

**WEEKLY NEWS NOTES FROM THE UNIONVILLE DISTRICT**

The decision to hold a tag day in aid of the Canadian National Institute for the Blind was important business at the regular meeting of the local Women's Institute held at the home of Mrs. J. W. Perkin on Thursday afternoon last when thirty-three ladies were present and Mrs. G. R. Whaley had charge of the meeting.

An intensely interesting historical story of early days in Unionville was told to the ladies by the president, Mrs. G. R. Whaley. The tracing of the ownership of the different homes from the original founding, the origin of the name, the growth of business projects and many other interesting facts were included in the story. Unfortunately time would not permit the conclusion, but the speaker's promise to continue at some future date was enthusiastically sanctioned by the ladies. Several delightful readings by Miss Audrey Clarkson, sister of Mrs. E. Appleton, were also a pleasing part of the program. The Nominating Committee and the Program Committee were appointed in view of the forthcoming annual meeting.

An enjoyable social hour followed the program when tea was served by the hostesses, Mrs. W. J. Perkins, Miss E. Austin, Mrs. J. A. Gibson, Mrs. C. H. Stiver and Mrs. T. Barber.

Ten tables of euchre provided good evening's enjoyment at the local Lawn Bowling Club's event last Friday evening. The winners were: Ladies, Roberta Allan, Mrs. R. Allan, Mrs. R. Lotton. Men, Herb Perkins, Leslie Couperthwaite, John Couperthwaite.

A miraculous escape from fatal injury was accorded little Betty Eileen Hill on Monday last when the rear door of the automobile, driven at 40 miles per hour, opened and the child fell to the pavement. Barring a few facial scratches, we are pleased to report Betty Eileen uninjured.

It was a gala evening for the Markham Township Conservative Association when the members and friends met in the Township Hall on Wednesday evening last for a social time. The President, Stewart Mc-

Quay, was in charge of the meeting and expressed pleasure in welcoming the large number of guests who came from Cedar Grove, Cashel, Thornhill, Markham and other points. A chartered bus brought a number from Toronto who were delighted with the splendid evening's entertainment.

Twenty-four tables of euchre enjoyed the game in the fore part of the evening and the prize list included: Ladies, Mrs. Robt. Holden, Mrs. Parks, Mrs. J. Burney; Men, Ross Martin, Percy Toyle, Arthur Snowball. The honor of presenting the prizes was given to Mr. and Mrs. Robt. Reesor, the oldest couple present.

Following refreshments the president called upon several of the guests for short speeches then the floor was cleared and dancing, to the orchestra under the direction of Robt. Stiver, was enjoyed. Other members of the orchestra were John Young, Alex. Snowball, Chas. Gray and Mrs. Findlay of Thornhill as accompanist.

**YORK JR. FARMERS' DRAMATIC COMPETITION**

A new idea in dramatics has been worked out for the York Junior Farmers' Dramatic Competition by Agricultural Representative, W. M. Cockburn, to make the competition more educational and constructive by having the official adjudicator give all competing groups a course of instruction before rehearsing their plays. The first part of this programme was carried out on Tuesday night (March 2nd) when the adjudicator, Jas. E. Dean of Central Technical School, gave a most interesting and instructive evening's discussion and demonstrations at Pickering College.

All Six Junior Farmer Clubs entering the contest had their directors, coaches, casts and stage managers on hand and everyone was delighted with the experiment.

It was decided by the groups to all come to Pickering College to put on their one act plays on the evenings of April 12th and 13th. This eliminates the necessity of having semi-finals and a final. By this plan, those taking part will have instruction beforehand rather than too much criticism after their shows are over. Headmaster Jos. McCulley very kindly offered the use of the auditorium to the Junior Farmers for their competitions.

The following Clubs will be competing:

April 12th: — Victoria Square, "Lonely Lady"; Unionville, "Coercion"; Vellore, "The Teeth of the Gift Horse".

April 13th:—Poplar Bank, "The Singapore Spider"; Stouffville, "Squaring it with the Boss"; Nobleton, "Trusting Place".

The house was prettily decorated for the occasion and after the gifts had been received a ribbon was cut by Mr. S. Hall and a shower of confetti fell on the young couple adding a pretty effect to the occasion. Refreshments were served and games and dancing enjoyed until the early hours. The next party was held at the home of Mrs. Reed when a most enjoyable time was spent by all who attended. The young people hope to continue these parties for awhile.

**Warning to Farmers Re Seed Grain**

In another column in this paper will be found an advertisement by the Department of Agriculture calling attention to the danger of farmers using seed without having germination tests made of it. A careful perusal of this advertisement may be of very great value to many of our farmers. We know that most farmers are particular about sowing good seed free from weed seeds and with a high germination test but sometimes these matters are left off until it is too near sowing time to have these tests properly made, and so this advertisement will just call their attention to the necessity of having this work done in good time before seeding begins.

**MILK MUST BE Sold**

Milk salesmanship is vital to the dairy farmer. Bottle by bottle and pound by pound, milk and its products must be sold to the millions. Selling is the first step that turns milk into money. For 79 years Borden has worked at this highly specialized job of selling. Every day Borden advertising and Borden salesman in this and other lands are at work selling the products of milk. Constant year-in and year-out effort to broaden the market is one reason why Canada is becoming one of the world's largest producers as well as one of the largest consumers of dairy products. The dairy farmer benefits accordingly.
