### THE ACID TEST

Golf is one of the best tests of men there is. You learn from a man's golf game how well he can stand disappointments, and how he takes such success as a 10-yard putt. You learn how persistent he is, or how easily beaten. You find out what kind of sport he is, thus, what kind of man.—(From the Guelph Mercury.)

## King Twp. Red Cross

A meeting of the Executive of the King Township Branch of the Canadian Red Cross Society was held at the Community Hall, Nobleton, on the evening of September 9th. All units of the Branch were represented.

Considerable discussion regarding the time of holding a canvass of the district this fall took place. It was decided that due to the lateness of the harvest and other farm work that the canvass for funds would be made during the last week of October.

This Branch has made very good progress since its organization last November. Units have been formed at Schomberg, King and Nobleton and active work carried on at these centres. A canvass for funds was made in these districts. Other organizations have supported the Red Cross by holding various entertainments, the proceeds from which have been donated to the Branch. Through donations and personal canvass over \$1400.00 has been raised to date. Quantities of supplies have been forwarded to the Toronto warehouse and workers of the district are now organizing the fall work after a summer season when the work rooms were comparatively idle.

Plans are being made to conduct this fall canvass for funds over the whole Township. Minor details of the organization will be completed and the Executive looks forward to doubling the output of the Branch in the coming year.
