NEWTONBROOK

A large representation of the local Y.P. Union attended the Y.P.U. Rally of Toronto Centre Presbytery which was held in Trinity United Church, Toronto, last Monday evening.

Rev. A. H. Halbert and Mr. Roy Gurney attended the funeral of the late Howard Mathewson at Maple last Saturday afternoon.

Mr. Charles Atkinson visited his sister Mrs. A. W. Galbraith this week.

The United Church Sunday School gave a free supper and entertainment to the members of the Sunday School on Saturday evening. Mr. Galbraith showed very beautiful lantern slides on "Canadian Birds" which interested the children very much.

The Oratorical Contest of North York Temperance Federation was held last Friday evening at King City. Elise Wells represented Newtonbrook United Church Sunday School and won second place in the Junior class among nine contestants. Owing to illness, the contestant in the Intermediate class was unable to go. We congratulate Richmond Hill United Church S. S. on receiving the Junior and Senior Silver Cups.

Mr. and Mrs. W. T. Wells, Rev. and Mrs. A. H. Halbert, Mr. and Mrs. W. T. New and Elise Wells attended the Temperance Rally at King last Friday evening.

Mr. and Mrs. Earl Vincent of Saskatoon, Sask. were guests of Rev. and Mrs. Halbert last week.

The Mission Band met last Saturday afternoon in the United Church S. S. room with an attendance of thirty-three. Reta Hurd presided and Jean Stephenson conducted the devotional. A girls' quartet sang. Robert Hastie read an interesting story on "Making Friends". Mrs. E. Pearson gave an address illustrated with beautifully colored lantern slides on "Seeing India with Shera". Five new members joined.

A Lenten prayer service is held every Wednesday evening at the United Church. This week Mr. A. McLean of Westminster Presbyterian Church, Willowdale, will give the address. A cordial welcome to all.

The annual Good Friday morning service will be held in Newtonbrook United Church with Rev. C. H. Dickinson, B.A., B.D. as special speaker. The local ministers will also take part. Music by Willowdale United Church Choir.

The regular meeting of the Woman's Association will be held on Thursday at 10.30 a.m. This will be a sewing meeting. The business meeting will be held after luncheon.

Among those who attended the Provincial Temperance Federation Convention held in Trinity United Church, Toronto on Tuesday and Wednesday of this week were Mrs. M. Campbell, Rev. A. H. and Mrs. Halbert, Mr. and Mrs. J. L. Caines, Mr. and Mrs. Galbraith and Mr. W. T. New.

Let us decide honestly what we can do, and then do it with all our might.—Amelia D. Barr.

Now Is Good Time For Seed Cleaning

Should be started early in season—Valuable pamphlet available free from Ont. Dept. of Agriculture.

Seed cleaning should be started early in the season when other work is not so pressing and there is more bulk from which to select seeding requirements, states John D. MacLeod, Crops, Seeds and Weeds Branch, Ont. Dept. of Agriculture, Toronto. All seed should be cleaned at least twice. The object the first time is to remove small, light material and weed seeds, so that a much better grading job will be accomplished by the second cleaning.

Do not feed the mill too fast, a well graded sample cannot be expected if the machine is fed to its full capacity. Do not be afraid of blowing heavy grain, in fact, to do a good job the odd heavy kernel must be blown out.

Scouring is now considered a necessary part of cleaning oats. Tails are removed, double oats are broken up, small weed seeds are shaken out of the crease in the kernel and a polish is given the sample. As a result of scouring, grain is easier to clean, it flows through the seeder more evenly making possible a lower rate of seeding and it is believed that the sample germinates more uniformly.

The fanning mill should be set where an abundance of light is available, it should be level and solid and turned with a uniform motion. When selecting screens for cleaning oats an effort should be made to select two and probably three of each in order that one may have a second or third choice. The following screens have proven to be the best as riddles for cleaning oats: 7/64 x 3/4 and 8/64 x 3/4 zinc oblong and 3/4 x 6 wire mesh; 7/64 x 3/4 has proven the best for most varieties of oats. However, in some of the older mills where the wind comes right up through the riddle, 3/4 x 6 wire mesh has proven to be a good screen as the wind has greater effect in lifting light grains. Double oats should be removed. They are usually spongy and light and should never reach the seeder box.

The following are recommended as grading screens: 1/12 x 1/2; 1/13 x 1/2 and 1/14 x 1/2 zinc oblong. Late varieties of oats which are smaller usually require 1/13 x 1/2 or 1/14 x 1/2. For grading Hulless Oats 1/12 x 1/2 is recommended as a riddle and 1/16 x 1/2 as a grading screen.

A pamphlet on seed cleaning, also on the operation of a fanning mill are available on request. Write the Crops, Seeds and Weeds Branch, Ont. Dept. of Agriculture, Toronto.

The following are recommended as grading screens: 1/12 x 1/2; 1/13 x 1/2 and 1/14 x 1/2 zinc oblong. Late varieties of oats which are smaller usually require 1/13 x 1/2 or 1/14 x 1/2. For grading Hulless Oats 1/12 x 1/2 is recommended as a riddle and 1/16 x 1/2 as a grading screen.

DO YOU KNOW?

That the Olympic game records for the years 1912 to 1936 show the United States athletes established eleven of the 23 records; the British athletes won 2 events, Germany 2 events, Japan 2 events, Finland 3, Canada 1, Poland 1 and New Zealand 1?

That L. Shotwell of Coventry, Kentucky, made an all time Individual Bowling Record when he rolled 774 points in 1930?

That Venceslas Spacek of Bohemia holds the record for swimming the English Channel and that he covered the route in 1926 in 10 hours and 45 minutes?

That John Vander Meer was the first big league baseball pitcher who accomplished 2 successive no-hit no-run games in a season?

That the largest Championship Battle Gate Receipts was accomplished at Chicago on Sept. 22, 1927 when Gene Tunney defeated Jack Dempsey, the total receipts being \$2,650,000?

That the Boston Bruins scored more goals in the season of 1929-30, (namely 179), than any other N.H.L. team ever scored in one season?

Reduce Silk Hosiery Expenditure

Silk stockings need to be washed after every wearing but constant washing in hard water is harmful to the delicate threads.

Soap does not dissolve completely in hard water and it is almost impossible to rinse away the soap scum and curds that form. These adhere to and dry on the threads, making them brittle, which then break easily and another pair of stockings have to be discarded.

DURO WATER SOFTENERS

eliminate the lime and magnesia from your water supply. It is these elements that make water hard. With Softened Water, less than one-quarter the usual quantity of soap flakes is required to produce an abundance of suds, which are fully rinsed away, leaving dainty garments and silken hose fresh and clean.

Duro Water Softeners can be quickly attached to your water supply line in the basement. Priced as low as \$65.00, and available in sizes to suit the Softened Water requirement of every type of home.

Also available on an Easy Payment Plan.
