MUNICIPALITY OF THE TOWNSHIP OF MARKHAM

Treasurer's Sale of Lands in Ar-
rears of Taxes

By virtue of a warrant issued by the Reeve of Markham Township, dated the 20th day of August, 1938, commanding me to levy upon the lands mentioned in the following list for arrears of taxes thereon and costs as herein set forth, all such patented lands, I hereby give notice that the list of lands liable to be sold for taxes has been prepared and is being published in the Ontario Gazette, and that unless the said arrears of taxes and costs are sooner paid, I shall on the 7th day of December, 1938, proceed to sell the said lands to discharge the said arrears of taxes and charges thereon. The sale will be held on the above date at the hour of ten o'clock in the forenoon at the Township Hall, Unionville, Ontario.
Copies of the said list may be had at my office.
Dated at Unionville, August 20th, 1938.

CHARLES HOOVER, Treasurer,
Unionville, Ontario.

WAY BACK IN LIBERAL FILES

FORTY YEARS AGO

From our Issue of Nov. 24th, 1898
The Railway Committee of the County Council consisting of J. D. Evars, chairman; Warden High, W. H. Pugsley, L. T. Hartman, R. J. Gibson, W. H. Johnston, T. J. Woodcock and J. T. Stokes, went to Aurora on Monday, the object being to locate the Metropolitan Railway track through that town. The mayor and other members of the Aurora Council were present as well as Mr. C. D. Warren, President of the Railway Company; Mr. J. W. Moyes, manager; and Mr. J. McDougall, county engineer. After the matter had been discussed from all sides it was decided to strike the centre of Yonge Street at the south where the water mains commence, and continue in the centre of the road as far northward as the water mains are laid, some three-quarters of a mile, then turn again to the east side of the street. The mayor and other members of the council expressed themselves as satisfied with the arrangement.

From The Ottawa Letter

Few innovations have been more quickly taken hold of by the general public than the new postal notes that were placed in circulation some three months ago. It always takes a little time for any new system or mode of procedure to be understood and appreciated, and in proportion to the need that exists does the appreciation develop. August was the first month in which the notes were issued; in that month 2,773 were purchased; in September the total rose to 11,959 and in October no less than 15,146 were issued. In the cities and other centres of population and business the traffic in the notes is already assuming considerable proportions and as the community generally becomes better acquainted with its advantages it will prove just as popular here as in the old country.

The Woman's Missionary Society presented an interesting programme at their annual At Home on Tuesday evening, but unfortunately the weather was against them. The principal speaker of the evening was Mrs. J. Russell Clarke of Toronto, who gave a carefully worded address replete with information bearing on that part of missionary work known as medical missions. After a literary and musical program had been concluded refreshments were served and a social time spent by all present.

THIRTY YEARS AGO

From our Issue of Nov. 19th, 1908
Another celestial has come to town. Tom Lee is fitting up as a Chinese Laundry the office and adjoining building between the Dominion House and Trench's Carriage Works.
Mrs. Calhoun of West Toronto addressed the Junior Epworth League Monday afternoon, and the Senior League in the evening. There was a large attendance at each of the services. The topic on each occasion was Temperance. Mr. J. H. Sanderson was chairman at the evening meeting. The speaker was tendered a vote of thanks both afternoon and evening.

The Temperance Hall was well filled Sunday afternoon when an address was delivered by Mr. J. M. Walton of Aurora. The object of the speaker was to show that local option in places where it had been tried was generally satisfactory. The chair was filled by Mr. Crosby and Miss Ethel Switzer contributed a solo appropriate to the occasion.
Vaughan Council met at the Township Hall on Tuesday, the 10th day of November. Members present, Mr. Isaac Devins, reeve; D. C. Longhouse, deputy-reeve; J. A. Cameron, Wm. Thomas and J. S. McNair, councillors. General business transacted, a large number of gravel road accounts and Yonge Street accounts were by resolution authorized to be paid, and the council adjourned to meet again on Tuesday, the 8th of December at 10 a.m.

A storekeeper kept a blackboard in his store and as different people passed he asked them to write what they did.

A lawyer came along and he wrote, "I plead for all!" Next came a preacher who piously wrote, "I pray for all!" A doctor passed next and wrote, "I prescribe for all!" Then came along a red-neck farmer, who scribbled, "I pay for all!"

Frank Legge and about twenty others formed a deputation which appeared before the last meeting of Whitchurch Township council protesting against the taking over of the Lake Wilcox sideroad as a county road, and favoring instead the Markham Whitchurch townline as the county road. The deputation was assured that there was nothing definite about the project so far.

Don't judge a man by his clothes, God made one and the tailor made the other. Don't judge a man by his failure in life, for many a man fails because he is too honest to succeed. Don't judge a man by the house he lives in, for the lizard and the rat often inhabit the grander structure. When a man dies they who survive him ask what property has he left behind; the angel who bends over the dying man asks what good deeds he has sent before him.

A Scottish farmer had agreed to deliver twenty hens to the local poultryer. When the birds arrived, however, the shopkeeper found that there were only nineteen in the case.

Just before the shop closed for the night, the farmer came hurrying into the poultryer's office, bringing the twentieth hen.

"Man," said the poultryer, "but you're late with this one."
"Ay," agreed the other, "but she didn't lay until this afternoon."

AND THEN WHAT?

The ladies of the picnic party had been gathering flowers, leaving father to start getting the tea ready. When they returned the kettle was already boiling.

"My word," mother said, pleasantly surprised, "you have been quick boiling the kettle. How did you do it?"

"Oh—easy," father replied, airily. "I just happened to let the pound of butter fall on the fire."

Softened Water Works Wonders in the Laundry

Unless a woman has used softened water at some time or other, it is difficult to realize the savings that do result when the family laundry is washed in Duro Softened Water.

Duro Softened Water comes right from the faucet and is, therefore, clean and pure. It is free of lime and magnesium, the elements that make water hard.

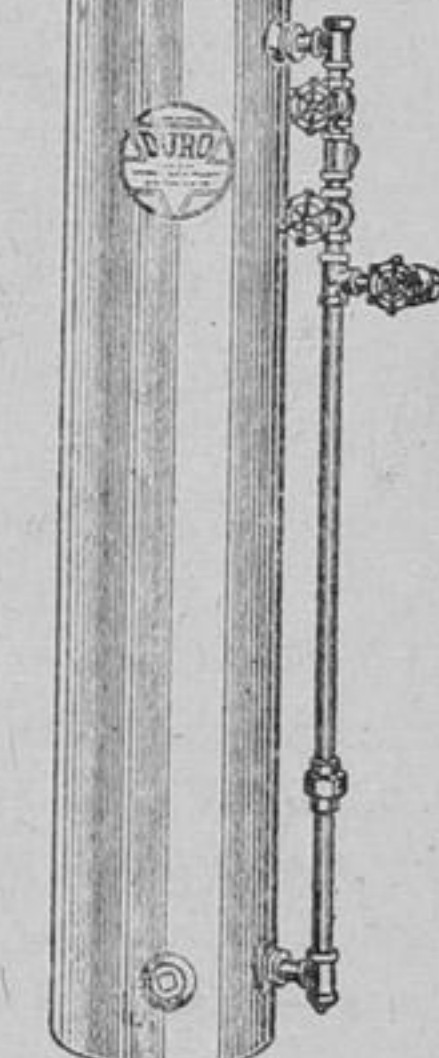

A very minute quantity of soap flakes in softened water produces an extremely large quantity of foamy suds to wash, thoroughly, gently and quickly, any type of fabric.

Soap curds cannot form in softened water, therefore materials are easily rinsed clean and retain their original texture and color. Clothes do not become hard and brittle, so wear longer and replacement cost is less.

These and many other benefits result from using water softened by a

Duro Water Softener

The cost is reasonable and may be spread over several months under the Government Home Improvement Plan.
