included the swearing in of the members, all re-elected by acclamation, the regular business session was held.

T. H. Kersey, E. G. Kyle and R. P. MacNaughton, assessors of last year, along with all fence viewers, pound keepers and sheep valuers were re-appointed.

A delegation of Vellore ratepayers asked the co-operation of council in the erection of a water tank for fire prevention in the Vellore district. Members of council expressed their sympathy with the undertaking and if the project goes ahead it will likely be assisted by a small township grant.

Following a request for gravel there was a general discussion of road problems and it was hinted that with the improved financial position of the township there was a possibility that material placed on the roads this year would be crushed gravel. This it was generally agreed was a very desirable form of material.

It was intimated that it was the intention of the council to hold a tax sale in 1937. At December 15th tax arrears amounted to \$33,012.84 and it is hoped by means of a tax sale to greatly reduce this total of arrears.

General accounts were passed totalling \$485.93, road accounts \$149.55.

There are over three and a half million trucks on United States highways and it is expected that nearly 900,000 new trucks will be built in Canada and the United States next year.

### TESTON

The congregational meeting of the United Church here was held Monday evening, Jan. 11th. A very tempting dinner was served at seven by the ladies and enjoyed by those who attended. After dinner the annual meeting was held, Rev. Mr. Davis presiding. All departments—Sunday School, Y.P.U., W.A., and the church itself gave excellent reports for the year. No deficits and in one or two instances good balances were shown. Mr. Davis congratulated the congregation on the excellent work done during 1936. Then followed the election of officers. The session, stewards, treasurer and other officers were re-elected for the coming year. A special committee of C. Diceman, W. Clarkson and E. Carson was appointed to act with Mr. Davis regarding choice of a minister to succeed Mr. Davis who will be leaving the pastorate at the end of this conference year. The meeting voiced the sentiments expressed by the ladies, Mrs. Wm. Windas and Mrs. E. Carson who moved a vote of appreciation for the services of Mr. Davis in regard to the W. A. Coupled with this Mr. E. Carson voiced the sentiments of the congregation in regard to the work of the pastor during the severe years he has been here.

A very pleasing feature of the evening came when Mr. Davis, on behalf of the congregation, expressed in a short address the appreciation of the church to Mrs. W. Williamson who has been organist and choir leader for some years, doing excellent work, sometimes sacrificing herself for the good of the service of song. As a tangible expression Mrs. Williamson was presented with a comforter, a pair of blankets and a purse of money. Mrs. Williamson replied very feelingly in response to the gifts. A very amicable and enjoyable meeting was brought to a close with the benediction by Mr. Davis.

At Y.P.U. last Sunday evening the program was presented by the Missionary Convener, Frank Robson. A set of slides on the Yukon was enjoyed. These slides were very instructive and showed how the mission has succeeded there. The guest speaker, Mrs. Small, who has spent many years in West China, spoke on her work there and gave a description of the country, its people and the advancement made. Her story was enjoyed by the sixty-three persons who attended as were the curios she brought, showing the work done by the Chinese. This is one of the best meetings held and certainly a fine start for the missionary department.

Mrs. P. McQuarrie is suffering from the effects of a fall on the cement walk at her home on the 5th line after the ice storm. Her friends express wishes for her speedy recovery.

Mrs. Wes Clarkson has been among the shut-ins for some time. Friends are hoping she will soon be out again.

Miss McKay and Miss Tayles of Humber Summit visited Teston Sunday School last Sunday in connection with Young People's work in the school. These ladies were entertained at dinner by Mrs. Stimers.

The funeral of the late Alexander Hastings Canning was held from the home of his sister Mrs. Margaret Sommerville, Unionville, Monday afternoon and was largely attended by friends and relatives. The late Mr. Canning passed away Friday afternoon, January 8th, in his eightieth year.

Born in Markham township at Hagerman's Corners in the year 1857 he was the son of the late John and Martha Gilmour Canning. In his early life he was a prize ploughman and an enthusiastic horseman. He entered business life in 1887 when he bought out the general store of the late J. F. Davison and he was Postmaster at Unionville until 1892. In that year he entered the wholesale grocery business in Toronto and for many years conducted the enterprise with marked success. In 1898 he was joined in partnership with the late G. A. M. Davison and the wholesale grocery business specializing in teas, coffee and sugar developed until it assumed extensive proportions with business connections in all parts of the Dominion. In his business career the late Mr. Canning won an outstanding reputation for integrity and ability. Early in 1900 he contracted typhoid following which he suffered the loss of his hearing which compelled him to retire from active business life. While in the wholesale business Mr. Canning invented the first machine to mechanically parcel and weigh tea in one operation. His inventive genius was also displayed when later he patented a machine for the stooking of grain.

Following his retirement from business in 1900 he returned to Hagerman where he farmed on the old homestead until the sale of the farm to the late Andrew Grant of Wexford. Since then he has lived in Unionville.

A large number of beautiful floral tributes expressed the sincere sympathy of a wide circle of friends and relatives.

## New Breed of Sheep for Canadian Farmers

Shown above on their arrival in Canada in the Canadian Pacific Steamships freighter Beaverbrae are several sheep that will mean a great deal to Canadian farmers in the future. They are a gift to the Province of Ontario from the Kerry Hill Flock Book Society in North Wales and are an outstanding breed of general utility sheep, which, due to their adaptability to any environment,

are expected to gain rapid favor in this country.

The gift of the pen of ten ewes and one ram was arranged through the good offices of W. Rupert Davies, president and editor of the Kingston, Ont., Whigh-Standard. These prize winners, products of generations of breeding with the most careful methods of selection being exercised, are destined for the Ontario Agricultural Society at Guelph, from where the strain is expected

to spread to other parts of the country.

An idea of the economic and eugenic value of the gift pen may be derived from the fact that the eleven animals took first prize at the annual Kerry Hill Sheep Fair where some 10,000 to 15,000 sheep were shown. Besides being able to withstand bleak weather, these sheep are handsome and symmetrical, and will, it is felt, prove of great value to Canadian farmers.
