

Christmas Decorations

With the approach of the Festive Season, may we remind you of the potential danger to life and property from Christmas decorations, such as bunting, cotton to represent snow, etc. Nothing can render these displays absolutely safe, and if accidents are not to mar the holiday season constant vigilance and care is necessary.

The rapid spread of flame in such inflammable material, should a fire occur in a crowded store or meeting, is almost certain to occasion panic, especially where large numbers of children are gathered, with the attendant risks to life. A few simple precautions may reduce the danger to a minimum, and some of these we take the liberty of enumerating:

Is inflammable material clear of and not hung over heating and lighting devices, steam pipes, stove pipes, etc.?

Are your electric circuits properly fused and not overloaded by the addition of temporary lights? An examination of your electrical installation by the Provincial Hydro Inspector suggests itself.

Are fire extinguishing appliances sufficient, in good order and readily accessible?

Are exits plainly marked and not obstructed?

St. Paul's, Vaughan

The November meeting of the St. Paul's W.M.S. Vaughan was held at the church with the St. Andrew's and St. Paul's Young People's Guild as their guests. The meeting opened with hymn 41 with the president, Mrs. J. McNeil, presiding. The lesson was taken from 1st King 2nd chapter followed by prayer. Hymn 381 was sung and prayer by Mrs. E. Harris after which the minutes of previous meeting, also treas. report and business and the roll call was answered by the word wisdom. Mrs. McNeil called on the president of the Guild, Mr. George Snider, and a splendid program followed. Miss Agnes Martin sang a solo and Mr. Wilson from Knox College gave a splendid talk on his life on a western mission field which was enjoyed by all. Mr. Neil McDonald, accompanied by Miss Dora McDonald, played a lovely violin solo and a contest on the books of the Bible was led by Miss Jean McDonald and George Snider after which prayer followed by Mr. Bowman and lunch was served in basement of church and a social hour spent.

Canada's own crude oil comes chiefly from Alberta, and this chiefly from the Turner Valley field. In September, for example, out of a total of 842,000 barrels produced in the Dominion, 815,000 came from Alberta, and 812,000 of these from Turner Valley. During the first nine months of 1940, the supply from all Canadian sources was 8.3 per cent in excess of the supply in the same period of 1939. No doubt the government is going to increase the supply from these Canadian sources as it gradually curtails the supply from the United States.

Premier Godbout of Quebec delivered an address in Toronto last week which should go a long way in improving relations between the English speaking and French speaking elements of our population. It was commended by the Toronto Evening Telegram. When the speech of a French Canadian Liberal premier is commended by the Telegram it must be good.

The population of Greece is well below 7,000,000, or less than Canada had thirty years ago in 1910, and less than Ontario and Quebec together have today. Its area is about that of Canada's three maritime provinces. These are things to remember when measuring the gallant effort Greece is making.

Your obligation to the War Saving Stamp Campaign is not ended with the purchase of one or two Savings Stamps. It is your duty to buy them as often as you can possibly afford until the war is won.

Enemy agencies are spreading false propaganda in the United States to the effect that it is very difficult for Americans to enter or leave Canada due to war regulations. Visitors and tourists from the United States are a great asset to our war effort on account of the American money that they spend while here. When corresponding with friends or relatives south of the border always mention the fact that entry to and departure from Canada of American people is quite easy. By doing this you will help to counteract this false propaganda and help our national war effort.

When you buy your Christmas gifts this year, buy useful articles in preference to articles that can be classed only as luxuries. Also make sure that they are of Canadian or British manufacture. By doing this you will help to win the war.

Congratulatory messages were showered on Mr. and Mrs. Peter Aitchison when they celebrated their 55th wedding anniversary at their home in Pine Grove last Monday, December 9th. The couple were married at Todmorden in 1885. Mr. Aitchison, one of the oldest men in this area, is approaching his 90th birthday.
