

To the Ratepayers of Vaughan Township

Council Appeals To Citizens To Cut Weeds In Front of Property

The need for economy in all branches of public administration so that as much as possible of our resources may be directed for war purposes has been strongly emphasized by our leaders during recent weeks. In keeping with this policy which we heartily endorse Vaughan Township Council is appealing to the farmers and property owners throughout the municipality to cut weeds in front of their own homes and farms.

The cutting of these weeds by the municipality costs a considerable amount of money annually, and it is our hope that by the individual property owner assuming this responsibility, the municipal treasury will be saved the expense.

This is a time of National crisis, a time when we must all do our share of National Service, and we must anticipate increasing burdens as taxpayers. We think it is our solemn duty to curtail public expense wherever possible, and weed cutting on roadsides and streets is one item on which we think we can save the taxpayers' money.

Please take this as the appeal of your Township Council, to co-operate in conserving township finances by having the weeds cut in front of your own property.

We thank you, in anticipation of your response to this appeal.

R. W. SCOTT, Reeve of Vaughan.

Letters From The People

Editor The Liberal
Sir:—

It is Saturday morning, a man is waging alone an almost hopeless war in the garden against weeds which are so thick they almost make it impossible to follow the rows of vegetables.

Millions of people in the world, probably including those of our own beloved land, will starve to death this winter, more than will die from bullets and shrapnel. Motorists are streaming by on the highway bound for their week-end vacation and indulging themselves generally in a way that would seem to indicate a failure to take full account of what is ahead and the question naturally arises what are we going to do about it. What can be done about it?

I have often thought while toiling in the harvest fields how true it is today as when it was written, "The harvest truly is great but the laborers are few"; and how much more enjoyable it would be if the world more generally realized the glorious privilege of toiling in the fields and eating of the fruits which he has helped to harvest and learning at least something of the ways of nature and what it means to be in harmony with God.

People all over the world have been driven from their homes in the crowded centres to the wide open spaces where they more naturally belong. Had they realized the danger they doubtless would have spread out into the country in orderly fashion without waiting to be driven out by bombs and machine guns.

Isn't the lesson obvious? Let the farmers of this glorious and privileged country open their hearts and their hands and their lands to people in the cities. Let the citizens open their minds for instruction in the ways of nature. Let them learn the lessons which come with toiling in the fields, "bringing in the sheaves."

"With God all things are possible—nothing is possible without Him."
Yours truly,
Fred Sloan.

RICHVALE

Barber Shop Open

Mr. J. Taylor announces in this issue that he has opened a barber shop on Spruce Avenue, Richvale opposite the church which will be open every evening except Saturday. Mr. Taylor who has been a resident of the community for some time, is an expert barber, having conducted a business in Toronto for many years.

On Saturday, July 20th, an Open-air Dance will be held at Spruce Avenue, Richvale. Dyer's Orchestra, Baseball, Bingo, other attractions. Admission 25c.

MORE MEN REQUIRED 40,000 IN NUMBER FOR ACTIVE SERVICE

Canada's immediate demands for men for the Active Service forces were detailed by Ministers this week. Both in the House of Commons and by radio Minister of National Defence Ralston said there was room for nearly 40,000 more men in the C.A.S.F. Without fixing any date whatever, he said a large body of troops would be proceeding overseas shortly. A substantial part of the Second division is now on duty outside Canada and the disposition of the remainder less a proportion needed in Canada at the present time, was a matter of deliberation among the War Committee of the cabinet. There were something like 76,000 men enlisted in Canada and many were required to perform a variety of duties demanding varied training, such as coastal defence, guards of internment camps and vulnerable points, and the tactical defence of Canada. Detachments were required to go to the outposts of this continent or the outposts of the Empire to perform special duties.

Men who did not want to enlist in the Canadian Active Service Force at the moment, would have an opportunity of enlisting in the non-permanent active militia and putting in two weeks' training at headquarters and two in camp. Those who did not desire to enlist in either of those would be called out for training in connection with the general mobilisation. The first quotas of these would be called out in six weeks' time.

Resulting from the inability of Great Britain to now supply the heavy equipments necessary for Canadian Active Service Force units Canada was doing everything possible to supply her own. If a second division was despatched overseas Canada expected to procure overseas a good deal of the heavy equipment. The motor transport for the second division was over there now. The Department expected to have Bren gun carriers and a little later on to be able to send them over in replacement of those to be supplied by the United Kingdom in the first instance.

With regard to uniforms sergees were coming in at the rate of 14,000 per week summer dress at the rate of 21,000 per week. These amounts would be accelerated substantially within the next two or three weeks.

As to sea defences the Prime Minister told the House, four Canadian destroyers were sent across the ocean at the request of the British Government. Steps taken to meet the weakening of our own defence force as a consequence of this, were taken. What these steps were the Prime Minister left to be detailed by the Defence forces themselves at such time and in such manner as appeared advisable.

JAM MAKING FOR VOLUNTARY WAR SERVICE

The Women's Institutes of Ontario with the co-operation of the Red Cross have launched a campaign to use surplus fruits to provide jam for the overseas needs of our troops, hospitals, evacuees, etc. With this end in view the local branch of our Institute have started on the work. To-day they are making gooseberry jam. To the donor of the berries we are extremely grateful. All small fruits will be preserved as they come on the market, except cherries. Any person desiring to help with donations of fruit for this purpose might get in touch with the jam committee viz., Mrs. G. Yerex, Mrs. Walker Hall, Mrs. Sayers or Mrs. J. Pollard.

In connection with above the Women's Institute are holding an afternoon tea at the home of Mrs. Jerry Smith on Tuesday, July 30th. Proceeds from same to buy sugar. Please keep date in mind.

Keep your chin up — there'll always be an England.

PROCEEDS FOR PUBLIC WELFARE AND WAR WORK

Riding and Hiking in The Clouds

TWO highlights of the summer season in the Canadian Rockies will be the more than usually interesting outings planned by the Trail Riders and Trail Hikers of the Canadian Rockies. Their mid-summer excursions on horseback or by foot into beauty spots off the beaten path will be especially attractive this year to Canadians who will stay away from the United States because of high monetary exchange and to Americans barred from the holiday resorts of Europe and attracted to Canada by favorable exchange.

The Trail Riders will hold their five-day outing from July 26 to 30, following a spectacular trail from

Marble Canyon in British Columbia to Lake Louise. The Trail Hikers of the Canadian Rockies will have one central camp for four days in the magnificent Egypt Lake and Simpson Pass summit area. Their outing is from August 2 to 5.

Both these organizations have a world-wide membership. Anyone can join, the only qualifications being a love of the open and the willingness to share common pleasures with others. On the trail, members sleep in tents or Indian teepees; simple but satisfying meals are dished up in the cook-tent; trained packers and guides do the heavy work. All unnecessary frills are eliminated, however, bringing the outings right down

to the hearty basic pleasures of the out-of-doors and keeping the costs at a minimum. J. M. Gibbon, Windsor Station, Montreal, secretary for both organizations, reports a growing interest in this type of holiday and expects record numbers to take part this year.

Other special entertainment planned for this year in the Banff-Lake Louise district includes such fascinating events as the Indian Days' celebrations at Banff, July 18-21; Banff Golf Week, August 18-24; Banff School of Fine Arts, August 1-31; the annual Stampede at Calgary, July 8-13; and the annual camp of the Alpine Club of Canada at Glacier Lake Camp, July 14-20.
