King City District News

Mrs. Kay, wife of Dr. A. F. Kay of Schomberg who is representative for refugee children to the Schomberg district reports a fine response in the offer of homes for guests of Canada. In fact many offers throughout the township generally have been made. Others, because of poor health, or advanced years, etc., have offered their homes to mothers and children capable of looking after themselves.

Miss Marjorie Jarvis entertained King Women's Institute last week to an afternoon meeting fully enjoyed by some thirty members able to be present. The absent ones missed a treat. "Jarvacres" was cool, green and colorful with flowers, an ideal spot for an outdoor meeting on a warm afternoon. The roll was answered with the names of Canadian women. Current events were given by Miss Jarvis; a piano solo by Miss M. Campbell. Mrs. Norris gave an interesting account of her early experiences in the Canadian West in sparsely settled parts where resourcefulness played a large part in everyday life.

The local candidates successful in entrance examinations are to be congratulated. Several have the honour mark.

King City unit of King Township Red Cross have finished the finance campaign, turning in \$432.25, covering an area in and about King City. Results were gratifying Chairman Crawford Wells reports.

Under the jurisdiction of Oak Ridges Red Cross a men's section has been organized, headed by Donald Frisby of Temperanceville, as chairman; D. Goulding of Vaughan as Secretary; Captain S. C. Snively of Whitchurch as Treasurer. The area assigned to this branch takes in portions of four townships—King, Vaughan, Whitchurch and Markham, approximately 50 square miles, extending from the third of King and Vaughan, east through the fourth of Whitchurch and Markham; north to the subway sideroad and south to Elgin Mills. Four township chairmen have been appointed as well as Ben Langley of Whitchurch, as Blood Donor Convener. Plans for National Red Cross Campaign beginning on September 23rd have already been set up. It is the intention of the committee not to canvass any for financial contribution who have already been approached on the border lines by campaign conveners of other areas. For example, those on the third of King who gave into the King City branch will not be visited again. No canvass duplicate is expected as far as we understand. As a supplement to this effort, another department is being set up under the same committee to investigate the advisability of collecting saleable material. This may include paper, tin, tin cans, rubber, tinfoil, etc.

Blood donors will also be called for and each home will be sent a questionnaire dealing with Red Cross work, such as knitting, sewing, etc. Watch your local newspapers for detailed advice from Oak Ridges branch.

Nobleton Women's Institute has turned in 17 large quilts and 7 small quilts to Schomberg Red Cross Station since mid-winter. Snowball women are busy quilting in the school house. The fourth annual Archibald reunion was held at Elm Park, Woodbridge, on Saturday, July 13, celebrating the 87th birthday of Charles Archibald of King. With the honoured guest was Mrs. Archibald, 79 years of age and coming into their 58th wedding anniversary in October. The occasion was a very happy one especially when Mr. and Mrs. Archibald received the gift of a huge birthday cake and the many felicitations of their friends. More than 100 were present from many sections of the country. They numbered into the fourth generation and have family traditions dating back to 1756, in England, France, Germany and later in United States and Canada. Charles Archibald is of Loyalist stock and an amazing gentleman for his years. He has been a victim of accidents and sickness but has the sturdy conviction and determination to climb out on top that his Scottish ancestors manifested in their pioneer days. Despite the crippling that two badly broken legs gave him a few years ago, Mr. Archibald just doesn't stop work. Bible study and reading are his pastimes. Mr. Archibald has 7 children, 24 grandchildren and 6 great-grandchildren.

He was the oldest member at the reunion and the four months old daughter of Aubrey Archibald of King, the youngest. The group will meet on the last Saturday in June 1941. Mr. Groombridge predeceased her some years ago. Surviving are three children, Mrs. Stewart and William Groombridge of Toronto, Silas Groombridge of King; six grandchildren and six great-grandchildren. Interment was made in Prospect Cemetery, Toronto.

RATIONING MAY COME HERE

It may become necessary for the Dominion Government to cut down on the imports of oil simply as an economic matter. The Minister of Finance and the Foreign Exchange Control Board may find themselves compelled even to ration gasoline in order to preserve cash for other war essentials. Such a suggestion may sound like a terrific hardship. But, before we have won this war and preserved the British Empire and all that it stands for, we will have to make up our minds to endure a lot worse hardships than a mere rationing of gasoline. It would be a great inconvenience and people would not relish the idea, but if that is the worst we have to put up with to win the war, we can count ourselves fortunate indeed.—(From the Windsor Star.)

Buy British, Buy Canadian, and help win the war.

Beautiful Columbia Icefield Highway New Thrill for Visitors to Rockies

The newly completed Columbia Icefield highway, leading northward from Banff and Lake Louise in the Canadian Rockies, will provide unique motoring thrills when it is officially opened for traffic in July. The new road, which cuts through one of the most beautiful sections of the mountain playground, furnishes direct access to the great Columbia Icefield, 150 square miles in extent, whose melting ice is the source of rivers which eventually find their way to three oceans, the Pacific, the Arctic and the Atlantic via Hudson Bay.

The highway runs through the very heart of the great mountain chain. It follows the valleys of a

succession of wild, tossing rivers; skirts impressive, age-old glaciers; runs along the shores of tumbling streams and jade-green lakes; passes roaring cataracts and rapids.

This mountain region is not barren or colorless. Instead, beneath great snow-capped peaks are great spruce and pine forests, glittering glaciers, translucent bodies of water, peaks looking for all the world as though huge paint pots had been spilled down their cliffs and terraces. Bears, elk, moose and other big game can be seen along the roadside and there is good fishing in the waters of the district.

This new highway promises to be an important factor in attract-

ing greatly increased numbers of visitors to Banff Springs Hotel, Chateau Lake Louise and Canadian Pacific mountain lodges this summer. An interesting programme of special events has been planned in view of the record numbers of visitors expected from all parts of this continent and includes the Indian Days celebration at Banff, July 18-21; Trail Riders of the Canadian Rockies, July 26-30; Sky-Line Trail Hikers, August 2-5; Banff Golf Week, August 18-24; Alpine Club of Canada outing to Glacier Lake, July 14-30; and Banff School of Fine Arts, August 1-31. The annual Stampede at Calgary, Canada's greatest Wild West show, will be held from July 8 to 13.
