Richmond Hill School Opening Again Postponed

M. O. H. Urges Parents To Keep Children in Own Yards
Dr. R. L. Langstaff, M.O.H., and members of the Richmond Hill Board of Health conferred this morning at a special session with P. E. Angle, chairman of the Public School Board and decided to postpone until September 13th the opening of all Richmond Hill schools. No new cases of paralysis have been reported this week, three families in the village still being in quarantine, but members of the Health Board are insistent that every precaution be taken to prevent the further spread of the dread disease.

Sunday Schools have been requested to remain closed at least until September 19th. The co-operation of parents in keeping children off the streets was favorably commented on by the members of the Board, and Dr. Langstaff again urged that children be kept by themselves in their own yards as much as is possible. He expressed the belief that this was the best possible precaution parents can take. Children also are warned to keep away from bathing beaches and swimming pools. While the situation in Richmond Hill is not such to cause any undue alarm local health officials are keeping a constant eye on all developments and are prepared to take every necessary step in combating the disease.
