

Lacrosse Enthusiasts Plan For Season

Woodbridge lacrosse enthusiasts discussed the formation of a local team and its entry in a suitable league when they met in G. W. Bagg's parlours on Monday evening. The meeting was well attended with much enthusiasm being evident. It is proposed that the team's home games be played on Robinson's factory rink and the promoters are exploring team possibilities before deciding whether to enter a district league or affiliate with the O.A.L.A. Woodbridge was formerly very active in lacrosse and many at the meeting were of the opinion that the town could again be a recognized hot-bed of the sport. John McKenzie was elected Secretary-Treasurer.

Examinations over Before July Begins

Dates Fixed So That All Will Be Over by End of June

There will be no hot weather trials for students taking departmental examinations unless the heat arrives in June. The examinations for middle and upper school begin on Tuesday, June 14th, and end on Wednesday, June 29th.

Entrance examinations start June 23rd and end June 29th. A few years ago the examinations were carried on until July 11th and into the extreme heat period, but now the policy is not to hold any in July.

Extra effort is to be made this summer to keep the students who are not writing on departmental examinations busy at work until the end of term.

Note and Comment

Princess Louise, Duchess of Argyll celebrated her 91st birthday on Mar. 18th. She is a sister of the late King Edward 7th and a daughter of the late Queen Victoria. Her husband when "Marquis of Lorne" was governor-general of Canada from 1878 to 1883. Her brother, the Duke of Connaught, who will be 88 on May 1st, was governor-general of Canada from 1911 to 1916.

Lord Beaverbrook (the former Max Aitken of Maple) predicts that there will be no great European War before 1940. His position in British public life should make him as good a prophet as anyone. Of course no man living knows what might happen in the space of a few months with conditions as they are in the world to-day.

In a sermon broadcasted from St. Michael's Cathedral, Toronto on Sunday, Rev. Fr. Cotter, a visiting priest from Brooklyn, N.Y., stated that Christianity has not failed the world but that the world has failed Christianity. If a patient refuses to take medicine, prescribed, it is no fault of either the medicine or the physician if the condition of the patient does not improve but rather grows worse.

The salary of the prime minister of England is fifty thousand dollars per year. The salary of the Lord High Chancellor is also fifty thousand, made up as follows: Thirty thousand as first member of the judicial committee of the Privy Council and twenty thousand as the Speaker of the House of Lords. Nice salaries you may think. But then think that Amos and Andy are said to receive one hundred and ninety-five thousand dollars a year each and Mae West a salary far in excess of even these.

Social and Personal

Rev. W. E. and Mrs. Baker and Mr. Lennox Baker were visitors at the United Church Manse this week.

SCOTCH CONCERT ENJOYED AT MAPLE

A large crowd attended the concert and dance put on by the Balmoral Pipe Band of Richmond Hill on Friday evening in the Community Hall, Maple. This is the second of a series of concerts being put on by this band in an effort to raise funds to provide uniforms.

The concert throughout was of a high class nature and the hearty encores to each number showed the appreciation of the large audience. The dance which followed the concert was greatly enjoyed by old and young to music by the Richmond Hill Hill Billies orchestra with Jim Closs of Aurora as caller-off. The Band goes to Manchester on March 25 for another concert, followed by one at Newmarket, once again at Richmond Hill and one at Stouffville.

SAINT OF THORNHILL 'TOLY ANN' LAUDED

Berkeley United Hears Ann Preston's History

A large congregation attended Berkeley Street United Church Sunday night to hear Miss Belle Thompson give a sketch of the life of the late Ann Preston, who became known as "Holy Ann" and was later recognized as a saint.

"Holy Ann," the speaker said, was born in Ireland and entered service as a domestic in the home of Dr. and Mrs. Reid in Ireland. She came to Canada with the Reid family and settled at Thornhill. Later she moved to Toronto and attended Berkeley Street Church. She died on June 21, 1906, at the age of 96, and Judge Emerson Coatsworth, now a member of Berkeley Church, was a pall-bearer at her funeral.

One of the outstanding events of her life recalled by the speaker was an incident that occurred at Thornhill many years ago. All wells had gone dry and she was prevailed on to pray. Her prayer for water was immediately answered.

Empire Exhibition to Make 1938 Scotland's Year

As last year was England's, with Coronation, and France's, with the Paris Exposition, so 1938 will be all Scotland's and mostly Glasgow's, with the great Empire Exhibition which King George will open in the Scottish metropolis on May 3.
Weekly throughout the summer Canadian Pacific liners will land visitors by the hundred at the famed Tail of the Bank, almost within sight of the exhibition grounds in Bellahouston Park. Not only will they see the exhibition, but in the majority of cases these visitors attracted to Scotland by the big show will go on from there to see much of the rest of Scotland. Appropriately enough this year has been chosen by the Canadian Scot's Re-Union

for one of their periodical tours to the homeland. They will sail in a large party in the Duchess of Richmond from Montreal on July 8.
In the natural beauty of Bellahouston Park, visitors will find the greatest show of Empire engineering and industry ever gathered into one place. Modernistic pavilions will house the exhibits of every Dominion and there will be palaces of engineering, the arts, industry, to mention but a few. Tree-top restaurants, built on stilts, a 300 foot observation tower atop the central hill, spacious walks and gardens and amusements galore will provide relaxation for the visitors. Color will be a striking feature. Pavilions will be colored, there will be

green ones, blues, reds and yellows. The open-air restaurants and avenues will be gay with brilliantly colored sunshades and awnings and at night the whole scene will be flood-lit—a fairy-like scene on the banks of the Clyde.
The handsome pavilion seen in an artist's drawing at the top left is the Canadian Pavilion at the Empire Exhibition as it will appear when completed. Lower right is a view of Loch Lomond, one of the scenic beauty spots that most visitors to Scotland make a point of seeing during their visit. At the left is a view of some of the cottages of the Highland clachan at the Exhibition and at the top are artists' conceptions of two pavilions, the West African Colonies at the left and the Palace of Engineering at the right.
