CHILDREN'S CLOTHES SHOULD BE WASHED AT HOME

RUMP AND TEAR, fall and slide, cuts and bruises! Children's clothes need frequent washing . . . to keep their garments clean, sanitary . . . to keep infection away from their tender skins . . . to keep them healthy . . . to awaken their pride in personal appearance.

There's no place like home and no method surpassing the new, modern Apex electric washer to keep clothes immaculately clean . . . to wash them quickly, easily, thoroughly, economically.

The new Apex Pressure Cleansing Wringer, is an important part of home laundry equipment. It squeezes out the soiled, soapy water and with it thousands of tiny particles of dirt. No injury to buttons, buckles or the most delicate fabrics.

You should acquaint yourself with the many new features of the new 1940 Apex "Speedliner" Beauty Line.

Seed Fair Develops Interest in Good Seed

Also gives farmers opportunity to learn of most recent developments in field crop production.

A seed fair is one of the best means of developing interest in better seed states John D. MacLeod, Crops, Seeds and Weeds Branch, Ont. Dept. of Agriculture, Toronto. It has an educational value in that growers and others are given an opportunity of inspecting good seed of high quality, and the crop program which is held in connection with every fair gives farmers an opportunity of becoming informed regarding the most recent developments in the production of field crops. Information is received, questions are asked and an exchange of ideas takes place which is of inestimable value. Therefore every farmer should visit at least one of the seed fairs being held in his neighborhood.

A seed fair gives seller and buyer of seed an opportunity of meeting. Quantities of good seed usually exchange hands, and the seed sale, which may be held at the conclusion of the fair, gives farmers in the area in which the fair is being held an opportunity of obtaining high quality seed. Classes which demand that the sample on exhibit be representative of a definite number of bushels for sale may be included in the prize list.

A seed fair has an advertising value. The grower who consistently wins at a seed fair has no difficulty in disposing of his surplus seed. A prize winning sample is an advertisement for the grower, the seed cleaner who prepared the sample and for the county or district in which it is grown. A county or district can soon build up a name for itself as a seed producing centre and a seed fair is one medium through which this can be accomplished.

Crops which should be encouraged may be introduced by including classes for the same in the prize list and a competitive spirit and an urge to improve is developed, exhibitors who have not been in the prize money are determined to produce something better the following year.

The seed fair which best serves its purpose is the one which is well planned and faithfully supported by the farmers within the county or district.

Lower Production Costs Apple Growers Advised

Faced with possibility of entire shut-down in exports to Great Britain this fall—study spray schedule.

Faced with the possibility of an entire shut-down in apple exports to Great Britain next fall and winter, which would leave an extra six million bushels to be consumed in Canada, the Ontario Apple Growers' Association meeting in Toronto have recommended every effort to reduce production costs this year.

It was pointed out that every application recommended in the Ontario spray calendar is essential and that if one or more were omitted, much of the benefit of previous sprays would be lost. For example, there would not be much sense in producing wormy apples free from scab or scabby apples free from worms.

The directors of the Apple Growers Assn. advise the use of the cheapest effective spray materials and advise close study of the two main spray schedules recommended in the Ontario spray calendar copies of which may be obtained from Agricultural Representatives or by writing direct to the Ontario Department of Agriculture, Toronto.

The Bordeaux-Lime Sulphur schedule costs about one-third less as far as materials are concerned and is very effective, but not quite as safe as the non-caustic spray schedule which under normal conditions is to be preferred.

If weather conditions make it possible, the delayed dormant and pre-pink sprays could be merged. This can often be done in orchards where it is not necessary to spray for San Jose scale.

The directors also recommended the elimination of undesirable varieties and old trees from all orchards, particularly in districts heavily infested with codling moth. They also discouraged the planting of apple trees in tender fruit districts because of the high cost of codling moth control in such sections.

NEWTONBROOK

The Girls' Mission Circle held their Easter Thank-offering meeting at the Parsonage with Miss Irene Smith presiding. Miss Doris Newton conducted the worship service. The guest speaker was Mrs. A. W. Galbraith who gave an inspirational Easter message which all enjoyed very much. It was arranged to hold a Birthday Tea in April following the regular meeting when two other Circles would be honored guests. Refreshments were served and a happy social hour enjoyed by all.

Mrs. Frank Mitchell of Ridgedale, Sask. is a guest this week of Rev. and Mrs. A. H. Halbert.

The Easter services in the various churches were well attended last Sunday with special music and messages. The weather was exceptionally cold.

The Sacrament of the Lord's Supper will be administered in Newtonbrook United Church next Sunday, March 31st at 11 a.m. with a reception of new members.

The Golden Rule Mission Band held its Easter Thankoffering meeting in the church auditorium last Tuesday evening when the parents and friends of the Band members were guests. There was a large attendance and all enjoyed the program given by the girls and boys. The meeting opened in the regular way with a call to worship by the president, Reta Hurd. The Easter devotional service was conducted by Joan Hewitt, a nine year old member. The Band Leader, Mrs. A. H. Halbert, gave a short address of welcome. Mrs. A. W. Dewey, Mission Band Secretary for the Toronto Centre Presbyterian W.M.S. brought greetings. Mrs. A. W. Galbraith also spoke a few words of appreciation to the Mission Band for the splendid work they are doing. An Easter Pageant was then presented entitled "A World Wide Easter" in which about 25 children took part. The main part of the pageant was taken by Ruth Campbell. The following were dressed to represent the various countries: Reta Hurd, Africa; Elise Wells, China; Jean Taylor, Japan; Kay Cook, India; Margaret Adair, Korea; Jean Stephenson represented Home Missions and Jean Shaw the Spirit of Missions, and a large group of world children dressed in Oriental costumes. The Pageant closed with a consecration hymn "All for Jesus".

Thelma Hewitt gave a recitation and Reta Hurd, dressed in a sari presented a monologue entitled "Challi's Soliloquy". A very informative address on India was then given by Mrs. J. S. MacKay who spent many years in India as a missionary. She also brought a very fine collection of curios and explained how they were used. The next meeting of the Mission Band will be held on Saturday, April 6th at 2.30 p.m. in the S.S. Hall.
