

TELEPHONE TALKS IN THE WATSON FAMILY

"This is just like being home!"

Bill Watson occasionally gets fed up on that out-of-town job. Work is oppressive. His pals are dull. Meals are tasteless. The outlook, generally, is bilious. Good, old-fashioned homesickness, that's what it really is — and Bill has a sovereign remedy, once he has diagnosed the case: a long distance call home. And it costs so little, too, that he has decided to forestall attacks by a regular schedule of weekly calls.

Bill's ideas are right in line with the rest of the family. The Watsons have come to appreciate fully the comforts, conveniences and low cost of Long Distance. Do You realize how little it costs to telephone?

INDIAN STATES WINTER WILL BE VERY COLD

Dan Whetung, Chief of the Curve Lake Reserve, Predicts Severe Snowstorms

Citizens can buy their heavy overcoats, overshoes and ear muffs right now without fear of making a mistake, for the district is due for a cold winter with lots of snow. So says Dan Whetung, chief of the Mississauga Indians of the Curve Lake reserve, who made his annual long-range weather forecast after due consideration of the many factors concerned.

"We may get our first snow within the next ten days, but the real winter will not begin until December 1," the veteran chief announced. "These fellows who like skiing can go ahead and plan a big meet this year, for they will be sure of lots of snow."

And members of the Peterboro Ski Club may be inclined to give that prediction some credence this year, for they learned a healthy respect for Chief Whetung's predictions last year. Despite the fact there was plenty of snow at the time last year, the Chief told members of the club they might as well abandon plans for their big carnival in January as they wouldn't find any snow when the date for the carnival rolled around. Many laughed at that prediction, but, sure enough, hardly a flake of snow was to be found on the countryside and the carnival had to be cancelled.

Chief Whetung says he bases his weather predictions on various observations of nature. He says the birds migrated from the district early this year, and that the maples and cedars have borne unusually heavy seed. Wild animals are equipped with thicker coats of fur than usual this Fall, he states.

But there is some more urgent factor in Chief Whetung's ability to foretell weather—something he doesn't understand himself, he says. He relates that he knows the weather far in advance subconsciously. When he was a little lad, his mother always knew when to expect an extra cold day, for he would bring in an extra armful of stove wood the night before, he claims.

WOODBIDGE

SOUTH—KERSEY

St. John's Church, Castlemore, was the setting for the marriage of Margaret, daughter of Mr. and Mrs. Thomas Kersey, Nashville, to Reginald South of Oakville, on Saturday, October 9th, with Rev. J. H. Kidd as the officiating clergyman. The bride's sister, Miss Mary Kersey, was bridesmaid, and Mr. H. Lyons acted as groomsmen. The happy couple left on a motor trip through Eastern Canada and on their return will reside at Oakville.

Mr. Nelson Hilton of Guelph who spent his early life in Woodbridge visited his old home town on Saturday last and renewed school days acquaintances.

Dr. D. A. Carmichael, Mrs. Carmichael and daughter Jean of Ottawa spent Thanksgiving with Mrs. Carmichael's sister Miss Minnie Ellis, Clarence Street. Dr. Carmichael will be remembered by Old Boys and Girls who attended school during the early years of the present century when Dr. Carmichael was their principal. The Doctor is in charge of the Royal Canadian Sanitarium at Ottawa and left on Monday following a brief visit to the fair to assume his duties at the capital city.

Woodbridge folk welcome the news that Henry Hilliard, butcher of Kleinburg, will start business in the store on Pine Street recently vacated by Lorne Ostrander.

The many friends of Mr. Gid. Burton throughout the Township will be sorry to learn that he is a patient in Peel Memorial Hospital, Brampton.

There is nothing now of the original house on Pine Street purchased by Mr. Tom Wise some years ago for during his ownership he has from time to time done remodelling until now he has raised the roof several feet which has brought it up to date and with the improvement made to the grounds and surroundings his home is one of the attractive spots of Woodbridge.

Pride will find a way. If we can't make our children wonderful, at least we can shape our ancestors to suit us.

YOUR NAME IN MONDAY'S PAPERS!

Will your name appear in Monday's newspapers? If it does, will you be writhing with pain in the emergency ward of a hospital, will your mangled remains be resting in a funeral parlor—or will you be held by the Police on a charge of manslaughter?

If you are a motorist and value life and property, help to stop this slaughter of innocent people. The death toll from car accidents in Ontario must go down!

We are justly proud of the Police of this Province—but they cannot be everywhere. Most accidents occur when a policeman is not around. Traffic violators know better than to speed, cut in or crowd other cars with a policeman in sight.

Ontario Motorists will Co-operate

When you see a motorist driving in a manner dangerous to the public, take his number, make a careful note of the actual time and place and when you reach your destination write to the Motor Vehicles Branch, Department of Highways, Toronto, giving full details. We do not invite reports of minor infringements of the traffic laws; you are requested to use sound judgment. We will deal adequately with offenders.
