More Milk Per Cow is the secret of

Low Cost Milk Production

The amount of milk a cow gives depends on two things — her breeding and the feed she gets. The breeding is up to you or to the breeders from whom you buy your cows. The choice of feeds is up to you too.

Master Dairy Feeds, fed according to instructions, will enable your cows to produce all the milk their breeding allows. If you want to get the most out of your cows, feed reasonably priced Master Dairy Feeds. **START NOW!**

(Dear Friends:—

Life ought not to be all drudgery. Did the thought ever come to you that the great mission of a preacher and a church is to make people happy, and not good? That thought was mentioned one time by a young lady in a former S.S. class of the writer, and it has given food for thought several times since. Robert Louis Stevenson said: "My mission in life is to make people happy, and not good, for if they are happy, they will be good." It was Jesus who said "I am come that they might have life, and have it more abundantly," and He has been lifting life to happy heights ever since.

If, therefore, people are happy in their church life, the other things will come. If they are happy, they will give, of time, talent and possessions; they will enjoy going to church, and feel like sinners if they stay away (if not afraid of missing something!) In short, everything will go more smoothly and everyone will be looking at the world through rose-coloured glasses, instead of smoke 'specs'.

We are thankful for all happy people, and doubly thankful that there is a goodly share of such in Thornhill, and in the Thornhill United Church congregation. We note with satisfaction the few signs which show that the church life is quickening, and we hope that such evidence will become increasingly numerous, and be evident to all.

You will please remember the Anniversary Tea and plan to be present—we hope! It is to be held in the S.S. room on Wednesday, October 23rd from 6 to 8 p.m., and the admission charge, including the entertainment to follow, is to be but 35c. Rev. Mr. Hunnisset and his Boys' Orchestra, from Fred Victor Mission, will provide the program for the evening. Come and be with us at this time; you will enjoy everything, we know.

Special services this Sunday, and special music by the choir both morning and evening. We are not going to say any more about it now, but we can promise you a very happy and profitable time next Sunday evening, both during the service and during the Fellowship Hour which will immediately follow. At the conclusion of the evening service, you will please wend your way to the S.S. room, where we will enjoy all that is being prepared in the way of singing, discussion, lantern slides and refreshments. 'Nuff said for now? 'Nuff said! (Except to say that there will be five young men behind the pulpit, instead of one, and all with preaching experience and coming highly recommended. If the young people (and all others) are not inspired and challenged next Sunday evening it will indeed be very strange. Be seeing you? We extend to one and all a cordial invitation to come and worship with us and have fellowship with us on these two special occasions. You are always welcome. And so, hoping to see and greet many of you after the services this coming Sunday, we say goodbye until next week, and may God be with you.

Sincerely,
Your Minister.

UNDAUNTED U BOAT VICTIMS

SURVIVORS of the crew of the Canadian Pacific cargo liner Beaverburn received a warm hearted welcome on landing at a British port. They expressed their happiness on reaching dry land again by singing "Auld Lang Syne." Upper left shows members of the crew, cheery, in

spite of their ordeal, preparing to do justice to a hot meal and tea. Part of the crew, marching along the wharf after landing, are shown in upper right. Note the sailor who only had time to don his trousers. He is wearing a

more fortunate comrade's vest. Captain T. Jones, commander of the Beaverburn, was heartily congratulated on his handling of a most serious situation. Center shows a port authority official adding his word of praise. The Beaverburn was torpedoed early in February.
