

Victoria Square News

Mr. William Marritt of Keswick has been visiting with his brother-in-law and family, Mr. R. E. Sanderson, this week.

Mr. Marritt and Mr. Sanderson were out to Richmond Hill on Tuesday to call on Mrs. Alice Sanderson and Miss Marritt.

The J.F.A. and J.W.I. meetings on Tuesday evening were well attended and the International pictures secured through Mr. Floyd Perkins, proved very educational and interesting. The address by Mrs. Styrmo on peace and international relationship was well prepared and splendidly given. It also left a few thoughts with the members to think about.

Victoria Square are holding their annual Christmas entertainment on Saturday evening, December 23rd.

There will be a White Gift service in the Sunday School on Sunday, December 17th.

It isn't very often the Young People of this town ever want for anything, but last Sunday evening a jitney service was something a few of the Y.P.U. members would really have enjoyed, when 10 members met to journey to Queensville to the Y. P.U. Rally and only one car to take them. However where there's a will there's a way, and so one young man returned home to see if "dad" would trust the group with his car. The answer was "yes". Thanks to "dad" that the second car arrived in time to get us there to hear Rev. J. D. Parks of High Park Church, Toronto, who brought us a very inspiring message and also the Baker Hill ladies' choir who favored us with several numbers in song. After the service the whole congregation, which filled the church, were invited to the basement for lunch. There again after the greeting by the Presbytery Pres., Vera Hunter, Laskay, from the executive and local unions, also by Rev. Fockler, Keswick, from the ministers of the community, were passed on to the Queensville society the choir again sang three numbers which brought to a close a very wonderful meeting.

Master Gordon Sanderson had the east removed from his leg on Monday evening. Gordon is still in bed. I'm sure we all wish for him a speedy recovery.

Your scribe made a call at the Avison home last Monday and was surprised to see Mrs. Avison going around the kitchen on her own power. I'm sure friends of the community will be glad to hear this and will be looking forward to seeing her in her usual place at our social activities.

When the Township Red Cross canvassers call at your door please don't forget that there is a committee in our local Institute doing this work and would greatly appreciate any cash donations friends feel free to give.

School Newsy Notes
Barry Collard represents Markham township in the Public Speaking contest at County Council tomorrow (Friday). His subject is "Duty Calls" and is certainly in keeping with the times to-day. We all wish him the best of luck.

If you could peep into our school these days you would find us all busy as bees with autumn activities. We surely haven't any time for idle minutes. We are working industriously on our paper, and receiving more and more advertisements. We have already sold several copies of our magazine to people who are going to make sure of getting one.

The Junior grades are happy this week making their own Christmas gifts for very special friends.

Grades three to seven have been doing portraits of some of their classmates. The judges ruled that the best one was done of Doreen Meads by her sister Rita, second place was given to Barry Collard who had drawn Mina Stickley.

Last Wednesday evening our teacher, Miss Holden, gave a talk on "Peace and War" at the Women's Association and some of the pupils

assisted her. Barry gave the talk he is giving at County Council, Coral, Doreen and Bertie sang a song about "Peace" and Margaret and June Marie recited.

Grades two to seven have started to read their readers right through. There is a little contest to see who will finish first, and be able to remember most from the stories.

Interesting Facts We Have Found In Science This Week

Asbestos—When it is brought out of the ground it is heavy and fibrous, but when it is put through crushing machinery it becomes light and fluffy. Asbestos has many valuable uses, and we have an exhibit of it at school. The Greeks gave it its name which means "unburnable."—Mina S.

A star has been found which moves two hundred miles a second, and to reach the nearest star would take 4,000 years. The name of this star is Alpha Centauri, a very bright star, the third brightest in the heavens.—Bertie F.

As most of us know, at the end of the nursery rhyme "Twinkle, Twinkle Little Star" there is a line which goes like this, "Like a Diamond in the Sky"—This is really true, because people have found diamonds in pieces of meteors which have fallen of course from the sky. This bit of knowledge was discovered in our new "Books of Knowledge."—Coral P.

IN MEMORIAM

STEPHENSON—In loving memory of my dear husband, Herbert Earnest Stephenson, who passed away November 21st, 1936.

Not dead but passed beyond the mist that binds us here, Into the newer larger life of that unclouded sphere.

—Ever remembered by wife, Margarette, Aubrey, Wyatt, Lloyd.

Red Cross Notes

The regular meeting of the Richmond Hill Red Cross Society will be held on Friday at 3 p.m. in the Red Cross Sewing Room over the Post Office building.

The Sewing Room will be open each Wednesday afternoon at 2.30 p.m., and it is hoped that many will feel that they can give part of their afternoon to the making of Red Cross supplies.

The Red Cross Society desires to thank the members of the Anglican Church, the Lions Club and the friends of the Society who were present at the Sunday evening service at the Anglican Church. Collection amounting to \$31.00 was received in aid of the Red Cross work.

The Richmond Hill Red Cross Society wishes to bring to the attention of the public, that because of the generous support given to the local branches by the people of the vicinity during the past two months, and in view of the four church bazaars which are to be held shortly it has been decided to postpone the general appeal and local Red Cross Tag Day until a later date. It is hoped that when a tag day is undertaken in Richmond Hill the people will be mindful of the present national appeal and their same liberal support is solicited for that time.
