VICTORIA SQUARE

Summer seems to have returned to at least bid us a proper farewell. We were beginning to think it had taken "French leave." It is certainly welcome.
 The Woman's Association held their monthly meeting in the Sunday School Wednesday evening last under the direction of Miss Mable Sanderson's group. An interesting paper on "Visiting the shut-ins" was presented by Miss Thelma Hart. Several matters of business were disposed of by Mrs. R. F. Klinck in the absence of Mrs. P. Willows, the president. The next meeting will be in charge of Mrs. Ella Ratcliffe.
 We regret that Mrs. P. Willows has been extremely indisposed through an attack of appendicitis. Mr. and Mrs. L. Stoutenburgh and

the Misses Richardson of Richmond Hill spent the week-end in Ottawa. During Mr. Stoutenburgh's absence from his garage Mr. Milton Heise was in charge.
 Mrs. Martha Story of Bloomington is spending a few days with her brother, Mr. Geo. Dennie.
 The annual Fowl Supper which ordinarily takes place in October has been postponed until Wednesday, November 17th, owing to health conditions in some of the surrounding communities. The special Sunday services will take place on the one preceding the supper, November 14.
 This week has been a week of accidents at the school down the fourth. Miss Joy Mortson suffered a sprained wrist on Tuesday while at play and on Wednesday Isaac Williamson hurt his eye while enjoying a vigorous game of "Pomper."
 Mr. Henry Hill, Miss Thelma Hart and Mr. George Wellman of Nobleton took tea at the home of Miss Alma Attwood on Sunday evening.
 Silo filling is the order of the day now. Just at present the fifth concession are having their turn. Fortunately the weather is all that can be desired.
 All dates take second place with the coming election date, October 6. Here's hoping the best man wins.
 The Young People's Society visited the Wesley society on Tuesday evening and put on the program. After a game in which nearly all joined, a dainty lunch was served. After singing "Blest be the tie that binds," the visiting society left for home feeling that they had spent a profitable and happy evening.
 Mr. and Mrs. Joseph Gordon of New Lowell are spending their vacation at the home of Mrs. F. Nichols. While making Mrs. Nichols' home their headquarters they are calling on other friends of the family, taking tea at Mr. and Mrs. Bert Sanderson's on Tuesday evening.
 Mr. Lorne Mortson of Tyrone spent the week-end at his home here.
 Mrs. Stanley Young and little daughter Shirley are spending a few days at the home of her parents, Mr. and Mrs. Robert Agar.
 The Junior Farmers and Jr. Institute have postponed their meeting until the 2nd Tuesday in October on account of several members of the society taking part in the play "Lena Rivers" which is being given on the Monday and Tuesday nights of that week at Thistleton and Weston. The director, Mrs. Willows, and the members of the cast are to be congratulated on having been asked to give it so often.
 The September W. M. S. meeting was a decided success. Mrs. Helmer of Toronto who is the wife of the late Mr. Helmer, the secretary of the China Inland Mission for several years, brought out a missionary from Vancouver, Miss Martin, who spoke very earnestly and impressively of her work among the unfortunate wo-

HON. HARRY C. NIXON
 Provincial Secretary in the Ontario Government and first lieutenant of Premier Hepburn who will be the speaker at a public meeting in Newmarket Town Hall next Saturday evening, October 2nd along with Morgan Baker, Liberal candidate in North York.

men and girls there. Miss Emma Barker of Richmond Hill sang a beautiful solo. Both speaker and soloist made the meeting a very missionary one. A dainty lunch was served, Mrs. Ida Nichols and Mrs. L. L. Nichols pouring tea.

Letters From The People

DISLIKES SHIELDS TYPE OF CAMPAIGN

Editor, The Liberal,
 Sir:—
 I am not a partisan in any sense of the term, but as a citizen who takes pride in fairness and decency I must express my dislike for one feature at least of the present election campaign. To my mind one of the highlights as far as bitter and vitriolic language is concerned was the recent political sermon delivered by Rev. T. T. Shields of Toronto. His speech if correctly reported in the Toronto press was so full of intemperate language that it was positively disgusting to intelligent electors. It sounded all the worse coming from one who at least sometimes professes to preach the gospel.
 Personally I am an admirer of Mr. Hepburn although I do not agree with everything he has done and I recognize that fair criticism is always in order. Tirades of the Rev. Shields type however have no appeal in a campaign calculated to appeal to decent intelligent voters. Mr. Rowe has many handicaps in this campaign, and one of these is the support of Rev. Shields.
INDEPENDENT VOTER.

SAVINGS PASSED ON

The benefits of Hepburn financing have not only been seen in the debt reduction, and the surplus of \$9,313,938. Premier Hepburn has passed on to the people of the province, and particularly to the municipal ratepayers a large share of the money saved by economies and collected from the wealthy classes. Direct savings to the municipal ratepayers amounted to millions of dollars. Here are some of them:
 The province assumed the entire cost of Mothers' Allowances, saving the municipalities \$2,000,000 a year.
 The province assumed the municipalities' share of old age pensions, a saving of over \$1,000,000 a year.
 Township road subsidies were increased from 40 per cent. to 50 per cent., saving the municipalities \$400,000 a year.
 The 20 per cent. levy formerly made on the counties for provincial highways was abolished, resulting in a saving to the counties to date of over \$2,700,000, and a further \$2,000,000 will be saved by them in the fiscal year of 1937-38.
 In addition, a grant equal to one mill on the dollar was given to every municipal ratepayer in Ontario relieving them to the extent of \$2,933,500.
 In direct tax reductions, Premier Hepburn made the following contributions for the benefit of the mass of the people:
 Saved them \$3,000,000 per year by cancellation of the provincial amusement tax.
 Saved them \$170,000 a year by the abolition of examination fees for students.
 Saved them \$4,800,000 a year by reductions in hydro rates over the entire province.

The ultimate bore is the enthusiastic one who gushes all over the place about something that is tripe to you.
 You can tell which side has control of the air. Just count the other's losses of women and children.
