**ONE FOR "DIZZY"**

Benjamin Disraeli, one of the shrewdest men England ever produced, as well as one of her greatest statesmen, made a constant butt of political science, yet made a success of it. His greatest claim to fame was that he was an ardent liberal in religious beliefs. Discussing religion one evening with a friend, he said: "All sensible men are of one religion." "What is that?" asked the friend. "Sensible men never tell," Disraeli replied.
