Vaughan Council Plans For Walks On Yonge Street

Seek Co-operation of Markham and the Province in Construction of Sidewalk South from Richmond Hill

The members of Vaughan municipal council at the regular monthly meeting held at Vellore Monday decided to confer at once with members of the municipal council of Markham Township and with officials of the Ontario Department of Highways regarding the construction of sidewalks on Yonge Street.

Reeve R. W. Scott and all members of council were unanimous in declaring that the need of sidewalks on Yonge Street south from Richmond Hill was most urgent and it is planned to have the walks constructed this summer. It was pointed out that the hazard to those who use the road as pedestrians or motorists was very great and that this hazard could be greatly lessened by the construction of a suitable sidewalk.

While definite plans have not been made pending the conference with Markham Council and the Department of Highways it is likely that the walks will be of concrete construction. Now that a start has been made it is almost a certainty that the sidewalks program will be proceeded with this year. It is confidently expected that the members of Markham council will lend their hearty support to the project and it has been stated that the department of highways is willing to co-operate and pay fifty per cent of the cost of construction.

Citizens of the district interviewed this week hailed with genuine joy the announcement that a start on the sidewalks was to be made soon. The extreme need of such an undertaking has been evident for a long time and when completed a sidewalk on this section of Yonge Street will be a notable improvement which will be greatly appreciated by all who use the highway. The investment in sidewalks will pay dividends in saving lives, said an overjoyed citizen of Vaughan in commending the action of council.

Markham Twp. Council Regular Session

The regular monthly meeting of Markham township council was held Monday afternoon with Reeve James Rennie presiding and all the members present.

With the up trend in employment relief expenditure for the month hit a new low for June amounting to only \$300 and this was expended more on unemployable than on unemployed. There is a steady demand locally for men on the farm and it is hoped relief rolls will be further lessened during the coming busy season.

The appeal for damages to his flock of sheep by dogs received from Mr. James Brodie was considered but no action taken. Mr. Brodie felt he was entitled to flock damage but council members pointed out that they had to abide by the township valuator's report. Any appeal from the ruling of that official must be made through the provincial department of Agriculture.

Council ruled that there should be no refund of dog tax after July 5th. York County Children's Aid Society was granted the privilege of holding a tag day in the municipality.

Accounts were passed as follows: road foremen's account \$1565.49, general road accounts \$314.45, general accounts \$404.25.

VETERANS PLAN PICNIC

The regular meeting of Vaughan and Richmond Hill branch of the York County Veterans was held in the Municipal Hall Tuesday evening last. It was decided to hold the annual picnic Tuesday, August 3rd to Hanlan's Point. Tickets may be purchased from the following: James Butler, T. Healey, Elgin Mills; T. Woods, Elgin Mills; W. Adams, Richvale; G. McCrae, Richvale; J. Varley, Richvale; W. Warskett, Elgin Mills; J. D. Sanders, Richmond Hill; Stan. Woods, Carrville; J. Donaldson, Richvale.

The next regular meeting will be held Tuesday, July 27th. All Veterans and ex-service men welcome.

Richmond Hill High School's Exam. Results

The following pupils (in alphabetical order) have passed promotions as indicated. The A list contains the names of those who have passed in all the subjects of their courses and are promoted unconditionally. Those in the B list have failed in one subject (indicated in brackets after each name) and must repeat it in the lower form or abandon it. Promotion of those in the C list depends upon success at departmental exams of which the results will be available about August 10.

Ample Water Supply Assured For The Village

Dr. John F. Cayley, who recently conducted a survey of the underground water supply in this district for the Dominion government addressed the members of Richmond Hill municipal council at the regular monthly meeting held Tuesday evening. Dr. Cayley assured members of council that they need have no alarm concerning future water supply as ample water was obtainable from underground sources. At present Richmond Hill water supply is taken from the stream which flows through the western section of the municipality. A threatened scarcity in recent dry summers induced the members of council to make enquiry into the possibility of supplementing the present supply. Dr. Cayley assured members of council that drilled wells would be reasonably sure to sufficiently supplement the present supply when necessary. A hearty vote of thanks was expressed to Dr. Cayley by members of council for his instructive report and address.

Council decided to proceed as soon as possible with the construction of covered drain on Centre Street east. Councillor Little reported that he had investigated the conditions on this section of roadway and found that the water had been doing considerable damage to the road and had created a dangerous condition which could be corrected by the laying of tile. He estimated the cost of the work at \$170.

Council was advised that Mr. A. Skilleter had given the municipality release after accepting \$50.00 in full settlement of his claim for damages following an accident when he fell on the ice last winter. It was unanimously agreed to follow the custom of previous years and the Reeve was authorized to proclaim Monday, August 2nd, as Civic Holiday for Richmond Hill. Permission was granted to the York County Children's Aid Society to hold a tag day here some time in September. A grant of \$5.00 was voted to the same organization. Members of council refused to accept the suggestion of the County Council that municipal elections be held early in December rather than on the first Monday in January. In an effort to have a uniform election day throughout the County the County Council at the June session passed a resolution recommending the first Monday in December as election day for the municipalities of the County. Members of Richmond Hill council could see no merit in the suggestion and no action was taken which means election day remains unchanged. The Reeve was authorized to sign the necessary warrant for the holding of a tax sale in the municipality of properties in arrears for taxes.

BOWLING NOTES

The local club will hold a Men's Doubles tournament Friday evening when a large number of visiting rinks are expected. There were eight rinks competing in the weekly mixed tournament at the local greens Monday evening. A considerable number of new bowlers have taken up the game and there is a marked increase in interest and enthusiasm in the local club. Skip Morley B. Hall piloted his rink to two decisive victories to win the first prize Monday night. He defeated skip Eden in the first round and in the second proved too good for skip George Walwin. Skip Hall's rink piled up a score of 38 in the two games. The prize winning rink was: James D. McLean, Miss Audrey Stephens, George Fuller, Morley Hall skip.

If you fool people to get money, that is fraud. If you do it to get votes, that is shrewd politics.
