Home Improvement Suggestions

Every woman wants her home to reflect charm and personality. One of the surest ways to attain the latter is in originality; and one place she can turn loose her talents is the attic.
An attic guest room can be created from waste space with little expense. The walls may be made from fibre board in a panel and wainscot design. The ceiling, which can be a few shades darker, may be blocked with a scallop of the darker shade bordering the wall.
Fibre board can be handled in a number of ways to produce an almost limitless variety of decorative treatments. With a simple tool for beveling and grooving it can be fashioned into large or small panels, a straight line design or a tile or masonry effect.
This material can be used for either new or old interiors. It is easily adaptable for attic rooms and on new construction it can be applied directly to studs and joists.
The wood floors may be scraped, painted or varnished. A window seat built in below the dormer window makes a pleasant place to read or sew. A shelf may form the top of the dressing table. A closet with space for the guest's clothes and adequate light plugs complete the essentials.
Having acquired the background for a guest room, the housewife with an eye on her budget may employ a number of decorative schemes that are easy on the family pocketbook. Gingham is inexpensive, colorful and launders well. This material in a blue and white check with a binding of red braid might be used for the bedspread, dressing table skirt and as a valance for curtains of plain white voile.
A chair with a red slip cover would add a touch of colour and a plain blue rug or carpet would be a suitable floor covering. A chest, painted in bright colours, would fit in with the general decorating scheme and would be an excellent place for the storing of extra blankets.
A room of this type, which follows no particular period, is an excellent place for discarded furniture. A little patience, elbow-grease, ingenuity and paint, enamel lacquer or varnish will make friends of the most diversified group.
Funds for remodeling and modernizing the home are now available under the Home Improvement Plan at a very low rate of interest.
Officer—"What's up?"
Man—"My hands. I was just robbed."
The fittest survive, but what is the good of it if they aren't fit for anything but surviving.
This thing we know as wisdom is in reality only common sense in an uncommon degree.
If he talks like a school teacher explaining it to kids, he is the arachnid of a dumb family.

Lowest Price Field

ONE of the best things about Chevrolet quality is the way it saves you money on gas, oil and upkeep—and assures you of higher "trade-in" value later on.

For instance, the quality design of Chevrolet's Valve-in-Head Engine saves you as much as 10% on operating costs! Knee-Action, on Master De Luxe models, saves you dollars on "tightening-up"—because it cushions the car, as well as the passengers,

against the pounding of rough roads. The Unisteel Turret Top Bodies by Fisher are solidly built to "stand up", without developing annoying rattles and squeaks.

From perfected Hydraulic Brakes to genuine Fisher No-Draft Ventilation, Chevrolet is every inch a quality product—famous for dependability! See it and drive it yourself... listen to what owners say... and you'll never be satisfied with less!

LIBERAL GOVERNMENT RE-ELECTED IN B.C.

With thirty members in the forty-eight-member Legislature elected and hope of another, the British Columbia Liberal Government of Premier Thomas Dufferin Pattullo on Tuesday carried the mandate of the electorate to govern the Pacific Coast Province for another five years.

In his post-election message when the result of yesterday's voting became known, Premier Pattullo declared himself pleased with the result. "Continuation of progressive Liberal policies will lead to creation of a better and brighter British Columbia," he said.

With only Mackenzie constituency still in doubt, the Liberal forces won 30 seats; Conservatives, 8; Co-operative Commonwealth Federation, 7; Independent, 1; Labor, 1. In the previous Legislature, the standing was: Liberals, 35; Constructives, 4; C.C.F., 3; Independent, 2; Independent Non-Partisan, 2; Labor, 1; Unionist, 1. Conservatives did not contest the previous election.

WOODBIDGE DISTRICT NEWS

Exchange of Pulpits Last Sunday at United Church

acter as follows: Horse Races, Allan Clark, Elizabeth Fielding; consolation, Howard Clarkson, Katie Bell; Target Shooting, Lola Luttrell, Norman Clark; Hopping race, Don Pellatt, Doris Goddard, consolation, Harry Watson, Mary Leuty; Nail driving contest, Lola Luttrell; pie eating contest, Don Pellatt.

Pine Street which has been lit up since the Coronation gives the Village an attractive appearance to motorists passing through and is an asset. Such lighting established permanently should be encouraged even though it may add a trifle to the tax rate. At present there is not a vacant house available. Won't some enterprising man of means take advantage of the demand for houses.

History teaches us that a great man and patriot will do anything for his country except take care of himself to prolong his usefulness.

It has been stated that American newspapers gave four times more space to the recent Coronation than they did to President Roosevelt's inauguration.

SPEED!

SPEED'S what you need in June chicks. Speedy growth, speedy maturity... size and pep to speed right along from the start, size and pep to speed into full development and egg production while prices are still high, next Fall. Yes, speed's the thing. And BRAY Chicks have it. Strong, vigorous, BIG chicks, backed by generations of rigid culling for vigor, constitution, growthiness, productive capacity.

40% Production at 5 Months

E.C.W., Montreal East, Quebec, bought Bray Chicks last year. He writes that he is "thankful" that he did. "At 4 months and 10 days, my pullets were laying 20 per cent; at 5 months, 40 per cent; at 6 months, 50 per cent."

Walter J. Kelloway bought 220 Bray Chicks this season. At 6 weeks he had lost just ONE. And at that age, he writes me, "I weighed 14 just as I caught them. The lightest weighed 1 lb. 6 oz.; the heaviest 1 lb. 8 oz. I have found your chicks healthy, strong, and fast growing."

Healthy, strong, fast growing. Early consistent layers. That's what Bray Chicks have proved with others, and will prove with you if you give them the chance. And now, at prices which I don't expect to be able to repeat in the next 10 years. In fact, if eggs advance I cannot guarantee they will hold even to the end of the present season. Better book your order right now.
