## BUY WEST'S HORSES TO MEET SCARCITY

Reports Prairie Provinces Shipped 42,000 East During Year

Horses are once more in demand. According to horse dealers of Toronto there has not been such a scarcity of horses in Ontario for 20 years.

To prove this, dealers point to the influx of horses into the province last year. According to W. H. Gibson of Indian Head, Sask., farmers of the prairie provinces shipped 42,000 horses to this part of the country.

Shipments during January this year were so large it looks as if 1938 is going to be the greatest "horse" year this province has seen for a long time, Mr. Gibson stated. He was in Toronto a few days ago.

The demand from Ontario for work horses has not been such a "almost manna from heaven" for western farmers, Mr. Gibson enthused. "Most of the farmers out west were doing a lot of worrying about drought conditions and ruined crops," he explained. "Now they are going into the horse business. If the demand continues, a lot of wheat farmers are going to turn their land into hay fields."

Every week shipments of horses are arriving in Toronto by railway from the western provinces. Other shipments go on to Montreal, where they are quickly snapped up by United States purchasers, according to W. L. Stephens of the Clydesdale Horse Association of Canada.

Most of the horses coming to Toronto barely have "time to catch their breath" after leaving the train before they are on their way to dozens of small towns in the province.

Group play-offs will most likely commence on Tuesday evening with East York playing Richmond Hill in the local arena.

## SPORTING NOTES

### Richmond Hill Defeat Scarborough

In one of the best games ever witnessed in the local arena Richmond Hill defeated Scarborough 8-5 in a sudden death game for 4th place. Richmond Hill will now meet East York and the winner will meet the winner of the Aurora-Stouffville games.

With the game only 5 seconds old Cummings was penalized for boarding a Scarborough player. While he was off Scarborough scored twice. Grosskurth missed two nice scoring chances by the narrowest of margins. Murray was penalized for charging a Scarborough player. Grosskurth scored on a pass from Cummings.

Scarboro made it 3-1 when Carr missed a rebound from behind the net. Grosskurth made the score 3-2 on a pass from Cummings, the puck going in off the goalkeeper's leg. The period ended with score Scarborough 3, Richmond Hill 2.

The second period was wide open with both teams bombarding the goalkeepers with a shower of pucks. Boake tied the score on a pass from Cummings. Scarborough made it 4-3. Then Cummings, who was easily the best man on the ice, scored two quick goals putting Richmond Hill one up.

In the third period Scarborough kept every man up and Frank Carr had to play one of his best games to keep them from scoring. He did everything but swallow the puck to keep it out of his net. Michinick scored for Richmond Hill shooting the puck from behind the Scarborough goal. It hit one of the Scarborough players on the leg and went in the net. This made Scarborough play all the harder. While they were all forcing the play around the Hill net Laurie Jones got the puck and was away like a flash of lightning. He skated in on the Scarborough goalkeeper with 3 Scarborough men chasing him and scored making the score 7-4. Then Scarborough were able to beat Carr after many attempts, to make the score 7-5. There were still 5 minutes to play and those 5 minutes seemed like 5 hours to the Hill supporters. The Hill team kept forcing the play and were rewarded when Red Murray scored making the score 8-5. The period ended and Richmond Hill now meet East York.

I am not going to pick any all-stars as Richmond Hill team all deserve great credit on making a great comeback when Scarborough looked as if they were going to make a run away game of it. Cummings was the main cog in the Hill attack with 2 goals and three assists.

A lot of credit must be given to Manager Carr and Coach Tim Saul for the work they have done in providing Richmond Hill with a great junior team and the best way to show your appreciation is to come out to the games. These boys should be playing before a \$50.00 gate instead of an \$18.00 one.

A special invitation is extended to everyone in the district to come out and see the East York games. It only costs a quarter and where could you spend a quarter to a better advantage. The Hockey Club wants 500 spectators at the next game. They are doing their part to advertise Richmond Hill. You do yours.

## TUBERCULOSIS TEST FOR ALL ADVOCATED

Doctor Suggests County Have Every Resident Given X-Ray

Dr. H. M. Cooke, York county inspector of hospitalization, urged universal tests by x-ray for York county citizens to detect tuberculosis. His remarks came when county council discussed the 1937 hospitalization report.

"We have universal tests for cattle and I maintain we should have the same for human beings," declared the doctor. "Some patients in sanatoriums are just in the incipient stages and should never have been taken to the institutions. If the disease is caught at the beginning the patient just needs to go to bed and stay there with plenty of good milk and food."

He declared 90 per cent of sanatorium patients could be nursed at home.

"Even if we had to subsidize some indigent patients at their homes, we would be ahead in the long run, because we would escape sanatorium costs," he asserted.

Reeve B. J. Wheeler of Scarborough told council all high school pupils in his municipality had been x-rayed. The cost had been less than \$600, he said.
