Prime Minister's Message To the Canadian People

The Following Is The Full Text Of The Address Delivered
To The Canadian People By Rt. Hon. W. L. Mackenzie
King Following The Announcement That Britain
Was At War On Sunday, September 3rd

For months—indeed for years—the shadow of impending conflict in Europe has been ever present. Through these troubled years no stone has been left unturned, no road unemployed in patient search for peace.

Unhappily for the world, Herr Hitler and the Nazi regime in Germany have persisted in their attempt to extend their control over other peoples and countries, and to pursue their aggressive designs in wanton disregard of all treaty obligations, and peaceful methods of adjusting international disputes. They have had to resort increasingly to agencies of deception, terrorism and violence. It is this reliance upon force, this lust for conquest, this determination to dominate throughout the world which is the real cause of the war that today threatens the freedom of mankind.

Forces of Evil Loosed

The fate of a single city, the preservation of the independence of a particular nation are the occasion, not the real cause, of the present conflict. The forces of evil have been loosed in the world in a struggle between the pagan conception of a social order which ignores the individual and is based upon the doctrine of might and a civilization based upon the Christian conception of the brotherhood of man, with its regard for the sanctity of contractual relations and the sacredness of human personality.

As President Roosevelt said on opening Congress on Jan. 4:

"There comes a time in the affairs of men when they must prepare to defend, not their homes alone, but the tenets of faiths and humanity on which their churches, their Governments, and their very civilizations are founded. The defense of religion, of democracy, and of good faith among nations is all the same fight. To save one we must make up our minds to save all."

This, I believe, is the position in which all nations that cherish free institutions, individual liberty and social justice find themselves today.

Canada Answers Call

I need not review the events of the last few days. They must be present in the minds of all. Despite her unceasing efforts to preserve the peace of Europe, the United Kingdom has today, in the determination to honor her pledges and meet her treaty obligations, become involved in war.

This morning the King, speaking to his peoples at home and across the seas, appealed to all to make their own the cause of freedom, which Britain again has taken up. Canada has already answered that call. On Friday last the Government, speaking on behalf of the Canadian people, announced that in the event of the United Kingdom becoming engaged in war in the effort to resist aggression, they would, as soon as Parliament meets, seek its authority for effective co-operation by Canada at the side of Britain.

As you are aware, I have all along felt that the danger of war was such that Parliament should not be dissolved, but be available to consider any emergency that might arise.

House Meets Thursday

Parliament will meet Thursday next. Between now and then all necessary measures will be taken for the defense of Canada. Consultations with the United Kingdom will be continued. In the light of all the information at its disposal, the Government will then recommend to Parliament the measures which it believes to be the most effective for co-operation and defense.

That Parliament will sanction all necessary measures I have not the least doubt. Already I have received from the Leader of the Opposition and from representatives of the other parties in the House of Commons assurances of their full appreciation of the gravity of the situation and of their desire to see that such measures are adopted as in the

present crisis will best serve the national interest.

Our first concern is with the defense of Canada. To be helpful to others, we must ourselves be strong, secure and united. In anticipation of a state of war, the Government has already availed itself of the provisions of the War Measures Act, to take essential measures for the defense of our coasts, our land and our people. As has already been announced, the militia of Canada, the naval service and the air force are already on active service.

Prevent Profiteering

This morning these measures were supplemented by others, including the putting into effect of the "defense of Canada regulations". Measures have also been taken to prevent profiteering in the necessities of life. Of the latter measures my colleague, the Minister of Labor, will speak to you in a moment.

In what manner and to what extent Canada may most effectively be able to co-operate in the common cause is, as I have already stated, something which Parliament itself will decide. All I need to add at the moment is that Canada, as a free nation of the British Commonwealth, is bringing her co-operation voluntarily. Our effort will be voluntary.

The people of Canada will, I know, face the days of stress and strain which lie ahead with calm and resolute courage. There is no home in Canada, no family, and no individual whose fortunes and freedom are not bound up in the present struggle. I appeal to my fellow-Canadians to unite in a national effort to save from destruction all that makes life itself worth living, and to preserve for future generations those liberties and institutions which others have bequeathed to us.

WAY BACK IN LIBERAL FILES

FORTY YEARS AGO

From our Issue of Sept. 7th, 1899
The Village schools re-opened on Tuesday after the summer vacation. The vital statistics of the Township of Vaughan for the month of August were: Births 3, Marriages 3, Deaths 5.

The big Power House at Niagara Falls on the Canadian side was totally destroyed by fire on Monday evening about 8 o'clock. The loss of property is \$75,000 on machinery and \$10,000 on the building.

Last Saturday's Illustrated Globe contained an excellent photograph of a barn-raising on the farm of Hon. N. C. Wallace and his brother, T. F. Wallace, reeve of Woodbridge, on the 6th of July. Accompanying the photograph in the Globe was an interesting description of the barn-raising the concluding part being as follows: "It was the biggest affair ever held in these parts in the way of celebrating a barn-raising. The oldest inhabitant does not remember when so many people assembled at a function of the kind. Mr. T. F. Wallace was the 'genial host' of the occasion in the absence of his 'hon.' brother at Ottawa. A bounteous repast was provided for the guests in a large marquee tent, and the young people wound up the festivities with a dance."

Mr. Radcliffe, manager of the Ontario Bank at Aurora, was in the Village a few days ago, and stated that a branch was soon to be started in this place. Two men will be here constantly and Mr. Radcliffe will have supervision over the branch here as well as at Aurora.

THIRTY YEARS AGO

From our Issue of Sept. 2nd, 1909
The fire in the Parliament Buildings in Toronto this week will entail a loss of over half a million dollars.

There have been so many fires in Aurora during the past few months under suspicious circumstances that the authorities decided to get Inspector Green and County Constable Burns to investigate. The damage so far is about \$10,000. The fires have generally been in barns and stables, but two houses have also been found burning.

Marriage

SMITH-COMISKY—At 424 Wellington St. W., Toronto, on Wednesday, September 1st, 1909 by Rev. A. P. Brace, B.D., of Richmond Hill, Laura, youngest daughter of Joseph Comisky, Esq. to Herbert Smith, both of Markham Township.

Mr. John Michael, writing from his home in the West, on the 24th of August, says "Crops are excellent here this year. Harvest is general, and we had our first frost last night, but not enough to hurt the wheat."

FIFTEEN YEARS AGO

From our Issue of Sept. 4th, 1924
Miss Dorothy Dunlop was awarded first prize for best decorated private motor car at the Canadian National on Saturday.

Both the Public and the High School re-opened Tuesday morning. The enrolment was 300 in the Public School and 173 in the High School.

Norman Baggs, 8 years of age, son of Mr. James Baggs, a well-known cattle raiser of Edgeley, Vaughan Township, was awarded first prize for his handsome little Jersey calf "Silver Star" at the Toronto National Exhibition last week.

Two rinks of lady bowlers went to the city last Thursday and played friendly games with the ladies of North Toronto. The Richmond Hill rinks were successful in both games. The visiting players were: Mrs. N. J. Glass, Mrs. J. Palmer, Miss M. McLean, Miss Gibson skip; score 24-1. Mrs. C. Kerswell, Mrs. D. Watson, Mrs. J. R. Herrington, Mrs. G. Glenn skip; score 12-9.

Four games were played on the bowling green here in the afternoon and evening of Labor Day, in a local tournament. Several of the contests were close, and no rink won all the games. The weather was perfect, and all enjoyed the sport. Refreshments were served by the ladies about 6 o'clock after two of the games had been played. The following are the winning teams: First, Mr. and Mrs. N. J. Glass, 27 points; second, Mr. and Mrs. J. A. Greene, 20 points; third, Mr. Wellman and Mrs. Kerswill, 20 points; fourth, Mr. and Mrs. A. G. Savage, 19 points. Mr. Greene's rink had to play an extra two-end game to break the tie with Mr. Wellman.

One proof that an increased number of tourists are visiting Canada this year is found in the fact a larger number of non-resident anglers' licenses have been sold. Revenue at the end of July was 27 per cent higher than at the same time last year and since August 1st the number of summer visitors appears to have increased rather than decreased.

"I know a BARGAIN when I see ONE!"

Come to think of it, he's right. For where will you find anything comparable in value—so much—for so very little? Every minute, day or night, the telephone is ready to serve your social, business or emergency needs. You may have grown accustomed to this service—you may think nothing of talking across continents and oceans! But when you do think it over, you realize that the modern telephone represents the greatest value in terms of service that money can buy!

Telephone service is widely used because it is courteous, efficient, yet surprisingly inexpensive. Nothing else yields so much for what it costs!
