

WEEKLY NEWS NOTES FROM THE UNIONVILLE DISTRICT

Early morning showers followed by brilliant sunshine made way for a perfect Easter Day when Unionville Board Walk parade found its destination at the various church services held throughout the village. Bethesda Lutheran, St. Phillip's Anglican and Central United all report record congregational attendance. The churches, resplendent in appropriate Easter floral decorations, made appropriate settings for the fine inspirational services, the scriptural messages by the ministers, along with the pleasing Easter music which reflected great credit on the choirs made this Easter Sunday indeed a memorable event. The resident ministers were in charge.

Two special events are included on next week's social calendar. The annual Euchre held by the local Conservative Association is scheduled for Monday evening, April 25th in the Township Hall. Mr. McGregor and G. S. Henry will be in attendance. A special invitation is given to attend. Then, a rare musical treat is in store for everybody, when, under the auspices of Central United Church choir a varied program will be presented by outside talent. A fifty-piece orchestra, good choir, along with a highly recommended elocutionist will give plenty of good entertainment. An invitation to attend this splendid event is extended. The date is Saturday, April 30th in the Central United Church commencing at 8 p.m.

Congratulations are presented to Mr. Perkins, principal of Hagerman school, for enthusiastic efforts made to continue the interest in bird house building. The beginning was made when Hagerman scholars won the Martin house presented by the Unionville Horticultural Society, in a bird house contest that included the schools in the district. This year Hagerman school had a contest all its own. Thirty bird houses were entered and our naturalist, Edwin Dixon, was the honored judge. Mr. Dixon reports the workmanship excellent and was impressed with the special interest shown by both teacher and pupils. Hagerman school gardens have also become noted, the school grounds holding high place for beauty amongst the schools in the district. The bird house contest is a splendid idea, giving the pupils special interest in study of bird life in the home district. Why not have a Markham Township contest?

The Unionville public school scholars had a special treat this week when Mr. Edwin Dixon conducted a nature study trek to the neighboring woods. About fifty children were in the line-up, and many interesting things were noted by the way. Mr. Dixon is a noted authority in this interesting subject, and has collected many interesting photographs including especially fine ones on bird life.

Approximately eighty ladies representing the W.M.S. Auxiliaries of Markham, Wexford and other home societies were in attendance at the annual Easter Thankoffering meeting of the local W.M.S. Auxiliary of Central United Church. Miss G. Staples of the Girls' Home at Port Simpson, B.C., was guest speaker and gave many illuminating thoughts concerning the work of the home, of the Mission Boat along the coast, and also exhibited samples of the Indian work done by the girls in the home. The president, Mrs. W. Young, was in charge of the meeting. Mrs. E. Bewell of the local society gave a splendid Bible message on "The Open Doors of the Bible", Christ, Himself being the living door. After prayer by Mrs. M.

Crosby a duet entitled "Under His Wings" was given by the Misses Empringham of Wexford, which along with a very effective solo "On the Cross" sung pleasingly by Mrs. A. K. Harrington, was very much appreciated. Other Easter music included a splendid selection given by the ladies' quartette from Markham entitled "Christ is Risen."

Refreshments were served the ladies by the local auxiliary, small tables, attractively decorated, being set in the Sunday School room. The ladies were delightfully entertained following the refreshments by Mrs. Smith, veteran reciter of Markham. A substantial offering in aid of missions was received.

Miss Freda Wilkinson of Toronto visited Mrs. W. J. Russell over the week-end. Mrs. J. A. Gibson spent the week-end with Miss Mary Gibson of Toronto.

SCHOOL HOLIDAY EXTENDED WEEK

Dr. Duncan McArthur, Ontario deputy minister of education, gave school children cheering news recently when he announced they would have nearly an extra week of summer holidays this year. Dr. McArthur said children would return to school on September 6, the day after Labor Day, instead of the usual September 1. The deputy minister explained the lengthened holidays as a move to make it possible for teachers taking summer courses to have a full month's holiday before returning to school. "For several years" to come, summer courses will have to be provided for the retaining of teachers that they may be prepared adequately to teach the new courses of studies," said Dr. McArthur. "It is only fair and proper that these teachers who are engaged in taking summer courses should be assured of a reasonable holiday, and I am certain they should have at least four weeks."

Men of the congregation of St. Mary's Anglican Church have been busy painting and varnishing parts of the interior of the church, and are now turning their attention to the basement. The lights of the main body of the church have been lowered about three feet to give better lighting. Record congregations filled the church at all services on Easter Day.

The Primary Department of the Presbyterian Sunday School was entertained by Miss M. Cunningham last Saturday afternoon, April 16th. The little tots enjoyed both outdoor and indoor games and then sat down to a table decorated with a plentiful supply of bunnies, chicks and Easter eggs. After doing justice to the refreshments the young folk went home with a balloon and other souvenirs of a happy afternoon.

IN MEMORIAM

NICHOLS—In loving memory of a dear husband and father, W. F. Nichols, who passed away April 22, 1936 and our dear Anson who departed this life Oct. 7, 1932.

The years may wipe out many things, But this they'll wipe out never, The memory of those happy days When we were all together. What would we give your hands to clasp,

Your smiling faces to see, To hear your voices once more on earth, How happy we would be. We miss you at a thousand turns Along life's weary way; For life to us is not the same Since you were called away.

—Lovingly remembered by wife and family.

Science has not been able to explain satisfactorily just why some lightning flashes show up black when photographed. The only explanation, so far, is that the wave-length of the light causes the unusual chemical reaction.

ONTARIO CHIROPRACTORS EXPLAIN THEIR POSITION

J. A. Henderson, D.C., of Hamilton, Ontario, a member of the Board of Regents, has released the following statement to the press of the Province:

Relative to the Chiropractic bill as defeated recently I wish to say that on behalf of the chiropractors in Ontario, the wrong impression has been given the public in the defeat of this bill. We were not asking the committee to make us "doctors"; we are doctors of chiropractic and this degree cannot be taken from us by any committee of the legislation. The Ontario Government through the Drugless Practitioners' Act demands that we have the title "doctor" before we can obtain a license then when we get this license, the medical act says we cannot use the title doctor. This was the only point in question relative to the bill. Our side of the case was presented in a clear cut dignified manner, but Dr. Bruce was used by the medical profession in a manner of attack on the provisions of the Drugless Practitioners' Act, and not facts relative to the bill before the committee. Our protest is not against Dr. Bruce but against the Honourable David A. Croll, who did not give the sponsors of the bill an opportunity to reply to the unfair address of the distinguished doctor and thereby allowed irrelevant matter by a man whose presence, not his argument, unfairly prejudiced an honest position. I believe I express the sentiments of every chiropractor when I say that our body of men are too honourable and have too much respect for themselves and their science to have taken any part in the disturbance which was reported in the daily papers.

J. R. Harrison, D.C., Aurora.

A Message to the Sick
WE CAN HELP YOU MOST WHEN YOU COME TO US EARLY
Drugless methods of treating diseases are safe.
Drugless methods of treating disease are relatively inexpensive.
Drugless methods of treating disease have proved their efficiency in countless cases after other methods have failed, yes, even after operations have failed to restore health.
Is it not logical to try them first before risking an operation or before waiting till your case becomes chronic?
If we can and do help, chronic cases such as goitre, womb troubles, lumbago, sciatica, deafness, loss of smell, squint eyes, bed-wetting, etc., why cannot we help such troubles as colds, grippe, nervousness, stomach disorders and constipation.
The answer is: we can and do. You do not have to take our word for it since we can give you the names of people who have been helped in these cases who are willing to testify to the facts.
So don't forget. We can help you most if you come to us first and it will cost you less.
You are invited to call and discuss your health problems.

L. W. Wellman with his record pullet

That is the excellent record of the Barred Rocks owned by Mr. L. W. Wellman, R.R. 2, Gormley, who writes:—"During the past seven years my chicks have been started on **STARTWELL CHICK MASH** and when ready to go out on range I gradually change over to **GROWELL GROWING MASH**. At about five months the pullets are starting to lay so they are then given **LAYWELL EGG MASH** which has consistently given me outstanding results."
