

NORGE

KEEPS FOOD JUICY FRESH

Ask these 3 Vital Questions

1. Has it a Ten Year Warranty?
2. Is It ALL-Porcelain Outside and In?
3. Has it a "Double Cooling System"?

GREATER COLD SAVES FOOD
 GREATER MOISTURE SAVES FLAVOR

Not ordinary questions, the above! They mean a lot to you. The "Double Cooling System" in the new "Lifetime" models is a new, revolutionary principle. New, increased, moist cold preserves foods almost twice as long without spoilage or decay. Norge All-porcelain (outside as well as inside) is the ONLY "Lifetime" finish. Norge 10-Year Warranty on the Rollator is double protection. Only Norge gives you all three. 14 other conveniences — including

Odor-proof Sealed Ice Compartment; Handfroster; Coldpack; Mobile Shelves; Hydrovoir; Ice-O-Bar; Special Bottle Storage; Duo-Rollator. Come in and see Norge! It has everything!

NEWS AND INFORMATION FOR THE BUSY FARMER

Distribution Plan for Surplus Butter
 Plans for the distribution of surplus butter have been announced by the Dominion Department of Agriculture. The Canadian Red Cross Society will be in charge of the distribution in all provinces of the Dominion and will utilize existing provincial relief organizations to carry out the distribution among relief recipients, and for distribution among those on low incomes, but not on relief, the Society will seek the aid of charitable organizations and municipal authorities.

Officials of the Department of Agriculture have expressed appreciation of the hearty co-operation of the various groups assisting in the scheme.

The proposed method of distribution is simple. Vouchers of three denominations will be issued, for one, two and three pounds respectively. Each voucher will show to whom and by whom it is issued and may be exchanged at any retail store by the person only to whom it is issued, for the amount of butter indicated on the voucher. The merchant delivering the butter certifies to the amount, the price and the recipient, and the latter signs the voucher acknowledging receipt of the quantity stated. These vouchers, when properly certified, may be cashed by the merchant at their face value at any branch of any chartered bank in Canada.

As the basis of distribution among relief recipients differs from that among families on low incomes, two general types of vouchers will be issued. As families on relief will receive this butter in addition to their regular supply, it is provided on the vouchers issued to a relief recipient, that for each pound of butter supplied to him through regular relief channels he may exchange his voucher for an additional pound. Provision is therefore made for the relief recipient to obtain twice the quantity of butter he normally receives. In the case of low-income families not on relief, however, this stipulation obviously would not apply and vouchers are issued for the use of such families which may be exchanged by the holders for their face value in butter without requiring them to purchase a like amount.

Vouchers have been sent to the various Provincial Headquarters of the Canadian Red Cross Society.

Many Advantages Keeping Milk Cool

It hardly seems possible that Nature intended that milk should ever be used other than in the natural way. Certainly she could scarcely be expected to provide a preservative for keeping milk in bottles, pitchers or pails. But she does if given a chance. Fresh milk has been found to contain a substance called Lactenin, which restrains bacterial growth for a certain period. The effect of this natural preservative is soon destroyed if cooling is delayed.

Scientists have discovered that bacterial action is very marked at temperatures from 70 to 100 degrees Fahrenheit. Even at 50 degrees milk will tend to spoil, but if it is cooled to 40 degrees as quickly as possible the bacterial count does not increase so long as the temperature is kept down. Even if it later warms slightly the effect of Lactenin remains for 24 hours or longer.

Milk cools very slowly in air. It takes about 12 hours to bring milk down to 50 degrees even if the air is below freezing. Cold water will cool the milk twenty times as fast, quicker still if the water is stirred, best of all if ice is used. Of course, there are now several fine mechanical devices for cooling milk but it is not always possible to have them on a farm. Details for the construction of insulated cooling tanks for the farm are given in Bulletin No. 165, "Cooling Milk on the Farm". A copy may be obtained by writing to Publicity and Extension Division, Dominion Department of Agriculture, Ottawa.

TIME TO ERADICATE THISTLE, CAMPION

Canada Thistle and Bladder Campion two perennial weeds proving bane to grain fields and pastures this year, states weed expert.

Canada Thistle, one of the best known weeds on Ontario farms and roadsides, is very prevalent this year, states John D. McLeod of the Crops, Seeds and Weeds Branch, Ontario Department of Agriculture, and should be spudded at once in grain fields. Infested pastures should be mown.

Thorough cultivation and a short rotation of crops which include clover and a hoe crop will also prove effective. Immediately a crop has been harvested or a field pastured closely, plow deeply and cultivate at regular intervals during the heat of the summer, using a stiff-toothed cultivator with wide shares which overlap. Underground stems are thus brought to the surface and the sun does a good job of killing.

Bladder Campion differs from Canada Thistle in that this free-branching weed has a tap root that deeply penetrates the soil. Individual plants may be dug out, but heavy infestations may be checked by using the Stephen weed killer. Information as to this weed killer may be obtained by writing the Crops, Seeds and Weeds Branch, Ont. Dept. Agriculture, Toronto, or from your Agricultural Representative.

Robert A. Ferris died at Sault Ste. Marie on May 26th. He was born at Bond Head nearly 70 years ago.

St. Vincent's Park, Barrie, overlooking the beautiful waters of Kempenfeldt Bay, was the site chosen by the Watson clan to hold their annual reunion on Saturday, June 17 when about 100 friends from Owen Sound, Meaford, Elmvale, Caledon, Cookstown, Beeton, Tottenham, Bradford, Bond Head, Newton Robinson, and Toronto, were present. Games and races and other sports kept the younger members busy, while the older members found the afternoon much too short in renewing friendships and memories in such pleasant surroundings. After a sumptuous repast was enjoyed thanks were tendered the retiring executive, and Mr. Robt. Watson, Athlone, as president and Mrs. Geo. Watson, secretary-treasurer, were unanimously elected. An invitation to hold it in Beeton Memorial Park for 1940 was received and accepted. Lunch committee, Jean Watson, Bradford, Mrs. Harry Potter, Tottenham, Mrs. McKenzie, Meaford, Mrs. Drew, Toronto, L. Watson, Beeton; sports committee, Hon. Earl Rowe, Newton Robinson, Mr. McKenzie, Meaford, Mr. R. McElwain, Elmvale, N. Stewart, Beeton, N. Coutts, Cookstown, W. Watson, Beeton, Brown Bros., Meaford.

OBITUARY

NEIL M. BURTON

One of the most widely known residents of Woodbridge, Neil MacDonald Burton, died in the Peel Memorial Hospital on Sunday, June 25 following a lingering illness. Mr. Burton, who was in his 76th year, was the last surviving member of the family of the late William Burton and Jane MacDonald, pioneer settlers of Vaughan Township.

He was a member of the York Pioneers Association, a member of the Old Time Entertainers Association, and past president of the Burton clan. Having spent much of his life in the entertainment world he could recall many seasons spent on Broadway and personally knew many of the most prominent men and women in the theatrical business. In recent years he devoted his energies to news writing and was a regular contributor to a Toronto daily and district weekly papers.

Funeral services were held from W. R. Scott's funeral parlours this afternoon (Wednesday) with interment in Nashville cemetery. The Rev. J. S. Roe officiated.

WILLIAM A. ATKINSON

Friends and relatives were greatly shocked on learning of the very sudden death of William A. Atkinson, (Bill), Wednesday morning, June 14, at his home, near Schomberg. He had been in poor health for more than a year but was a silent sufferer, and stayed at his work up to a month ago. He was in his 46th year and farmed here with his father, until eight years ago when he became associated with Canada Packers. He liked his work and took a keen interest in it. In the year 1933 he was presented with the gold watch for being their best salesman in the Feed and Fertilizer Dept. He was a member of the Presbyterian Church and choir here for a number of years.

Surviving are his parents and two sisters, Mrs. Ella Stewart of Nobleton, formerly of Indian Head, Sask., and Miss Gertrude at home.

Funeral services were conducted at his home Friday afternoon, June 16th by Rev. Cranston of Tottenham. Interment at King City Cemetery.

YORK MARKET

Many kinds of fresh vegetables made their first appearance of the season on the stands at North York Market this week.

Young June peas were 60c. basket, 30c. for half a basket. There were cauliflowers at 15c. and 20c. each. Broccoli was 15c. a bunch and Swiss chard 10c.

The first new potatoes sold at 60c. a basket or 25c. for two quarts. New cabbages were 8c. each and new beets two bunches for 5c. and three for 10c. Spinach was plentiful at 5c., two for 15c. and 10c. a basket; asparagus was 5c. a bunch with the season nearly over. Hot house tomatoes sold well at 20c. lb.; head lettuce was 5c., leaf lettuce, radishes, green onions and cress three for 10c., mint 5c. a bunch.

Strawberries were selling at 10c. a quart, with three boxes for 25c. freely quoted and two for 25c. the top price.

Butter ranged from 23c. to 28c. a lb. Some sold at 2 lbs. for 45c. and some at 2 lbs. for 55c.; cottage cheese was 10c., cup cream, 35c. a pint. Eggs were 23c., 25c. and 28c. a dozen, and bantam eggs, 15c. a dozen.

Spring roasting chickens, weighing between 4 and 5 lbs. each, were 33c. lb., and nice yearling birds 24c. a lb.

A nice assortment of cooked meats attracted the week-end buyers. Fresh meat prices were as follows: Beef, porterhouse, 34c.; wing, 30c.; sirloin, 29c.; round, 25c.; rolled rib, 24c. to 28c.; short rib, 18c.; blade, 17c.; corned beef, 15c. Veal cutlets, 28c.; chops, 25c.; boned, rolled shoulder, 17c. Lamb, leg, 27c.; loin, 23c.; shoulder, 18c. Pork, loin, 25c.; leg, 23c.; butt, 21c.; shoulder, 15c.

The home baking stands offered plenty of variety in pies and cakes, as well as cookies, biscuits and bread.

On the outside market there was a splendid array of plants, perennials and annuals as well as vegetables; and nearby were puppies, kittens and rabbits.

The flower stands featured cut garden blooms, selling from 10c. a bunch up, including roses at this price. There was a nice selection of potted foliage, geraniums and other plants, suitable for window boxes and baskets.

The groundhog contest conducted by the Toronto and North York Hunt Club and which closed on May 31st resulted in the destruction of 974 groundhogs.
