OBITUARY

LATE HENRY MOYLE

A lifetime crusader against the evils of the liquor and opium traffic, a staunch churchman and keen student of social problems and public affairs, Henry Moyle died at his home here Sunday, July 14th, after an illness of about four months. Born on a farm on the Brantford-Paris road he spent the early part of his life in agriculture, later moved to Toronto, and has lived in Richmond Hill since 1915. Throughout his lifetime he was closely associated with the church and with every movement whose object was the furtherance of temperance. He made an extensive study of the opium traffic and devoted much time and means in an effort to stamp it out. He was a keen student of public affairs and staunch supporter of the Liberal party. Agricultural problems were always the subject of his thought and study, and his whole life was one freely devoted to public service.

His wife, Annie Davies, daughter of the late William Davies, died in 1892, and he is survived by three sons, Dr. Robert D. Moyle of Eastbourne, England, William D. Moyle of Victoria, B.C. and Harry of Richmond Hill. There are three sisters, Miss Anna of Richmond Hill, Miss Isabella and Mrs. William Davies of Toronto, and one brother Fred Moyle of Didsbury, Alberta.

The funeral was held Wednesday afternoon, service being conducted by Rev. Dr. Vining, of the Baptist Church of which the late Mr. Moyle was a lifelong and devoted member, assisted by Rev. J. D. Cunningham of Richmond Hill Presbyterian Church. Interment followed in Mount Pleasant Cemetery, the pallbearers being Reeve T. H. Trench, Dr. J. P. Wilson, B. B. Jordan, H. B. Stirling, A. G. Robinson and Wesley Andrews.

SOFTBALL NOTES

Richmond Hill Trounce Newmarket Redmen

George Stong, pitching his best game of the season, subdued the mighty sluggers of the Newmarket Redmen on Tuesday night of this week in a game that featured everything in softball except the usual arguments between the two rivals, by a one sided score of 18-7.

In their half of the first inning Newmarket went down in order, Luck, Hilton and Cain being the victims. It was a different story in the Hill half of this frame when a twelve-man parade faced Glover, the southpaw from the north, with eight men scoring before the side was retired.

Tomlinson managed to get a hit in the second but he died on second base when the next three batters went down in order. The Hill boys continued their steady barrage in their half with three more runners scoring, to lead by an 11-0 score.

Newmarket made a mighty bid in the third, getting three men on base with two away but Tomlinson failed to come through with a hit. Richmond Hill showed no mercy on the left-hander and pounded out six hits in this inning which netted three runs.

In the fourth Newmarket still were unable to hit Stong with the result no runs were counted, while the Hillers netted four more runs for a total of 18 in four innings at bat, which is a fair average in any league.

The fifth inning saw Newmarket break the jinx when Luck cracked out a double and scored on an error. The Hill went down in order, as Newmarket finally decided to throw in their ace hurler, Wes Niles, with VanZant going in to do the back-stopping chores.

The sixth inning accounted for no runs as both sides went out in fast order.

The seventh inning proved to be the big inning for Newmarket, what with Stong tiring somewhat and the team in general helping the visitors' cause by several fumbles. Before the smoke of battle had cleared away six runners had crossed the plate before Jimmie Crean made the final out on VanZant's bid for a hit to end the game. The final score was 18-7 in favor of Richmond Hill.

In their return exhibition game with the classy Oshawa outfit on Wednesday night the Richmond Hill boys started in where they left off on Tuesday night and collected a total of 13 runs to defeat Oshawa by the lop-sided score of 13-2.

Tuesday night of next week Richmond Hill will play hosts to the fast-climbing Aurorians who have jumped from cellar position to the top rung. This game should be well worth the price of admission as in their previous meeting in Aurora these two teams played to a 5-all deadlock.

So men, women, girls, boys and friends of the community, pack your basket again next Saturday afternoon and we will try it again, this time to Mr. Ratcliffe's grounds (townline), remember each family is asked to take a salad, sandwiches and something for dessert, e.g., pie, cake, tarts or cookies. Those who can get the afternoon off are asked to meet at the Sunday School at 2 o'clock S.T. and any of the busy folk who can't get away for the afternoon are invited to go in time for supper and the evening. Just milk the old bossy a half hour earlier and come and join in the fun. Supper served from 5 to 6.

York County Farmers Organize Branch Agricultural Federation

AIMS TO VOICE NEEDS OF FARMING INDUSTRY — OFFICERS ELECTED

At a remarkably well attended meeting of York County farmers at which were present seventy delegates from most of the thirty-six agricultural organizations of the county, it was unanimously decided to organize a County branch of the Canadian Federation of Agriculture, thus bringing the number of county federations up to fifteen. Sponsored by the Agricultural Committee of County Council, the meeting was called to order by Reeve W. H. Pugsley of Sutton, chairman of the Agricultural Committee who called on Reeve Jas. Rennie of Markham and secretary of the committee to preside.

The speaker of the day, Mr. H. H. Hannam, President of the Canadian Federation of Agriculture had just returned from attending provincial federation meetings in Western Canada and outlined to the meeting the business-like progress being made by the farmers of the west who are really investing money in the organization they hope will some day give the farmers a place in the national economic programme of Canada, not by entering politics but rather by placing their farming interests first, along with that of the nation and their individual choice of politics second.

"If farm prices had kept pace with manufactured goods, according to to-day's price of a grain binder to the farmer, butter would be 50c. per lb. instead of 21½c., hogs 15c. per lb. instead of 8½c. and wheat \$1.50 per bus. instead of 70c.," stated Mr. Hannam. "All wealth" continued the speaker, "flows to the city, not from it, since it must come in the first place from one of the four basic industries, lumbering, mining, fishing or farming where nature provides the resources to be developed. No government is going to run to a multitude of organizations to seek the opinions of the farmers of Canada so we must unite our forces under one head and put a man on the government's door step at Ottawa to keep the farmers in touch with the government and the government in touch with the farmers." Mr. Hannam assured the meeting that plans are well under way for this now.

V. S. Milburn, Secretary of the Ontario Federation discussed some of the problems that come up and how a county federation can assist with these. As secretary also of the Cream Producers he pointed out the need for some strong hand in the switching of cream sales to cheese production as the present surplus of butter is bearing down all dairy produce prices and we have a shortage of cheese which Great Britain is contracting for.

A Provisional Board of twenty-five directors was elected by the various organizations and these in turn elected their officers at a subsequent meeting. Jas. Rennie, on account of his wide connection with various types of farm organization and also the County Agricultural Committee, was elected to the presidency by acclamation; Wm. J. Buchanan, of Downsview, was elected
