## The Royal Train Is Not Scheduled Stop Richmond Hill

Royal Train Due Here at 12.03 Daylight Saving Time Tuesday, June 6

The Royal train bearing their Majesties King George VI and Queen Elizabeth on the return journey from western Canada will pass through Richmond Hill next Tuesday, June 6th, at 12.03 Daylight Saving Time, but it is not scheduled to stop here. During recent weeks Reeve J. A. Greene has been in constant communication with authorities in charge of the Royal tour in the hope of arranging at least a short stop at Richmond Hill. This morning the Reeve received a wire from the committee in charge of the Royal tour stating "We deeply regret that we cannot ask their Majesties to undertake any appearance other than those to which they have already agreed. The Royal Train is not scheduled to stop at Richmond Hill." The Reeve has since despatched a wire to the committee asking that if a short stop is not possible that the train be slowed down to four miles per hour passing through the village. At the time of going to press no reply has been received to this wire.

The pilot train will pass through here at 11.33 Daylight Saving Time to be followed a half hour later by the Royal train. A large crowd is expected to gather here to see the train bearing the royal couple and there is still hope that if the train slows down their Majesties might make an appearance on the rear platform as they have done in some places. However there is positively no official assurance in this regard. Much will depend on the disposition of Their Majesties at that particular time on the trip. If they are not resting or engaged in state business it is possible they might ask the train to slow down and make an appearance. In any event it is likely a large crowd will assemble in the hope of catching a glimpse of the King and Queen.

Special police assisted by a special selection of war veterans will be on guard at Richmond Hill station and along the route of the Royal train. Those in charge of arrangements ask that citizens and especially children co-operate by not attempting to crowd close to the railway tracks.

Keen interest is in evidence throughout the entire district in the route of the train through this section of Ontario, and The Liberal office has been besieged with enquiries as to the possibility of the Royal train stopping here. At present the official statement is very definite that the train is not scheduled to stop at Richmond Hill. If there is any official information to the contrary every effort will be made to make the facts as widely known as possible.

## Nine Appeals at Markham Township Court of Revision

Minor Adjustments Made in Three Cases

The annual Court of Revision for Markham Township was held at the Township Hall, Unionville Monday afternoon with Reeve James Rennie presiding and all the members present. Nine appeals against the assessment were heard and in three cases minor adjustments were made, five appeals were dismissed and one was adjourned for further consideration.

A. J. Bartlum of Milliken appealed his \$1500 assessment due to loss by fire and it was reduced to \$700. E. B. Livingstone successfully appealed against a \$100 business assessment, and had his assessment on Unionville property reduced by \$500. Mrs. Ada Mulock's assessment on her house near Thornhill was reduced by \$200.

Appeals of H. M. Foote, Audrey Liveridge, John Lawrie of Mongolia, A. Shenfield of Buttonville, and A. C. Proctor, Gormley were dismissed.

## Softball League Opens To-Night

The opening game of the Simcoe County Softball Association will be held in the Town Park tonight at 7.30 p.m. with Newmarket Redmen, last year's champions, providing the opposition. A large crowd is expected to witness the game and all are assured of a good game as these two clubs are favorites to win the group championship over Sutton, Aurora and King City.

The season was unofficially opened last Friday evening with an exhibition game between Richmond Hill and Earl Holmes Uptown Tire and Battery Service team. The game resulted in a 9-8 victory for the Richmond Hill team and proved interesting and exciting for the fans.

In the first inning the visitors were held scoreless by good pitching by Ronnie O'Dell, a newcomer to the local team. In their half of the inning Richmond Hill nicked the opposing pitcher for 4 runs when he was taken out in favor of George Stong, who plays with the city team. From this point on it was a pitchers' battle between O'Dell and Bennett for the local team and Stong for the visitors until the final out when Richmond Hill was leading by one run.

The league schedule of games is as follows:

- JUNE**
- 1—Newmarket vs. Richmond Hill

## Markham Township to Build Hastings Bridge This Year

Department Engineer O.K.'s Stretch of Road Subject of Complaint— Council Well Pleased with Power Grader

Members of Markham township council this week completed their annual inspection and survey of the township roads and report that most of the roads are in good shape. Heaving has been quite general in some places, being particularly bad on concessions 2 and 10 which is the usual experience in these sections every spring.

The present good conditions of the township roads is due in large measure the members and road superintendent feel to the work of the power grader purchased last year. All agree that it was a good investment which is showing dividends in the improvement of the township roads.

Council plans the construction of one large bridge this year. It is known as the Hastings bridge and is located at lot 30, concession 7. It will be a concrete structure with a span of 20 feet. On Monday members of council with road superintendent W. G. Maxwell, engineer Babcock and Mr. Higgins of the Ontario Department of Highways visited the site of the bridge and decided on a slightly altered location from the old bridge.

While in the township Mr. Higgins investigated a letter of complaint which had been sent to the Ontario Department of Highways

## BOWLING NOTES

The bowling season opened Monday evening with an attendance of forty players despite several counter attractions. The greens were in excellent shape and everyone reports a very pleasant evening's bowling. Ten rinks competed in the two game tournament and the winner was skip Morley Hall. The winning rink personnel: R. Lynett, Walker Hall, Mrs. M. Hall, Morley Hall skip.

The usual weekly mixed tournament will be played next Monday evening and an even larger crowd is expected. The games will start sharp at 7.30 p.m. and bowlers are particularly asked to be on time.

Tonight (Thursday) and every Thursday evening throughout the season mixed tournaments similar to the Monday night games will be played. Games tonight start sharp at 7.30 p.m. and all intending to play are urged to be on time as the committee are anxious to start sharp at 7.30.

**Local Rink Wins Aurora Tournament**  
Richmond Hill bowlers won the premier honors at the first district tournament held at Aurora Wednesday afternoon, with a record of three wins and a score of 50. The rink: Walker Hall, E. T. Stephens, A. A. Eden, A. E. Glass skip. For individual prizes the members of the rink received windbreakers.

complaining on the condition of the road between lots 15 and 16 between concessions 7 and 8. The engineers and members of council drove over the stretch of road complained of at the rate of fifty miles per hour and found no fault with its condition.
