Liberal Rally in Markham

One of the most enthusiastic meetings held in Markham for many years was held in the Markham Town Hall on Saturday night in the interests of H. J. McConnell, Liberal candidate for the Riding of York East. Mr. Walter Thomson, K.C. of Pickering dealt with the many problems now confronting the farmers in the Riding and made the very definite statement "that until the present impediment (Hon. George S. Henry) was removed, neither the farmer nor the industrial worker in York East could expect intelligent representation."

The candidate, H. J. McConnell was received with loud acclaim, which indicated the splendid impression this young man of action is making on the community. He dealt very fully with the need of legislation for both the farmer and home owners' equities in their properties in case of foreclosure. He strongly urged that the Milk Control Act be amended so that the farmer and consumer would no longer be at the mercy of the large milk distributors. He stressed the need of both the farmer and worker being more closely brought together by a co-operative movement. Mr. McConnell strongly condemned Hon. George S. Henry for his lack of attention in not removing the Eckhardt Bridge—east of Unionville—which has been a death trap for many years. His clear enunciation of Hepburn's Hydro Policy which has saved the farmers in the Riding thousands of dollars was received with enthusiasm.

Bill Champion introduced the candidate and W. S. Cameron also spoke. The meeting was presided over by Max Reesor.

NEWS OMITTED

We regret that owing to an increased demand for advertising space many interesting news items were crowded out this week. As many as possible of these items will be included in the paper next week.

REEVE RENNIE IN THE MOVIES

Reeve James Rennie of Markham Township was called to Toronto one day recently to witness a private showing of the screen picture "Beyond the Sunset," in which the reeve himself played a part. The picture was screened near Toronto 6 months ago, and was for use by the Canadian Wheat Board in England.

For several months sixteen copies of the picture have been in almost constant use in the Old Country. It is only at this date that there is a copy of the picture available for private showing, and the promoters, the well known advertising firm of Cockfield, Brown & Co. arranged to screen it two weeks ago at the Royal York Hotel, when Mr. Rennie was present to see himself in action.

200 PHEASANTS ARE RELEASED

Markham Township bids fair to become an ideal game sanctuary before long. Last week the government (Dept. of Games and Fisheries) released in the municipality some 200 pheasants which when unmolested will add to their numbers over a year or two in an amazing manner.

Simultaneous with the releasing of these birds 500 signs arrived to be posted throughout the municipality apprising the hunter that the township is a game preserve, and carrying of fire-arms or hunting within its borders is forbidden. The township has had additional signs made on their own order of a larger design and these will also be placed in conspicuous places, so that there will be no excuse for anyone to plead ignorance of the law.

Some fifty game wardens have been named for the municipality, whose business it will be to see that the township is protected from hunters. With so many wardens charged with this duty, it is hard to see how anyone will successfully fire a gun in the municipality without one of them hearing it.

TO THE ELECTORS OF NORTH YORK:—

Dear Friends—

It has been my responsibility and privilege to represent you in the Ontario Legislature for the past term and I am again a candidate seeking your endorsement next Wednesday, October 6th.

The three years of the Hepburn administration have been eventful years, and those charged with the responsibility of government have been faced with many momentous and critical problems. We have endeavoured to deal with these problems in a sane businesslike manner, and I am sure you agree with me that we rejoice to-day because our province has come safely through those troublous and anxious times. We view too with satisfaction our improved financial position, the very substantial reduction in unemployment and the very welcome lessening of the tax burden.

I am grateful to you for the privilege of being a supporter of the Hepburn Government which has so successfully overcome the huge obstacles bequeathed it by the Henry government, its predecessor in office. I am proud to appeal to you as a supporter of the Hepburn government which has met courageously and fearlessly every challenge hurled at it by the ever increasing problems of the times in which we live.

The steadily increasing burden of debt inflicted on you by the previous governments has been stopped. We have definitely established the pay-as-you-go policy in Ontario and as a province we are paying our way. We balanced our budget and had a surplus of \$9,000,000.00 which has been passed on to the people in reduced taxation. In addition to all this we have reduced the provincial debt by \$33,000,000.00.

Our great Hydro enterprise has been saved for the people of Ontario and thousands of citizens who never before enjoyed the benefits of electrical power have been enabled to become Hydro users. Huge savings amounting to \$4,797,761.00 have been enjoyed by the people of Ontario due to reductions in Hydro rates, the direct result of the Hydro policy of the present government.

A great deal has been accomplished for the benefit of the people during the past term, but I am convinced that the Hepburn government has not reached the pinnacle of its achievement, rather is it in its early stages, and I am satisfied that by continuing to follow sound policies and give honest government we shall carry the people of this province on to the great destiny that is their rightful heritage. I ask you for the opportunity to carry on the good work on behalf of the people of Ontario.

I am deeply grateful to you for the confidence which you have shown in me in the past, and I assure you that it will be my sincere aim to merit a continuance of the confidence of the electors of the historic riding of North York.

Sincerely yours,

Morgan Baker

Liberal Candidate for North York.
