MUNICIPALITY OF THE TOWNSHIP OF MARKHAM

Treasurer's Sale of Lands In Ar-
rears of Taxes

By virtue of a warrant issued by the Reeve of Markham Township, dated the 20th day of August, 1938, commanding me to levy upon the lands mentioned in the following list for arrears of taxes thereon and costs as herein set forth, all such patented lands, I hereby give notice that the list of lands liable to be sold for taxes has been prepared and is being published in the Ontario Gazette, and that unless the said arrears of taxes and costs are sooner paid, I shall on the 7th day of December, 1938, proceed to sell the said lands to discharge the said arrears of taxes and charges thereon. The sale will be held on the above date at the hour of ten o'clock in the forenoon at the Township Hall, Unionville, Ontario. Copies of the said list may be had at my office. Dated at Unionville, August 20th, 1938.
CHARLES HOOVER, Treasurer,
Unionville, Ontario.

WAY BACK IN LIBERAL FILES

FORTY YEARS AGO

From our Issue of December 1, 1898
Mr. Isaac Crosby has purchased the front 20 acres of the Richardson estate. This was a cash sale, and the price paid was \$1600. This is a desirable property especially for Mr. Crosby as it lies alongside his farm on the south side. The balance of the farm, about 71 acres, has been bought by Mr. O. J. Brown for \$3000. Travellers along the line of the Metropolitan Railway are anxiously waiting for the new stoves which the company has promised to place in their cars at an early date. It is to be hoped there will be no disappointment as a ride from Richmond Hill to Toronto in a cold car is not particularly desirable.

Charlie Johnston's shooting match drew quite a number of local cracksmen to the Palmer House on Thanksgiving Day. The marksmen were supposed to be shooting for various kinds of poultry, but it was found next day that dozens of the bullets missed the target and went through the boards of the driving shed, riddling Mr. Hulse's favorite top buggy. It is said that Mr. Hulse even took a few shots himself, but whether he put a hole or two in his own buggy depends on his skill as a sportsman. The Richmond Hill Curling Club re-organized on Wednesday evening of last week with the following officers: Patron, J. W. Moyes, Esq.; President, W. T. Storey; 1st Vice-President, P. G. Savage; 2nd Vice-President, T. Newton; Treasurer, H. A. Nicholls; Secretary, T. F. McMahon; Committee of Management, W. H. Pugsley, F. McConaghy, J. Palmer, J. H. Sanderson; Auditors, J. H. Brydon and George McDonald.

Mr. H. F. Hopper has rented the brick store and dwelling next to the Metropolitan Waiting Room, purchased Mrs. Soules stock of groceries and confectionery, and takes possession to-day. Mr. Hopper purposes keeping an up-to-date stock. We wish the new proprietor success in his new venture. An informal meeting of the Village council and a few other citizens was held in Reeve Savage's office on Friday evening, the object being to consider the advisability of taking steps to establish a market here as well as to talk over other matters. Mr. Moyes, manager of the Metropolitan R.R. was present, and gave a lot of interesting information as to what the company would be prepared to do in the way of hauling all kinds of freight as soon as the Bond's Lake Power House is completed. In case that a suitable lot is furnished the company free of charge, the latter will build a large waiting room, freight house, car sheds, a bank and other buildings. The following were appointed a committee to act in conjunction with a committee of the council and see what can be done in the above matters: W. H. Pugsley, Isaac Crosby, H. A. Nicholls, J. Palmer, J. Switzer, J. H. Sanderson, T. F. McMahon. This committee will report at a public meeting to be called by the Reeve.

The remains of the late Mr. Charles H. Keffer were interred at Maple on Friday last with Masonic honors, the members of Richmond Lodge attending in a body. Deceased was a resident of Maple for quite a number of years and was highly respected. The sorrowing friends have the sincere sympathy of all in their bereavement. People in this section of country will be pleased to see in print the record made this fall by Mr. Spencer Croley of Stroud, formerly of Patterson. The prizes gained by him this fall are as follows: Innisfil, 1st prize; Hamilton, 1st and special for six crown furrows and finish; Saltfleet, 1st and special for finish; Caistor, 1st and special for start; finish and best land in field; Thistle-town, 2nd and special for six crowns; Milton, 1st and special for start and finish; Toronto Gore, 1st and special for start; Toronto township, 1st and special for start and finish.

THIRTY YEARS AGO
From our Issue of November 26, 1908
It was observed on Saturday last by a number of spectators that the Council Chamber where the Division Court is held is badly out of repair. A coat of kalsomine would greatly improve its appearance. We trust the council will consider the matter. There was a large attendance at the Gospel Temperance meeting in the Temperance Hall last Sunday af-

General News & Views

Three weeks from next Sunday, is Christmas.

Mr. Percy Drury of Richmond Hill has been appointed bandmaster of Markham brass band.

Some people who gamble away their money, complain that the wealth of the country is all monopolized by a few.

Let it not be said of you: "He thinks a lot of his home town—except when he has any money to spend."

The children are said to need training in posture. The posture of turning over on Ma's checkered apron was once thought very healthful.

It used to be considered very healthful to go barefoot. That was in the days when Saturday night bath was commonly considered adequate.

Municipal elections are being held Monday in many neighbouring municipalities. Richmond Hill and neighbouring municipalities still stick to the January date.

One thing leads to another. One man invented a steel vest that is bullet-proof. Now comes another man with a super-bullet that will penetrate a bullet-proof vest.

No person can be mean and happy any more than an orange can be sweet and sour. Think this over you people who think you are carrying all the troubles in the world.

Norman Baker of Stouffville this year shot a deer weighing 244 pounds. This tops off the record of the local champ Bill Neal who brought home a 232 pounder.

Miss Bess McDermid, Superintendent of Women's Institutes for Ontario for the past four years, is resigning her position to marry Guy Skinner, a native of Perth, who is engaged in agricultural work in Connecticut.

A magazine editor told a service club in Ottawa that the average wife spends 85 cents out of every dollar, leaving a dime and a nickel for hubby. Many husbands, however, claim to be still looking for the fifteen cents.

Hon. Norman Rogers, Canada's Minister of Labor, will address a public meeting at Pickering College, Newmarket on the subject "Canadian Problems". The meeting will be open to the public and all are invited.

A Toronto paper recently suggested Toronto as the new capital for the Empire instead of London. Now the Midland Free Press devotes a column to tell of the advantages of Midland as the future capital. Page Reeve Greene.

In the absence of the speaker previously announced the address was given by Rev. A. P. Brace. Mr. Brace expressed regret that the citizens were forced into a contest looking to repeal of local option. He contended that local option had given good satisfaction in this place, and if their opponents did not think so it was up to them to prove their case. Up to the present they had not attempted to do so. The agitation for a renewal of a licensed bar was simply that a few interested persons might make money out of the transaction. Mr. Brace with Messrs. Sanderson and Hume, sang a trio, and Miss Mary Trench contributed a solo. The chair was filled by Mr. W. A. Wright.

York County Council opened its November session on Monday with Warden Keith presiding. The first matter discussed was the Toronto Market. It is claimed that the city has broken the agreement with the county, thereby causing loss and inconvenience to York County ratepayers. The question was introduced by Reeve W. H. Pugsley, who stated that in 1896 an agreement duly signed by the then Warden of the County and Mayor of the city was entered into, mutually agreeing to abolish the toll gates and the market fees. A motion was afterwards carried appointing Messrs. Pugsley, Henry, Annis, Gardhouse and Devins a committee to act with the retail merchants in interviewing the city council.

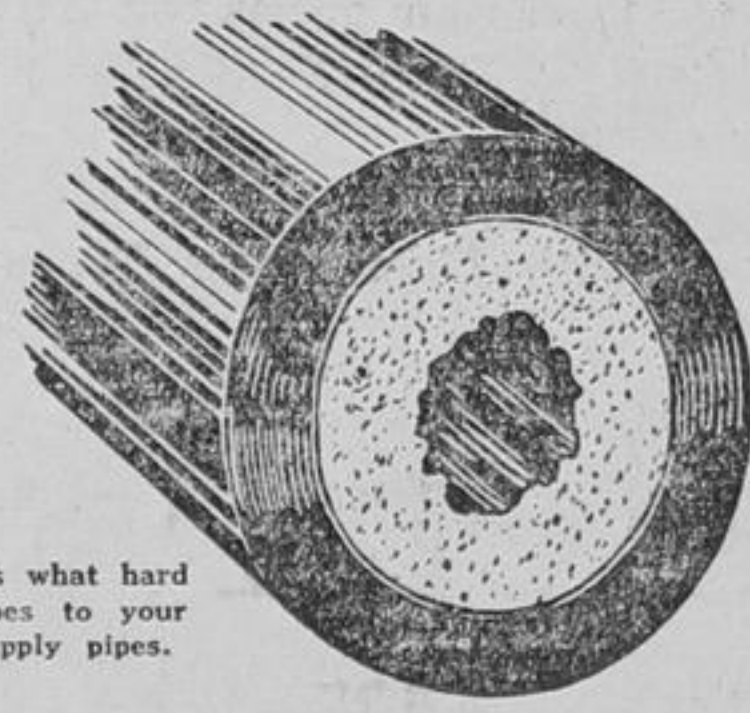

Some smiled when they read in last Week's issue that the King and Queen had been invited here. However nothing is ever accomplished without at least trying and those who smile to-day may be most surprised when His Majesty does stop here next summer.

At the annual meeting of the Schomberg Veterans Club last Friday evening held in Kettleby Hall Gladstone Lloyd of Schomberg was re-elected president for the coming year. Col. W. P. Mulock, K.C., M.P. addressed the meeting and in his remarks stressed the need for adequate defence for Canada.

This is what hard water does to your water supply pipes.

Softened Water For Economy

Hard water in time will completely block your hot water boiler pipes or the coil in your furnace. As the deposit of lime in the pipes increases, heating efficiency is lessened—fuel is wasted and possibly serious damage may result.

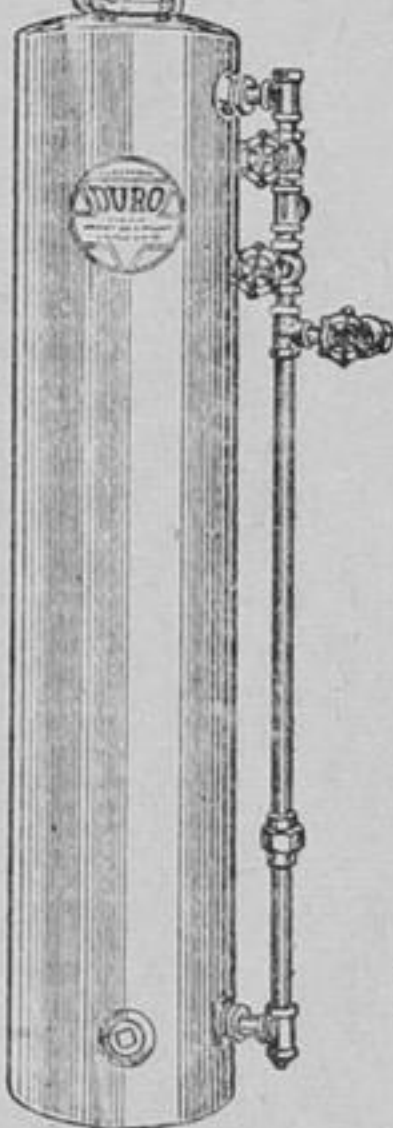

A Duro Water Softener will eliminate all these unsatisfactory conditions as it supplies clean softened city water, free of objectionable lime and magnesium elements, for every purpose.

Housekeeping costs are also lessened because vegetables and other foods cook much more rapidly in Duro softened water. Food flavors are not lost. Smaller quantities of tea and coffee may be used and a fuller, better flavored beverage will be obtained.

Household cleaning, dishwashing, etc., are quicker and more thorough and there is a great saving in cleanser costs because much less soap is needed with softened water.

Duro softened water is better for every purpose for which water is required.

Duro Water Softeners are made in various capacities and their cost can be spread over a period of months by utilizing the Government Home Improvement Plan.
