## COUNTY COUNCIL URGES WORK FOR ENEMY ALIENS

York County Council in session this week urged that interned enemy aliens should be forced to work in labor camps for road construction or some form of development of our natural resources. They also urged the government to compel all naturalized Italians and Germans to register with municipal authorities and to report at least once a month. All guns and revolvers found in the homes of these Italians and Germans should be immediately confiscated, in the opinion of councillors.

Both these resolutions will be forwarded to the Minister of National Defense and the Prime Minister at once. Attached to them will be a rider that naturalization of all enemy aliens be stopped at once.

Deputy-Reeve George Mitchell, of North York, sponsored a resolution to have both the Federal and provincial governments review the question of relief recipients' allowances.

## STOP TALKING DO SOMETHING SOUND ADVICE

Immediate purchase of \$123,000 worth of war savings stamps by York County, as part of its contribution toward Canada's war effort, was urged at York County Council sessions this week.

It was suggested that the money could either be borrowed and levied against next year's county tax rate, or could be obtained through a special one mill levy for war charities.

"We have all talked about what we would like to do to help Canada win the war," declared Reeve Gardiner. "Let's stop talking and let's do something. The government has made available for us war saving stamps. Let's launch a buying campaign for these stamps at once. We have the money and we must spend it if our freedom, our democracy and our Empire is to be saved."

Reeve Gardiner called upon York County to take the initiative among counties in purchasing war saving stamps.

"Let us start the ball rolling," he said. "If we can gather \$123,000 for a war effort, so can other counties. Within a few days the counties of Ontario could raise millions of dollars for the purchase of war equipment."

Reeve F. G. MacRae strongly supported the views of the reeve of Forest Hill.

"We talk about buying tanks and forming rifle clubs," he said, "but the main issue is raising money. And the best way to raise funds for adequate and modern arms of war is through the war stamp scheme." The council referred the suggestion to the by-laws committee for consideration.

## NATIONAL REGISTRATION TO START AT ONCE

National registration of manpower of Canada will be the first undertaking of the government under the National Resources Mobilization Act, which is being hurried through Parliament to give the government power to assume complete control over persons, wealth, industry and property in Canada.

Registration details have not been completed but it is likely the enumeration machinery set up for preparing voters' lists may be utilized. Questionnaires will be sent to every person to be filled in and returned. The Bureau of Statistics will assist in classifying the returns.

The registration will precede commencement of training men between 18 and 45 years for home defense. There, however, will not be any lengthy delay in commencing the enrolment of males in the militia units which are to provide training up to a three-month period. Re-opening of 250 armories is planned and work will be commenced upon the formation of the vast civilian army. Persons with conscientious scruples against bearing arms will be exempt.

## Thieves Make Raid On King City

Nervy thieves entered three King City homes and the C.N.R. station early Saturday morning, and the same gang is blamed for a series of similar robberies throughout the County. At King City the homes of Rev. Douglas Davis, Arthur Wellesley and Alfred McBride and the C.N.R. station were entered by the burglars. Apparently the station was the first entered, where unsuccessful efforts were made to open the safe. Alfred McBride heard sounds in the house and came downstairs to find the front door opened and a strange man going out the back door, but nothing missing. Arthur Wellesley found a window raised, a door open and cigarettes missing. The United Church parsonage suffered greatest at marauders' hands. They had entered the kitchen, gone through into a clothes press, removed the car keys from Rev. D. G. Davis' coat pocket, taken several pieces of silver and a pair of socks. Finally they entered the garage and took the car. Mrs. Davis saw the car being driven away and was unable to call for help soon enough. Mr. Davis said the car was in excellent shape, even to gas and oil refill on Saturday evening. George Davis and Jack Stone took chase in Stone's truck but saw nothing of the Davis car.

At Aurora a man entered the home of Dr. G. W. Williams, chairman of the Aurora high school board and coroner of Whitchurch township, and removed \$100 from a dressing room adjoining the bedroom occupied by Dr. Williams and his wife.

"I did not hear a thing and we did not know anything about the theft until the following morning," Dr. Williams stated.

The same gang is blamed by police for the theft of \$23 and a wrist watch from Frank Griffith's home, Aurora. The watch, a gift to Mrs. Griffith, has the family name inscribed on the back and is valued at about \$25, police state. The theft was made in the room in which Mr. Griffith and his wife were sleeping.
