VICTORIA SQUARE NEWSY NOTES

"The man who wastes to-day lamenting yesterday, will waste to-morrow lamenting to-day. To the man who does everything in its proper time, one day is worth three."
The ladies of the W. A. served a very dainty and satisfying supper last Wednesday evening. After the tables had been relieved of their load of good things to eat the annual congregational meeting was held. All branches of the church work gave encouraging reports showing excellent returns for the year's work. All showed excellent balances on their financial statements. The four retiring stewards were re-elected for a three year term. Let us look forward to an even more successful year in 1937.

The cast of Lena Rivers presented their drama to an appreciative audience at Pine Orchard last Thursday evening and report a good time.
Messrs. Alvin Caseley, Stewart Martin and Jim Valliere are attending the night classes in Mechanics at Northern Vocational School, Toronto.

Mr. Fraser Gee gave the address at Y.P.U. on Sunday evening. His subject was "Modern Youth and Marriage." An instrumental by Miss Pearl Caseley was much enjoyed.

Next Sunday evening, February 7, will be dedication night. All who wish to do so will have the privilege of joining this worth while organization. The address will be given by Mrs. Cecil Nichols. There will also be a report on the Community Life Conference at Pickering College. Please keep in mind the lecture and program on Tuesday evening, February 9th at 8 p.m. Rev. L. Atkinson of Stouffville will tell of his experience among the Indians. Special music will be given.

There was a large attendance at the regular monthly meeting of the J.W.I. on Tuesday evening. The two minute talk was well given by Mrs. P. Willows. Miss Izzard of Richmond Hill High School staff gave a thought-provoking address on "Peace and Canadianization." Miss Eloise Perkins gave her report of the Toronto Area Convention which was well received. Mr. Leonard Har-

mon of Temperanceville was an interesting speaker at the Boys' meeting. Lunch and a social time concluded a splendid evening.

An enthusiastic supper meeting of the Goforth Mission Circle was held at the home of Mrs. Douglas Gee on Saturday evening, January 30th. Twenty-three young ladies sat down to an enjoyable Valentine tea, after which the first meeting of the circle was opened by the president. The theme was "Jesus, the Great Physician." The experiences of several missionary doctors were dramatized by Viola Avison, Mary Stuart, Alma Atwood, Eloise Perkins and Florence Nichols. Mrs. Haig expressed her appreciation of the adoption of the name of Goforth by the circle, and gave a most interesting summary of Dr. Goforth's life. She closed by challenging her listeners to be loyal co-workers with Christ for the bringing in of His kingdom on earth. Mrs. McCague was welcomed as advisory president. Two new officers were added to the executive: Miss Pearl Caseley as pianist and Miss Eloise Perkins as temperance secretary. From such a promising beginning the circle is looking forward to a very successful year and it is hoped that all who are interested will attend the next meeting on February 27th at the home of the president, Miss Jean Macdonald.

Hon. G. H. Ferguson Recommends Bacon And Chickens As Specialty

Former High Commissioner Is Speaker at Unionville Junior Farmers Meeting

If Hon. G. Howard Ferguson, former Ontario Premier and one time Canadian High Commissioner in London was able to start farming as young man he would specialize in bacon and chickens. So he told the Unionville Junior Farmers organizations at a meeting held in the township hall last Monday evening. The speaker was introduced by Col. Deacon and Mr. Ferguson expressed pleasure on having the opportunity of speaking to a group of young farm people, as he said he considered himself a junior farmer.

British people as consumers of Canadian products was the subject discussed and many reasons were pointed out why we should cultivate the British market. 1.70% of everything they use of food products is imported. We have the advantage of free entry while others pay a duty of 10%.

2.65% of our Agriculture products exported is bought in the British Empire. Our marketing in Great Britain is more staple than other countries and the best market economically.

Competition is keen among our rivals, wanting to market in Great Britain. What can we do?

Our biggest competitors in the wheat market are Australia and Argentina but we can demand a better price for we have better wheat. We have a large market for Bacon but it could be larger if our bacon sent over was always the best quality as is the Danish product. However the quality of bacon is improving but one poor shipment of bacon will upset our market for a month. Mr. Ferguson added, however, that Bacon and chickens would be his specialty when going into farming as a young man.

Beef shipped on foot during the past year or so have increased and what we need here is a supervision and check on animals sent over. Quality is the one thing that will insure us the best price in the best market in the world.

New Zealand is our rival in the cheese market, all cheese being Government inspected. Our best cheese is as good as any cheese, but not always the best is sent, therefore spoiling our market for it.

Oats are shipped against competition of Scotland.

Our barley shipments are limited and the demand is great.

The turkey market is active, in the past two years we have shipped a million pounds.

Mr. Ferguson added that we need to give the Englishman credit for having as much common sense as any. He wants the best and is willing to co-operate to get it. He also said that we should do more advertising, that we spent \$350,000 in comparison with New Zealand \$700,000 and Australia \$1,000,000. Mr. Ferguson, although not agreeing with the present Government in everything they do, commended them for being willing to spend more money to improve British Markets, and as a summary urged the production of the best in what you specialize, to advertise your product and to improve the quality.

Announcement was made at this meeting of the York County Seed Fair that will be held at Aurora on March 11th, the County Junior Farmers Skating Party at Richmond Hill on February 18th and the local Club Skating Party at Cedarena Rink on February 9th.

Delightful Violin solos were rendered during the evening by the Junior Farmers Maestro, John Moscow, and vocal solos by Alex. Morgan who came on to the meeting after a singing engagement on a Coast to Coast network for the Canadian Broadcasting Co.

Lucky draw winners for the evening include Joe Champion, Allan Empringham and Mabel Reesor. The Club paper was read by C. Kennedy. Luncheon and Dancing concluded this evening of delightful entertainment.

The cure for our own cares is care for others.

Vaughan Relief On the Decrease

At the regular meeting of Vaughan township council held Monday at Vellore relief officer A. V. Orr reported that relief payments for the month of January amounted to \$2,508.57 which is \$483.85 less than in January 1936. This substantial reduction in relief was greeted with satisfaction by members of council who are hopeful that the worst is passed as far as relief payments are concerned. The relief payment of \$2508.57 was made up of \$880.57 for fuel, \$247.91 for clothing, and \$1,380.09 for groceries and provisions.

Members of council expressed criticism of the action of the County council in not passing on to the municipalities the full benefit of the action of the government in assuming the municipalities' share of the cost of old age pensions and mothers' allowances. Councillor Robson pointed out that he felt it was the intention of the provincial government that that whole saving should be passed on to the taxpayers. Reeve Scott and other members of council agreed but it was pointed out that increased estimates of the County prevented the entire saving being passed on to the ratepayers, although there will be a substantial reduction in county rate this year. Robert Plunkett of Woodbridge was awarded \$50.00 for a Jersey heifer killed by dogs last August. The award was made by a provincial government valuator.
