Ed. Bowen Injured While Operating Hay Fork

Mr. Ed. Bowen suffered painful injury when he was struck by the hay fork which he was operating. He was rushed to the office of Dr. Wesley where his head wounds were given attention, the cuts requiring several stitches. Later pleurisy set in but is now under control and the patient is resting easily and progressing favorably. Mr. Bowen was engaged in unloading hay and was in the act of pulling down the fork when the block came loose allowing the fork and carriage to fall, hitting Mr. Bowen a glancing blow on the head inflicting several cuts and wounds. It was a close call and Mr. Bowen's many friends wish him a speedy and complete recovery.

One night last week a number of young folk gathered and paid a visit to the newly-weds, Mr. and Mrs. Byer who are settling on the farm of Mrs. Malloy. Musical honors were conferred and a very pleasant time spent. We all wish Mr. and Mrs. Byer a happy married life and success in their new home.

Y.P.U. was well attended Sunday evening, Charles Robson in the chair. Frank Robson read the lesson. The guest speaker, Mr. Eli Byers, gave a very fine address taking for his subject "Occupy Till I Come", and Misses Jean and Marion Robson sang a duet very nicely, "The Stranger of Galilee." Mrs. Byers and a number of her friends from the Brethren in Christ attended Y.P.U. We are glad to welcome Mr. and Mrs. Byers to our young people's union and to join with us in worship.

Mr. and Mrs. W. W. Boyington of Buttonville spent Sunday at the home of Mr. T. B. Weldrick.

### A BLIGHT IN BARLEY

There is anxiety in a number of farm homes in the Alliston district, says the Herald of that town, because of a blight that has appeared in several stands of barley. The leaves of the shoots are turning white and the plant dies. In practically every instance the head has appeared in the plants attacked. Simcoe Agricultural Representative as rushed samples of the grain and soil in which it is grown to the Guelph College for analysis. The blight is quite general in South Simcoe.

In some fields where this blight has appeared there is a well defined line between the affected and unaffected areas which makes the mystery of the trouble more difficult to determine. It may be that the rains of the spring which washed the soil off some of the areas and placed it in others have caused a release of plant foods in some places and made these minerals deficient in others.

Were a whiteness of the leaf to appear on an apple tree or even in wheat the condition would be taken to indicate a deficiency in potash in the soil and if it is found that this is the cause of the barley blight the cause may be ascribed to the heavy rains and shifting of soil in the spring.

Don't forget the regular mixed games Monday evening starting sharp at 8 p.m.

### MOTORIST IS ATTACKED BY HITCH-HIKER HE HAD GIVEN LIFT NEAR ELMVALE

(Elmvalle Lance)

While driving on Highway 27A, a short distance west of the Village last Wednesday evening, Jack Irvine of Collingwood was suddenly attacked by a hitch-hiker he had picked up. The man, described as about 28 years of age, height 5 feet 8 inches, weighing about 150 pounds and wearing a shabby gray suit, was hiking a short distance out of Elmvalle, when Irvine, driving alone from Midland to Collingwood, offered the man a lift.

According to information supplied to police the hitch-hiker and driver had very little conversation, and drove together only a short distance when the passenger, without warning, landed a terrific punch on Irvine's face, striking him below the right eye. At the same time he reached for the keys in the dash.

Although badly bruised by the unexpected attack, which partly closed one eye, Irvine took up the challenge immediately and exchanged blows with an adversary at least 20 years his junior.

Suffering severe injuries, his clothing in shreds, Irvine left his opponent lying in a ditch while he drove the car back on the road and on to Collingwood, where Constable Lorne Davidson was informed of the incident. Police Constable Rowe and Traffic Officer O. H. Brown left immediately for the scene of the fracas but found no trace of the man. The fight having occurred in daylight, Irvine was able to supply police with a good description of the man.

## Big Field Day Program in Afternoon and Dance at Night

### Rocky Mountain Holidays

The busiest tourist season in years is in store for the Canadian Rockies. Banff Springs Hotel and Chateau Lake Louise, recently opened for the year, are enjoying mid-season popularity, while increasing numbers of visitors are planning holidays at the beautiful chalet-bungalow camps at Moraine Lake, Lake O'Hara, Lake Wapta, Yoho Valley, and Radium Hot Springs.

Attractions such as golf on the sporty championship course at

Banff, riding and hiking over spectacular mountain trails, tennis on splendid courts, boating on glacial lakes, and other sports under ideal conditions make the Canadian Rockies Canada's leading summer playground. Add to this scenery unexcelled in the world, excellent fishing, and endless opportunities for camera hunting of big game and the result is Banff, Lake Louise, or any of half a dozen Canadian Pacific bungalow camps set in valleys or by lakes of outstanding beauty.

Each year in the Rockies several feature events are held in addition to the day-by-day amusements. Among them are the Calgary Stampede, July 5 to 10; Indian Days at Banff, July 23 to 25; outing of the Trail Riders of the Canadian Rockies to Mount Assiniboine, July 30 to August 3; outing of Trail Hikers of Canadian Rockies in Moraine Lake district, August 6 to 9; Banff golf week, August 23 to 28; and Yoho Valley reunion camp of the Alpine Club of Canada from July 17 to 21.
