ADVOCATES COMPULSORY VOTING

Soon after taking his seat in the Red Chamber the newly appointed Liberal Senator, Norman Lambert advocated compulsory voting in Canada. There are many reasons why a compulsory voting law should be enacted without further delay and should Senator Lambert prevail upon the government to do this, his appointment to the Senate will be more than justified. With charges of widespread electoral corruption being made after every election, there is nothing that would do more to eliminate election corruption than making it compulsory for people to vote and of course enforcing the present law which states that voters should find their own transportation to the polls. If this were done the necessary election expenses of any candidate would be reduced very considerably. Also it would result in an expression of 95 per cent of the eligible voters. As it is now it is doubtful if more than 65 per cent of eligible voters go to the polls in either political or municipal elec-

TEMPERANCEVILLE

A very successful meeting of St. John's A.Y.P.A. was held in the Parish Hall last Monday evening. There was a good attendance. The president, Mr. M. B. Beynon, presided during the worship service and business, then the program convener, Mrs. N. Thompson, took charge and the following program was given: a vocal duet by Irene Dibb and Helen Whitten accompanied by Mrs. Thos. Dibb; "The Story of St. Valentine" was read by June Wood; song by the senior girls; the A.Y.P.A. paper was read by the convener, the main topic being "The Unruly Member." "You may keep your feet from slipping, And your hands from evil deeds, But to guard your tongue from tripping"

What unceasing care it needs! Be you old, or be you young, O, beware! Take good care Of that tittle-tattle, tell-tale tongue."

A mock wedding was presented which created lots of merriment, those taking part being: minister, James Kerswill; bride, Maurice Beynon; groom, Laurine Dibb; bridesmaid, Ruth Kerswill; flower girl, Irene Dibb; best man, Mrs. Ernest Dibb; bride's father, Mr. Ernest Dibb. The wedding march was played by Mrs. Thos. Dibb, and during the signing of the register Gertrude Henshaw sang very sweetly, "It's a sin to tell a lie."

Mr. and Mrs. Harold Palin and daughter visited Mr. and Mrs. Henshaw on Sunday.

Miss Jennie Kerswill of Toronto spent the week-end with her parents, Mr. and Mrs. Giles Kerswill.

SPORTING NOTES

East York Wins First Game

East York took the first play-off game by a score of 5-3. How any team could miss so many chances as the Richmond Hill team did is a miracle and a good break for East York. The puck would not lay down. It just rolled and passed the open net time and time again. With any kind of a break at all Richmond Hill should have had 10 goals.

Both goal keepers played sensational hockey. Jim Cummings scored two goals and had 1 assist and Gus MacDonald scored 1 for Richmond Hill.

Logan scored 2 for East York, Marchem 1, Muellerl and Brown 1.

Line up: Richmond Hill: Carr, Banting, White, Cummings, Grosskurth, Murray, L. Jones, Michaniuck, Boake, McNamara, McDonald, Aicheison.

East York: Pardington, Wardlow, Francis, Durno, Smith, Mueller, Akry, Logan, Brown, Forsythe, Marchem.

Referee: D. A. Houston. East York Win Play-off

After defeating Richmond Hill 5-3 Monday night East York came right back and defeated them again Tuesday night 9-5.

The game was played before the biggest hockey crowd seen in the local arena for some time.

The game opened fast with Cummings opening the scoring for Richmond Hill on Murray's assist. Then the fun started. The Richmond Hill defence went to pieces and Forsythe scored three times for East York and Francis scored one to make the score 4-1 for East York and 6-1 on the round.

The second period started with East York starting where they left off. Brown scored twice making it 8-1 on the round then Richmond Hill got organized and forced the play for the rest of the period. Michinuk scored for Richmond Hill. East York were awarded a penalty shot when Boake was penalized but were unable to score. There was a small fight started in this period. Boake added another one for Richmond Hill.

The third period was only under way a short time when Akry scored for East York and Forsythe who was easily the best forward on the ice scored his fourth goal for East York. Richmond Hill had most of the play in this period. Michinuk and Boake scored for Richmond Hill making it 8-5 and Akry scored his second goal of the period making the score 9-5 for East York. The period ended with Richmond Hill finishing up in a blaze of speed trying to score goals but being unable to beat Pardington in the East York goal.

So passes into history one of the best Junior teams that Richmond Hill has ever had, beaten after a great fight by a good team and a goal keeper that was extraordinary both in good playing and with a great deal of luck.

Frank Carr in the Hill nets played a swell game but was unable to keep out the rebounds that the defence should have taken care of. All the rest of the team played hard but were unable to keep up with the fast East York forwards.

HOSPITAL COSTS LOWER BUT INCREASE PREDICTED

Inspector Believes Added Outlay to Come From Paralysis

STILL ON FRAMES

Hospitalization costs in York county in 1937 were \$9,381 lower than in 1936. This was revealed when Dr. H. M. Cooke, inspector of hospitalization, presented a report to council.

In 1936, hospitalization cost York county municipalities \$250,055 compared to \$240,674 in 1937, the report stated.

Dr. Cooke predicted that hospitalization costs would rise in 1937 because of the recent infantile paralysis epidemic.

"At the present time we have two of these cases on frames in a convalescent hospital and expect more to be admitted," he asserted. "These cases will be in hospital for some time. There are also a number of patients who have been in hospital ever since the epidemic and others will be admitted from time to time for further treatment."

Of the 26 York county municipalities, 12 showed decreased costs in 1937. Largest decrease was in York township where costs were \$91,870 in 1936 and only \$76,769 in 1937. Largest increase was in East York which spent \$41,519 in 1936 and \$47,281 in 1937.

Despite the infantile paralysis epidemic, the number of indigent patients admitted to hospital declined in the past three years, the report showed. In 1937, there were 4,209 compared to 5,593 in 1936 and 6,284 in 1935.
