Mr. Price and his wife were re-
 turning to their seats in the theatre
 after the interval:
 "Did I tread on your toes as I
 went out?" Mr. Price asked a man
 at the end of a row of seats.
 "You did," replied the latter, ex-
 pecting some apology.
 Mr. Price turned to his wife. It's
 all right; this is our row."

News and Information For the Busy Farmers

Ontario Potatoes of Better Quality
 Show great improvement over last year, states J. T. Cassin, potato expert, Ontario Dept. of Agriculture. "The quality of the Ontario potato crop is much better than last year. Better seed has been used in all potato growing districts of the province, and growing conditions have been more favorable, particularly in the last two weeks," states J. T. Cassin, potato expert of the Ontario Dept. of Agriculture, who has just completed an extensive tour of provincial potato fields.

During June and July the moisture supply was not sufficient to produce a heavy crop of early potatoes. The old crop was completely cleaned up and there was a strong demand all over the province for new potatoes. This resulted in steady prices and there was no glut or surplus. Mr. Cassin believes the intermediate crop, now in the process of digging, will have a steady demand until late potatoes are available. There has been no change in acreage from last year, he states.

"A number of growers and farmers were careless last year. They didn't plant certified seed and they didn't spray as carefully as they should. This, of course, resulted in poor and diseased crops. However, it taught them a lesson and this year," said Mr. Cassin, "they planted certified seed and as a result there is little disease."

He warned that there is a danger of late blight and advises that plants should be well-covered with Bordeaux mixture, especially in wet, rainy periods.

The Weed of the Week—Toad Flax
 Toad Flax, sometimes known as Wild Snapdragon and "Butter and Eggs" is another Ontario weed that should be eradicated at this time of the year, says John D. MacLeod, Crops, Seeds and Weeds Branch, Ontario Dept. of Agriculture, Toronto.

Toad Flax is a deep-rooted, persistent perennial with erect wiry stems. The leaves are stalkless, linear, without teeth or divisions. The flowers are about one inch long, pale yellow, in erect, dense clusters.

The weed propagates by seeds and rootstalks and is general throughout the province, especially on light, shallow soils, meadows, pastures, roadsides and occasionally in grain fields. It spreads rapidly and complete eradication is imperative.

Badly infested pastures and meadows should be broken up and a short rotation with deep, thorough cultivation followed by a hoed crop, smother crop or grain crop. Do not reseed until this weed is eradicated. If proper cultivation is followed, it should be possible to kill this weed without the loss of a crop.

Chemical spraying is recommended where cultivation is impossible. See your district weed inspector or write the Crops, Seeds and Weeds Branch, Ont. Dept. of Agriculture for further information.

RESOLUTIONS
 Moved by E. M. Legge, seconded by W. E. Barker, that whereas a dispute has arisen re sub-division on Part of Lot 18, Concession 6 re assessment and taxes.

And whereas heretofore this property has been assessed yearly to one H. W. Egan en bloc instead of the individual owners of the 70 Lots which constitute this sub-division.

Therefore be it resolved that in the future and commencing with the 1940 assessment the Assessor for that year be instructed to assess these Lots as per registered plan in the North York Registry Office to the several Owners and that the seal of the corporation be attached to this resolution. Carried.

Moved by Bernel Graham, seconded by E. M. Legge, that the treasurer be authorized to pay to Mr. D. Speziale the sum of 52c. same being overpayment as made by him on his 1938 taxes, and that the seal of the corporation be attached to this resolution. Carried.

Moved by E. M. Legge, seconded by Wm. E. Barker, as per agreement and understanding with the Township of West Gwillimbury re Bradford Marsh Maintenance account. The council hereby instructs the Treasurer to issue cheque for \$26.28 and \$947.92 to the Treasurer of the above Township in order that our account in this connection shall be paid up to date, and that the seal of the Corporation be attached to this resolution. Carried.

Moved by E. M. Legge, seconded by Bernel Graham, that the Clerk be instructed to write the Department of Public Welfare of the City of Toronto re John and Herminia Phillips relief account and inform them that this council entertains no liability in this case.

That he further inform them that payment of this account can be had by either getting in touch with Phillips himself or the German Consulate as this council will absolutely refuse payment of any charges on their account. Carried.

Moved by E. M. Legge, seconded by Wm. E. Barker, that the treasurer be instructed to issue a cheque for \$70.00 for Compensation Insurance on all truck drivers in the employ of this township (i.e. \$2000 at \$35.00 per M) the cheque to be made payable to Mr. John McAllister, King, Ontario and that the seal of the Corporation be attached to this resolution. Carried.

Moved by E. M. Legge, seconded by Wm. E. Barker, that the Reeve, Clerk and Solicitor be and are hereby empowered to take up the matter of \$1600 mortgage of Messrs. H. Mack and P. Bahry in favour of the Township School Funds and so arrange all the necessary agreements, Deeds, Discharges in connection therewith. In order that P. Bahry may pay off his portion of the Mortgage and thus get a clear deed for his property and that the seal of the Corporation be attached to this resolution. Carried.

Moved by L. B. Goodfellow, seconded by Bernel Graham, that the treasurer be authorized to issue a cheque to the following re sheep claims: Mr. Jacob Gould, \$6.00; Mr. Geo. Hulse, \$23.00; Mr. A. Bennett, \$158.00, a total of \$187.00 as per sheep valuator's certificate now on file. Carried.

BY-LAWS PASSED

By-Law Number 703
 A By-Law to appoint a collector of taxes and to govern the method of collections of the same, was read three times and passed.

The meeting then adjourned to meet at the Parish Hall, Kettleby, Ontario on Saturday, September 30, 1939 at 9 a.m.

General News & Views

This week we were treated to our first taste of real fall weather.

September 3rd now rates with August 4th as one of the fateful days of history.

Once again we are reminded that as Canadians we have a lot to be thankful for.

Don't let the war get you down. Don't allow your ear to become too tightly glued to your radio.

Most of fateful Sunday, September 3rd apart from the time spent in church we sat listening to a series of news bulletins and rumors. As a result bedtime found us with ragged jittery nerves. One regular newscast at 11 o'clock gave us all the information we had gleaned all day.

Miss J. J. McCullough, a former member of the Richmond Hill High School staff and later a member of Earl Haig staff left last week to take up teaching duties in Kent, England.

North York Township's building boom still continues along its stupendous scale, to top \$2,486,174 mark for the first eight months of 1939. This is \$959,303.00 more than the complete 1938 total which stood at \$1,526,870.00.

A petition seeking the legal sale of beer and the re-opening of a licensed hotel in Beeton has been signed by more than the required number of voters (25 per cent) and, we understand, the question will be decided by a vote of the people on October 11. The only hotel in town that survived the 'dry' era has been closed for many months, during which, many business men claim, the lack of accommodation to the travelling public has been a great detriment to the business interests and welfare of the village. — Beeton World.

Kenneth Duncan who lives near Harriston, Ontario is sure pleased that he chose the right stook. Working on his father's farm a thunder shower came up and he took refuge from the rain under a freshly erected stook, just before a bolt of lightning hit three stooks nearby, setting them all on fire. Two of them were completely consumed, but the third was mostly saved when he succeeded in smothering the fire. He said it sounded, when the lightning struck, as though something had hit on metal very hard. He congratulates himself that he was not under one of the stooks that was hit by the bolt.
