

## How To Keep From Markham Township Growing Old

Always race with locomotives to crossings. Engineers like it. It breaks the monotony of their jobs. It is always a good test for your car.

Always pass the car ahead of you on curves or turns. Don't use the horn because it might unnerve the other fellow and cause him to turn out too far.

Demand half the road—the middle half. Insist on your rights.

Always lock your brakes when skidding. It makes the job more artistic. Often you can turn clear around.

Always drive fast out of alleys. You might hit a policeman. There's no telling.

Always drive close to pedestrians in wet weather. Dry cleaners will erect a monument to your memory.

Always try to pass cars on a hill when it is possible. Never look around when you back up. There is never anything behind your automobile.

A few shots of booze will enable you to make your car do real stunts. For permanent results, quaff long and deeply of the flowing bowl before taking the wheel.

Drive as fast as you can on wet pavements. There is always something to stop you if you lose control—often a heavy truck or a plate glass window.

New drivers should be shown how to drive fast in heavy traffic. It gives them the experience every motorist should have.

Always speed! It looks as though you are a man of pep even though an amateur driver.

Never stop, look or listen at railroad crossings. It consumes valuable time, and, besides, nobody believes in signs.—Selected.

## OAK RIDGES

West York Deanery Anglican Young People is joining in the Dominion wide Corporate Communion Monday, Thanksgiving morning, and will celebrate Holy Communion together at 9 o'clock. Breakfast will be served in the hall at 10 o'clock. All members of the Anglican Young People are cordially invited.

"How did you manage to live to be 107, Mr. Whosis?"

"Well, you see, I refrained from smoking, drinking, took plenty of exercise and stayed out in the fresh air."

"Well, I had an uncle who did all of those things, but he died at 57."

"Well, you see, he didn't do them long enough."

The regular meeting of Markham Township council was held at Unionville Monday afternoon with Reeve James Rennie presiding and all the members present. The council took no action in the matter of placing before the ratepayers the question of deciding whether or not it is their wish to have two year terms for municipal councils. The new provincial legislation provides unless the question is put to the people, the two year term automatically comes into effect in 1941. Many municipalities throughout Ontario have already made provision to submit the question to the ratepayers for decision.

Mrs. McLaren of the Thornhill Red Cross interviewed council re the collection of scrap iron and waste material as part of the war effort. She was advised that council was taking no action in the matter and that it was left for the various organizations to undertake the work if they so desired.

Several protests were received from residents of Elgin Ave., Thornhill, protesting against the condition of the roadway. Mrs. A. Thompson of Thornhill asked for a grant to the Thornhill Public Library.

Constable Gayman's report disclosed considerable thieving throughout the municipality. A grant of \$15 was voted to the East York Plowmen's Association and \$10 to the North York Plowmen.

Relief accounts passed totalled \$177.96 and general accounts totalled \$499.14. General road accounts included \$161 to Hoover and Roberts for gravel, and \$185.04 to J. W. Perkin for gas, tire and wire.

## VICTORIA SQUARE

Reserve the date November 3 for the Anniversary Services. The morning service is not altogether planned yet, but in the evening the Rev. E. Harold Toye of Kingston Rd. United Church, Toronto, formerly a student minister of Richmond Hill, Headford and Victoria Square circuit will bring the message. Mr. Toye has four sons who have great music ability and they will accompany their father, giving vocal quartette numbers.

Congratulations are quite in order for our little town this week. The following are the winners: Master Jack Rumney, Juvenile Champion of Richmond Hill High School Field Day; Master George Rumney and his pony for winning first and second place in two races at Markham Fair on Friday and Saturday; Mrs. Donald Pickering and her sister Miss Eloise Perkins who entered 12 classes of candy and baking at Streetsville Fair on Thursday, October 3, bringing home six first prizes and two seconds; Miss Dorothy Valliere who secured first prize for a knitted sweater, third prize for a pair of socks, second prize for Robin Hood Flour rolls and fourth prize for Robin Hood Flour bread at Markham Fair. How's that for putting our little town on the map?

On Monday evening our local Y. P. U. entertained Headford Y. P. U. in the basement of the church. The evening was spent in games and enjoyed by those present, numbering about 50. Even Rev. and Mrs. McKay were present to enjoy the fun. It is a pleasure to have them join in our mid-week meetings. As the regular meetings are held on Sunday evenings the minister doesn't very often have the chance to meet with the young people. Weiners, buns, pie and coffee were served at the close of the evening.

All those who knew Mr. Ross Middleton were pleased to see his picture in last week's Star as one of those who had safely returned home. Although perhaps not as fit as when he left after having rheumatic fever, still happy and the same good scout as we last saw him. Welcome home Ross.

Mr. and Mrs. Alf. Smith of Cashel and family, also Miss Irene Smith of Toronto, spent Sunday with their parents, Mr. and Mrs. Chas. Smith.

Those who have cars please don't forget to call at the church for some who may not have a way over.

The Fall Training School is now in session in the United Church at Aurora. It meets every Wednesday evening during October and the first Wednesday evening in November. Cars leave the corner store at 7.30 each evening. This is as it has always been a very worth while school, and takes a lot of work for the Presbytery officers to plan, and therefore should be attended in as large a number as possible. Plan now to attend next week.

On Tuesday Mr. and Mrs. A. Buchanan attended the funeral of their aunt Mrs. T. Buchanan of Elia. On Wednesday Mr. and Mrs. A. Valliere attended the funeral of their cousin Mrs. Nutley of Hamilton. The sympathy of the community goes to these two families in the loss of a relative and friend.

Mr. and Mrs. Cree (nee Elsie Cripps) spent Tuesday with Mr. and Mrs. Donald Pickering and also called on a number of friends in this community, it being the second anniversary of their marriage.

Mr. and Mrs. Cecil Nichols and family and Mr. and Mrs. Stanley Boynton had tea with Mr. and Mrs. Jack Frisby and Graham on Tuesday evening. The occasion was Mr. and Mrs. Frisby's tenth wedding anniversary.

The annual Thank-Offering meeting of the W.M.S. will be held on Friday evening, October 18th, at 8 o'clock. Rev. McKay will be the speaker. The musical numbers will be given by Miss Gwen Smith, Headford, Mr. and Mrs. Lorne Baker, Gormley. Everyone is cordially invited to be present.

The meeting was opened by the president Mrs. Wilbert Crook and the scripture was read by Miss Betty Hoiles. Doing their bit in the nation's war effort, girls of the Woodbridge "Sing-singers" club have decided to collect aluminum and other metal.

## TAPIOCA

Tapioca (Manihot utilisima) is a perennial herb of the natural order Euphorbiaceae, a native of South America. It has a thick, fleshy, spindle-shaped rootstock, from which arise knotted stems bearing alternate leaves which are deeply divided, finger-fashion, into seven lance-shaped lobes. The root is the important part of the plant, but its flesh is permeated with a bitter, highly poisonous juice, which is got rid of by grating the flesh and pressing it into cakes, which are subjected to heat. The expressed juice also deposits much starch, which is dried on hot plates and becomes the tapioca of commerce.

## WHERE'S ESSEN?

We have not, for some reason, heard of the R.A.F. bombing of Essen lately. I have just been given one sufficient reason, on decidedly good authority. An English business man whose particular work has taken him to Essen at least half-a-dozen times a year for years past was recently shown photographs of the Ruhr Valley area taken from R.A.F. reconnaissance machines after several bombings. His verdict after a close examination, was that Essen was just not there. He may have been wrong, but the story the pictures told for him was that the place he knew so well had simply gone.—From the London Spectator.
