## Way Back in Liberal Files

**FORTY YEARS AGO**  
From our Issue of February 23, 1899  
The Anglican parishes of Richmond Hill, Thornhill and Oak Ridges are considering the question of an amalgamation, with Mr. R. H. Steacy as their pastor. Mr. Steacy has had charge of Richmond Hill and Oak Ridges parishes for the past ten months during which time both churches have done good work, and there has been the most cordial relations and the best of feeling between pastor and congregations.

The Markham Bouspiel which was to have been held on Wednesday, Thursday and Friday of this week has been postponed on account of the soft weather.

The carnival held in the rink Friday evening passed off very pleasantly. The attendance of spectators and skaters was satisfactory, though the number of masqueraders was not large. Some of the costumes were very pretty. Probably one of the richest and best costumes ever exhibited here was worn

by a Mr. Byrne of Toronto, who represented the Duke of Buckingham, but he did not appear until the prizes had been distributed. Later in the evening an exciting race, 10 laps, took place between skaters from Aurora and Markham. Graham of Markham came in ahead, and Lanill of Aurora, second. The great attraction of the evening, as was anticipated, was the fancy skating by Miss M. H. Douglas of Toronto. This young lady was neatly and modestly attired, she was graceful in her movements, and everybody present seemed delighted with the part she took in the evening's programme. Among the figures cut were her initials—M.H.D.—Inside Edge, the figure 8, Spread Eagle, Scissors, Fish, Roll and Vines etc. Although the ice was too soft for fancy skating, Miss Douglas performed her part well and kept good time with the music furnished by the band. The entries for the Cake Walk didn't fill, consequently that part could not be given.

Ever since it became reasonably clear that the Metropolitan would in a short time be able to carry all kinds of freight, there has been a feeling here among the citizens that an effort should be made to establish a market. Messrs. C. D. Warren and J. W. Moyes, President and Manager of the railway company respectively were in the Village Saturday evening and talked over this and other matters with the council and a few of the ratepayers. The result of this interview was a public meeting held in the Lorne Hall last evening and called by Reeve Savage in compliance with a requisition from a number of citizens. There was a large number of ratepayers present, who seemed to take an interest in what they hoped would be a great help to the Village. It was clearly shown that a bank and the establishment of a grain market here would bring prosperity to the place, the financing scheme being the only difficulty. Among those who expressed themselves as being anxious that every effort should be made to develop the proposed scheme were Messrs. I. Crosby, H. A. Nicholls, W. H. Pugsley, W. Harrison, J. H. Sanderson, W. Innes, D. Hill, F. McConaghy and others. Mr. C. D. Warren being called upon said he was not present in the interest of the Metropolitan Railway, but merely to assist the Village in what was proposed to do. He submitted a plan of the buildings proposed, viz., a bank and a grain elevator, which the architect said would cost about \$8,000. He was prepared to say that a joint stock company could be formed who would put \$2000 into the institution if the Village would back the company for the balance of \$6,000. This he thought could be done by the Village issuing debentures, the interest on which would be paid yearly by the stock company, and the principal at the end of ten years. Mr. Moyes thought this was an important era in the history of the Village. The Metropolitan Railway would in a few months be in a position to handle all kinds of freight, and with the proposed elevator with modern conveniences grain could be handled at a very low rate. Before closing the meeting the following resolution moved by H. A. Nicholls and seconded by J. H. Sanderson was carried:—That it is deemed advisable that the establishment of a grain elevator and the providing of accommodation for a banking institution and express and other offices, would be in the interest of this community, and that a committee be appointed to evolve some plan to that end. A committee was named to act in conjunction with the village council.

Next Wednesday is the first of March.

Hail, rain, snow, thunder and lightning pretty well indicates the variety of weather last Sunday.

Three weeks from Tuesday will be the first day of Spring.

If you have something to sell, you can most effectively make your wants known by placing an advertisement in The Liberal.

A bachelor has advantages, but he must suffer when he finds an astonishing item in the paper and can't read it aloud to anybody.

We must maintain the broadest possible spread between annual income and the cost of the necessities of life.—Alfred P. Sloan, Jr.

People who follow the practice of being "slippery" in business are not kidding anyone but themselves for there is nothing quite so easily detected as "slipperiness."

"The Ontario Gazette is the greatest fraud that was ever perpetrated on the people of this province." So declared Ald. R. D. Humphreys, Oshawa barrister, when city council was asked to okay a bill for advertising the sale of vacant lots in the Gazette. "It is not read by one person in 10,000, yet we have to advertise tax sales in it and pay for it," Humphreys declared.

We have just read, notes The Smiths Falls Record-News, where a school teacher set a class writing an essay on Armistice, and one little girl produced this sentence: "The Armistice was signed on the 11th of November, 1918, and since then we have had two minutes' peace every year."

A Budapest printer got angry at his girl, set her name in type — fifty-seven letters, two commas and semi-colon—and swallowed the whole thing with a pint of poison as a chaser. He was found unconscious on the street and it is said that he was troubled with indigestion for some time. We have heard of men "eating their words" but this was done literally and not from a type case.—Trenton Courier Advocate.

Once more the life of the 36-year-old goose owned by Mrs. Wm. Smith, near Barrie, was spared as the Christmas fowl market came along. For 36 years the goose has evaded the relentless axe at the Yuletide time and each year has laid a number of eggs and raised a flock of goslings. The past year she layed eight eggs and hatched out eight goslings. Judging from the reports of contemporaries this is a record age for a goose. Mrs. Smith intends keeping the goose to see how long it will live.

The new Swedish cook, who had come into the household during the holidays, asked of her mistress: "Where bane your son, I not seeing hem 'round no more." "My son?" replied the mistress, proudly.
