The radial line shows an operating profit of \$528.12 for the first eight months of this year compared with a loss of \$3,591.96 for the same eight months in 1936. SUGGESTIONS TO H. S. STUDENTS PENDING SCHOOL RE-OPENING

The date of re-opening school having been again postponed on account of the prevalence of Infantile Paralysis students of Second and Higher Forms who are anxious not to be delayed a year in their courses are offered suggestions and advice that if followed, should reduce their losses and make their progress more rapid after classes assemble. Review the work of the next previous form carefully and systematically, especially the languages and mathematics, so that time need not be spent in reviewing last year's work after the beginning of school. Provide the necessary text books before opening day so that there may be a full session on that day. A lengthened school day will be arranged and it is hoped that with this additional time available, and an earnest effort by all concerned, the coming school year may yet be as successful as usual.

Richmond Hill Schools Close Another Week

Board of Health Urges No Let Up in Precautionary Measures

At a special session of the Board of Health this morning it was decided to postpone the opening of schools until October 4th. No new cases have developed in the village but developments in the immediate district are such that the M.O.H. and members of the Board deemed it most important that all precautions be strictly maintained for at least another week. The public library is closed to all under 21 years of age. The order closing schools until October 4th also applies to Sunday Schools and playgrounds and co-operation of all citizens is asked in keeping children off the streets and in their own yards. Attendance at public gatherings is to be discouraged as much as possible. The Board of Health wishes it to be understood that the danger period is by no means passed and the strictest precautions on the part of young and old is urged to prevent a spread of the dread epidemic.

KING CITY

The King and Vaughan Branch of the Ontario Plowmen's Association in conjunction with the Department of Agriculture, Newmarket, has arranged two Plowing Demonstrations for the farmers of King & Vaughan Townships. These demonstrations have been arranged as follows:

Monday, Sept. 27th—Chas. Ruth-erford's, Vellere.

Thursday, Sept. 30th — Malcolm Wilkie's, Nobleton.

The demonstrations and practices will commence at 9:30 standard time and continue for the day. The Directors would like the fields full of plows, so bring along your outfit, horses or tractor, and the demonstrator with the co-operation of the Directors, will assist you in getting your plows set and with the practice work. There is no age limit and remember there will be lots of other beginners. This will not be an annual affair and since one can only learn by actually doing the work, it is hoped a good many will take advantage of this opportunity.

The committee in charge of these Demonstrations is as follows: Robt. Watson, Boynton Weldrick, George Brownlee, Norman McMurchy, John Lawson, Thos. McMurchy, W. M. Cockburn.
