## WAY BACK IN LIBERAL FILES

### FORTY YEARS AGO

From our Issue of July 29th, 1897  
A new band stand on the corner  
of Yonge Street and Lorne Avenue,  
close to the Metropolitan Waiting  
Room, is the latest acquisition to our  
Village. It is octagonal and when  
finished will present a neat appear-  
ance. It was occupied for the first  
time on Saturday evening, and it  
was remarked by many that our mu-  
sicians never played to better advan-  
tage. The band purpose occupying  
the same quarters every Saturday  
evening during the summer months.

A special joint committee of the  
Commissioners of York and Peel  
Counties met at the Court House on  
Monday morning to make definite  
arrangements for a new bridge over  
Mimico Creek. Those present were  
Warden Davidson, Councillors Ches-  
ter, Woodcock, Evans and Engineer  
Macdougall, of York County, and  
Warden Graydon, Councillors Burton,  
Norval and Sir Melville Parker of  
Peel County. Tenders were opened  
and the contract for the superstruc-  
ture was awarded to Mr. J. H. Ham-  
blyn, of Toronto, for \$347,500. Sev-  
eral accounts were passed and other  
routine business transacted before  
the meeting adjourned.

At the last meeting of the Board  
of Education the contract for the  
brick and mason work for the new  
High School was given to Mr. John  
Kelly.

Some of the farmers in Maple sec-  
tion of the country are naturally feel-  
ing blue over the continued rains  
which have flattened corn, barley,  
oats and nearly all kinds of grain,  
level with the ground. Prospects for  
a heavy crop and a good yield were  
never better, but the heavy rain has  
inflicted serious injury.

### THIRTY YEARS AGO

From our Issue of July 25th, 1907  
After a lot of hard work and a good  
deal of money judiciously spent, East  
Centre Street may now be said to be  
in a very satisfactory condition.  
The members of the council are to be  
commended on the great improve-  
ment of the road leading from Yonge  
Street to the C.N.O. station. First  
a strip of land had to be purchased  
on the south side to widen the street,  
then it was all enclosed with wire  
fence. Next it had to be thoroughly  
underdrained. This has been done,  
and the road is nicely graded and  
levelled. The council hope to put  
a coat of gravel on this street be-  
fore the fall work commences, and  
later a sidewalk will be laid for  
pedestrians.

Mr. F. McConaghy is adding to the  
appearance and comforts of his home  
by erecting a veranda on the side  
facing Yonge Street. He is also lay-  
ing a cement walk from the sidewalk  
to the veranda.

At the last meeting of the Board  
of Education the estimates were  
struck for the year as follows:—For  
Public School purposes, \$1,550; for  
High School, \$300. Principle Lamont's  
salary was raised from \$600 to \$650  
a year.

The Board of Education advertised  
for a principal for the High School  
at a salary of \$900, but received no  
applications that they could accept.  
They have again advertised, this time  
for \$1,100. The Board will meet to-  
morrow to consider applications.

Mrs. Charles Duffy, who was on  
a visit at her nephew's, Mr. William  
Carley's, King City, died at that  
place on Sunday last after an at-  
tack of pleurisy. The funeral took  
place on Tuesday afternoon.

### GOING TOO FAR

The craze for collecting junk can be  
carried too far. Over at Wingham,  
the story is told of the little red  
schoolhouse of School Section No. 3,  
Grey Township. The school bell is  
mysteriously missing. It seems the  
bell was there when the janitor closed  
up the building at the end of  
school, but when the trustees came  
to make their tour of inspection the  
bell was gone. Just where it is gone  
nobody seems to know, and the un-  
happy janitor, thinking that perhaps  
some of the school bad boys had re-  
moved the bell, rounded them up.  
However, the lads advanced the argu-  
ment that it would hardly be worth  
their while to remove the bell when  
no school was being held. So, the only  
explanation left is that some junk  
dealer took it, since every piece of  
metal has a value these days.—Shel-  
burne Free Press.

## General News & Views

Summer is slipping past — only  
a few weeks until Exhibition open-  
ing.

Farmers throughout York County  
report a bounteous crop, which  
should spell a lot of prosperity.

Man says a mosquito can fly 14  
hours without settling. Then why  
doesn't it?—Sault Star.

White strawberries that taste like  
bananas were found by Dave Gal-  
braith of Meaford, growing in a  
patch of long grass within the town  
limits. At first he thought the ber-  
ries were unripe, but on close in-  
spection they proved to be quite ma-  
ture.

Some idea of the difficulty that  
the western municipalities are hav-  
ing with their financing, may be  
gained by the fact that the city of  
Winnipeg has acquired one-third of  
its total area, through tax sales for  
non-payment of municipal rates.

The prairie provinces have received  
less rain this year for fall and  
growing season combined than at any  
other time in the past sixty years.  
Calculations, worked out in a per-  
centage of the longtime average,  
show that Saskatchewan has received  
48 percent of normal rainfall.

Under new Department of Educa-  
tion regulations, schools will re-open  
after the summer vacation on Wed-  
nesday, September 1. Two school  
days later there will be another hol-  
iday, the first Monday of the month.  
The opening date is earlier this year  
in view of the fact that the first  
falls on a Wednesday. Had it come  
later in the week the classes would  
have been closed until Tuesday after  
Labor Day.

Loans under the Home Improve-  
ment Plan made a total of slightly  
over six million dollars up to June  
15. Of this, about 14 per cent have  
been on 2404 farm properties. Onta-  
rio farmers borrowed the most,  
\$330,666.41. Alberta was next with  
\$123,000.63, but Saskatchewan took  
advantage of the Plan only to the  
extent of \$25,196.17. Little Prince  
Edward Island had 86 loans for a  
total of \$18,762.85.

Between June 16, 1932, and July  
7, 1937, one Toronto motorist was  
convicted eight times for various in-  
fractions of the traffic laws and was  
mixed up in three accidents involv-  
ing either personal or property dam-  
age. It is no wonder serious acci-  
dents grow more common on our  
highways when drivers of this type  
are permitted to operate. Long term  
cancellation of driving permit after  
two offences is the best cure for  
such law breakers and the safety of  
the public demands that it be ap-  
plied.

The city assessor's department of  
Glasgow, Scotland recently sent a  
document to a lady in which her  
occupation was listed as "French  
polisher." The department, in turn,  
received from the lady her congrat-  
ulations on their describing so aptly  
her occupation, adding however, that  
for official purposes it would prob-  
ably be more convenient if it ap-  
peared as "Lecturer in French at the  
University of Glasgow."

The strangest civic custom of mod-  
ern times is still practiced in Lhasa,  
Tibet. The privilege of being mayor  
of the city for the first 23 days of  
the year is sold by auction. The  
highest bidder takes over the mayoral  
duties, rules the city as he thinks  
fit, and keeps all the money he can  
raise through additional taxation and  
fancy fines.

The late George R. Gray used to  
tell of an Algoma lumberjack who  
applied to St. Peter for entrance. But  
the keeper of the heavenly gate had  
had lumberjacks before, and had ex-  
perienced considerable trouble with  
them. Heaven didn't agree with peo-  
ple who wanted to sit up half the  
night shouting and throwing things  
around. So the request was met with  
a firm refusal. But Pete Lajoie,  
who had had a long foremanship in  
lumber camps to his credit pleaded  
for the man.

"Aw, let him in," he said, "he'll  
jump in a couple of days, anyway."  
—Sault Star.

Plan to attend the Richmond Hill  
Street Dance August 18.

## HIGHWAY TOLL LOWER IF DRIVERS GO SLOW

### New Accident Prevention Slogan Is "Save Money and Save Lives"

Toronto, July 27.—Do you want to  
save money over Civic Holiday week-  
end? Increase your tire mileage?  
Cut down your oil bills? Get more  
miles to the gallon of gas? Such  
questions may seem far removed from  
accident prevention programs, but in  
appealing to automobile operators  
through their pocketbooks, the Indus-  
trial Accident Prevention Associa-  
tion is pointing out, in a special  
report just issued, that when you  
keep your speed down you save  
lives," since lower speeds give great-  
er control of the car and help avoid  
accidents.

At high speeds, oil is consumed  
faster than at reasonable speeds;  
tire wear is greater; gasoline con-  
sumption is much greater; and there  
is a greater wear and tear on the  
car itself when running at unreason-  
ably high speeds.

Excessive speed increases the cost  
of operating a car, whereas the  
thinking motorist who drives at a  
reasonable rate of speed is not only  
reducing his costs but obeying the  
law in his consideration of all who  
are travelling on the streets and  
highways.

"This is something to think about,"  
the report concludes, "drive at a rea-  
sonable speed and save money — and  
save lives."

### GRANDMA WORST OFFENDER

Denouncing the "indecent" dress of  
women and young girls of to-day,  
Rev. John Dodds, pastor of South End  
Baptist Church, Owen Sound, also  
claimed that there was a general  
weakening of morals throughout the  
country and that the sanctity of the  
home, with its family prayer and  
meditation, no longer existed.

He cited a case where the father of  
a family came home at midnight; the  
daughter at 1 a.m., mother an hour  
later, and she was greeted with the  
words from daughter, "Don't lock the  
door yet, Grandma isn't in yet."

## Copper-Bearing FENCING and Tee-Bar Fence Posts

Come in and get your season's  
supply of this famous all-Cana-  
dian fencing. Get your fence  
posts, too. Easy to erect, a Stelco  
Fence gives endless years of  
thorough service. Strong and  
smart, it stands all weathers, the  
greatest dollar for dollar fencing  
value on the market today.
