King Township Council Makes Move To Refund Municipal Debentures

At the first meeting of King Township council held on Monday a resolution was passed authorizing the clerk to make a schedule of township debentures with a view to refunding this bonded indebtedness at a considerable saving in interest to the taxpayers. The resolution proposed by councillor E. M. Legge and seconded by deputy-reeve Cameron Walkington, was as follows:

"Whereas this township has various sums of Debentures on several projects within the township at various rates of interest from 5 1/2 to 6 1/2% and whereas the money market rates of borrowed money are today around 2 1/2 to 4%. "Therefore be it resolved that the Clerk be requested to favour this Council with a list of all outstanding issued Debentures showing their various rates of interest for the purpose of going into this matter fully with a view of making a substantial saving for our taxpayers."

Heavy rains of last week caused the breaking up of ice on the ponds of Hayhoe Brothers Flour Mill at Pine Grove and the Woodbridge Mill at No. 7 Highway and Weston Road. It was found necessary in order to dislodge the jam below the Woodbridge Dam to do some dynamiting. The stream is clear of ice now and ready for the ice crop needed by the farmers, and hoped for through January frosts, which at the present time seems doubtful.
