THOUSANDS OF DOLLARS WASTED UP CHIMNEYS

Free Book Tells How To Prevent Heating Losses

Trying to heat all the great outdoors in wintry weather would seem to be a ridiculous task. Yet that is just what thousands of homeowners are attempting to do—without knowing it, of course—when they allow great quantities of heat, which should be making the home comfortable, to escape up their chimneys.

The proper adjustment of furnace drafts, so as to secure the maximum heat at minimum cost, is a very important section of the little book "FIRST AID TO BETTER HEATING", written by James Stewart, noted 'blue coal' Heating Expert.

In this book, the author discusses in clear, easy-to-understand phrases, all the various factors that enter into proper handling of your furnace. Many who have already sent for copies of the book report that they are getting far more comfort than ever before—and at the same time burning considerably less coal. A free copy of "First Aid to Better Heating" can be had from any 'blue coal' dealer, or by writing to 'blue coal', c/o 217 Bay Street, Toronto.

Son of Famed Rabbi To Speak at Forum

James W. Wise Will Answer Vital Question "Can Europe Survive?"

One of the world's most widely-travelled students of social, economic and political questions will be the speaker at the second lecture in the current Holy Blossom Forum series, which will be held at the Holy Blossom Temple, Toronto, on Monday evening, December 12.

The speaker will be James Waterman Wise, noted traveller, author, lecturer and war correspondent. He is the son of the famed Rabbi Stephen S. Wise of New York, and has devoted himself entirely to the problems of youth and progressive movements.

In his address at the Holy Blossom Forum next Monday night, he will discuss the question: "Can Europe Survive?" Mr. Wise has qualified himself to speak on this subject by a recent extensive European tour, during which he visited all the centres where epochal world events were shaking the foundations of Europe's social and political structure.

Previous to his last trip, Mr. Wise visited Egypt, Russia and Palestine and made exhaustive and searching studies into social and economic conditions in those countries. In 1937, he served as South American correspondent for the New York Evening Post, and made his headquarters in Brazil. Early in 1938, he was transferred to Spain as war correspondent and served several months under fire reporting the activities of the loyalists and the rebels engaged in the Spanish war.

At present, Mr. Wise is active in an organization which in the past few years has become influential and outstanding for its liberal doctrines. He is serving on the national council of the American League for Peace and Freedom, and is also affiliated with the American Labor Party, the American Committee for the Protection of the Foreign Born, and the China Aid Council.

Two of his books, "Swastika—The Nazi Terror" and "Nazism—An Assault On Civilization," are recognized as leading studies of the world's most vital problem of today.

Alfred, Lord Tennyson, poet laureate of England, was travelling in Scotland, and stopped overnight near Stirling. After he had departed a friend of the innkeeper said to him: "Do ye ken who ye had wi' you the other night?"

"Nae, but he were a pleasant man."
"It was Tennyson, the poet."
"An' wha may he be?"
"Oh, a writer of verses, such as ye see i' the papers."
"Hoot! To think o' that! Jeest a public writer and I gied him ma best bedroom!"

Milk Producers Annual Meeting

The annual meeting of Division No. 6 of the Toronto Milk Producers Association was held in the twp. hall, Unionville, on Wednesday, November 30th.

The district representative, Wm. Clark, spoke very briefly on many of the situations that have arisen throughout the past year. The question of quotas which has always caused a great deal of anxiety to the majority of producers was thoroughly discussed.

Mr. Wilnot, field secretary for the Toronto Association, also explained quota problems. In addition he spoke of the advertising system and the work of the auditor and check tester of the Association.

Dr. J. B. Reynolds, President of the Toronto Milk Producers Association, dealt with the work of the Milk Control Board and stating that the greatest drawback for the producers being, they have no representative on that board to actually defend the farmer.

The cost of production was clearly explained, and reports showed that shippers to the Toronto market had a loss of from twenty-five to fifty per cent per hundred pounds of milk. In his concluding remarks he stated that dairying was the least profitable enterprise in which farmers are engaged.

Wm. Clark was re-elected as district representative to the Toronto Association and the following were elected as delegates to the annual meeting of the Toronto Milk Producers Association to be held in the King Edward Hotel on Thursday, December 8th at 10 a.m.: Robert Holden, Mr. Peterson, Wm. Spears, H. Kidd, Frank Dimma, Wm. Clark, Walter Resor, and Wm. Champion who withdrew in favor of James Jarvis.

Macville

A very pleasant evening was spent at the home of Mr. and Mrs. Robert Line on Friday evening, December 2nd, when about 125 friends and neighbours gathered to honour Mr. and Mrs. Line, whose marriage took place recently.

Mr. W. A. Wilson, reeve of Albion township, made a very capable chairman. The following program was much enjoyed, and opened with community singing, with Mrs. Thomas McKee acting as organist. A vocal solo by Miss Beryl Lindsay was rendered in a pleasing manner. Miss Evelyn Mashinter, with her humorous reading, was well received. Rev. A. Laycock recited in an interesting way and was much appreciated. The school children followed with a chorus which received good applause. Mr. Leo Pickett, with his vocal and guitar music was loudly applauded. A vocal duet, accompanied by guitar, by Misses Mary and Mildred Summerville was heartily received and encored. Mr. Tom Kennedy of Toronto sang a solo in a pleasing manner.

Mrs. Thomas McKee, when called upon, spoke very feelingly of the Line family and their family characteristics of kindness and generosity. Messrs. Bill Newlove and Albert Strong presented Mr. and Mrs. Line with a modern walnut china cabinet and the following address was read by Miss Ruth Kaake.
Macville, Ont.,
December 2, 1938.

Dear Friends:

It is with much pleasure that we, your neighbours and friends, have gathered here this evening to wish you much happiness and to welcome you, Mrs. Line, into our community.

We congratulate you Bob, on your choice and feel sure you will have a true and willing helper in all your undertakings. May you have many years of happiness and prosperity.

Mrs. Line, we welcome you sincerely into our midst. May you find among us the true spirit of friendship and neighbourliness.

Your home has always been noted for its true hospitality and kindness toward all of us who have come within its reach. You, Bob, have always been ready to lend a helping hand in time of need so we felt we could not let this opportunity pass without showing in a slight way our deep regard for you.

We ask you to accept this China cabinet as a slight token of the esteem with which you are regarded by us, your neighbours and friends. May you derive much pleasure in its use.

Signed on behalf of Macville Community, Albert Strong, Bill Newlove.

Mr. Line made a very fitting reply in thanking the friends, on behalf of his bride and himself. Mrs. Line also replied with a few well chosen remarks.

Mr. Isaac Steele, an intimate friend and neighbour was called upon and replied in a hearty manner. Mr. Elmer Little, W.M. of L.O.L. No. 184, Sandhill, brought felicitations from that lodge, of which Mr. Line has been a member for some years. The National Anthem brought the program to a close.

A hearty lunch was then served and euche and dancing followed, which was much enjoyed. Mr. Harry Keyes of Nashville and Mr. Leo Pickett supplied music, as well as Messrs. Nelson Wilson and Addie Spiers. Mr. Norman Cook made a very capable floor manager.
