## Letter of Advice Sent to Parents

The following letter is being sent to the parents of children who will be entering the Thornhill School (U. S.S. 1 Vaughan and Markham) in the fall. The advice it contains is excellent and it is hoped the parents will act upon it.

Dear Parents:  
Your child will begin another stage of his development when he starts to school in September. The greatest assets children can possess are health of body and mind, for without sound physical and mental health children are setting out upon school life seriously handicapped.

A child's progress in school is influenced to a great extent by his physical condition and he will have a much better chance for normal progress and for happiness in his association with other children if he enters school as free as possible of physical defects. Therefore, parents are urged to take their children to the family physician and dentist for examination in May or June and to follow their advice with respect to the correction of any defects discovered in the general examination. Any parents feeling that they cannot afford to pay for a medical examination of their pre-school children are asked to get in touch with the Principal of the school.

During the next eight years at least your child will spend the greater portion of his waking hours in school. In the light of this fact your support of the Board and teachers in their efforts to provide a healthful school environment becomes increasingly important. The removal of existing physical defects such as bad teeth, infected tonsils, adenoids, poor vision, impaired hearing and other remediable conditions and protection against certain communicable diseases by immunization should be attended to during the favourable summer weather and would definitely prevent absence during the term due to these causes.

Do not put off this important duty to your children.  
Signed by "Teachers"  
"Trustees"  
"Home and School Ass'n."

### CAMP AHSUNYOONG

Camping Days are here again; North York Boys' Camp opens up on July 6th for 10 days of Healthy, Happy Living. The best type of holiday any parent could wish for their boy. This Camp is conducted specially for the boys of North York, and they come from Willowdale to Sutton, Stouffville to Schomberg and King. The location is Sibbald's Point, 3 miles from Jackson's Point. We have 6 acres of playground, a safe bathing beach and plenty of good accommodation in tents. Mr. and Mrs. Ridout are most capable and efficient cooks and are returning for their 4th year. We provide good food, well cooked and plenty of it. The Camp Staff are experienced in Boys' Work and Summer Camps. A well prepared program takes care of the entire day. No dull moments and no lonesome hours. The Swimming Instructor is appointed by the Ontario Religious Education Council. He is fully qualified and holds the Bronze Medalion from the Royal Life Saving Society. The Director and Instructor of First Aid is a Fifth Year Medical Student and works in cooperation with the Sutton Doctors.

Musical Appreciation is again under the leadership of Aub. Bailey, and that is a guarantee of good times. Already a good size orchestra is lined up for Camp. New equipment, new programs and new leaders will add interest and variety assuring a real good camp.

Parents—You can send your boys to this Camp with every confidence in their safety and good provision for a real holiday. Boys ranging in age from 9 to 16 years, of any denomination will be well cared for. Remember the date—July 6 - 15.

For further information write Rev. Douglas Davis, King City.
