WIN WAR WITH VITAMINS SAYS LIONS' SPEAKER

That Grouchy Feeling Too May Be Due to Certain Vitamin Deficiency, Says Dr. Carson

"We can win the war with Vitamins," said Dr. J. H. Carson, president of the Vitamin Oil Company which recently established a distributing plant in Richmond Hill in addressing the Lions Club last Thursday evening. "Hitler says he can produce synthetic vitamins, but he can't do it," said Dr. Carson, "and if we can just sit back and keep Germany from getting the essential vitamins in fats and oils she cannot survive." The speaker traced the development of important discoveries about Vitamins which now number many, the most recently discovered being Vitamin "p". Many of these essential vitamins are supplied in Cod Liver Oil and Halibut Oil. Telling of the development of Halibut Oil Dr. Carson said it was only a few years ago it was difficult to get fishermen on the West Coast to save the precious oil is extracted. Now the income from Halibut livers means millions of dollars to the fishermen.

The Empire's supply of oil rich in the necessary Vitamins is closely guarded by our government, and the exportable surplus of the United States is all taken by Britain. In a most interesting manner the speaker outlined the different Vitamins, the source of their supply and explained the necessity of everyone having a sufficient supply in their diet. Deficiency of sufficient of certain vitamins causes night blindness, nervousness, and general irritability which sometimes causes domestic troubles often can be wholly traceable to a lack of certain vitamins. So if the better half is a little off-color some morning try a little cod liver oil. We don't guarantee that it will work but according to the Vitamin experts it may be the cause.

The universal use of cod liver oil and halibut oil for growing children is the result of the discovery of the importance of Vitamins. The great progress made in combatting rickets, scurvy and many other diseases is the result. One of the great benefits of sufficient of the necessary Vitamins is in building up resistance against colds and other infections. How did the present generation ever survive then, said the Doctor, when our parents never heard of Vitamins. It is partly explained he said as a survival of the fittest. Then too he said our present diet is different to that of years ago. We live too much now with the aid of the can-opener and canned vegetables do not have the same strength in Vitamins as the vegetables fresh from the garden. Many vegetables he said twenty-four hours after picking have lost half their goodness in Vitamins.

A vote of thanks on behalf of the Lions to the speaker for his very interesting and instructive talk was moved by R. D. Little and Dr. J. P. Wilson and heartily endorsed by the members.

STOUFFVILLE CHRISTMAS MARKET

Traffic was almost at a standstill in the main business block in Stouffville last Friday, so large was the crowd at the Christmas Market Fair.

Geese and chickens were plentiful with turkeys in smaller quantities than other years. Prices were high and it was said to be a seller's market.

General price for turkeys was 30c. a lb., with choice birds going at 33c. and 35c. Geese were steady at 20c., with individual sales at 22c. Ducks also went at 20c., with chickens at 20c. and 22c.

RICHMOND HILL HIGH SCHOOL TERM REPORT

The following students, in alphabetical order in their respective forms, have passed satisfactory term examinations. Individual reports, showing standing in various subjects are being mailed to parents who are asked to read them carefully, write any advice or comment on the report, sign it, and return it by the students on the first day of school next term, Monday, Jan. 6, 1941.

LOOKING FOR TEAM OF GOOD PERCHERONS

Mr. R. L. Stiver of Markham Township was a welcome caller at The Liberal Office last Saturday. "Reub" who recently lost his valuable team of grey perchérons is in the market for another pair. He is a lover of good horses and if anyone of our readers has a span of class perchérons Mr. Stiver is a good prospective buyer.

Unionville Wedding Anniversaries Are Events of the Holiday Season

Mr. and Mrs. John Miller Celebrate Golden Wedding —
Mr. and Mrs. C. E. Stiver Mark Fifty-Fifth,
and Mr. and Mrs. Robert Myers their 60th Anniversary

The golden wedding anniversary celebration held by Mr. and Mrs. John Miller at their home on Tuesday, December 17th brought many friends extending happy felicitations to this splendid couple in event of this happy occasion and also 50 years residence in Unionville. A son, George Miller and Mrs. Geo. Miller; a daughter, Mrs. Ruby Boyle, Miss Mary Ann Kelly, sister of Mrs. Miller and Mrs. J. Travers, sister of Mr. Miller assisted in receiving the guests. Large bouquets of golden and pink mums were the drawing-room decorations. The dining room in charge of Mrs. Russell Boyington, Mrs. Miller's niece, was attractive with golden mums and festoons of gold colored paper. The dining table with lace cloth was centered with the anniversary cake, made by the hostess and decorated by her grand-daughter Eleanor Boyle.

Mrs. C. E. Stiver, a neighbor for many years, and Miss Mae Prichard of Toronto poured tea in the afternoon with Mrs. Wm. Lunan assisting in the evening. Dining room assistants included two grand-daughters, Eleanor Boyle and Ruby Miller; Mrs. Howard Browley of Toronto and Miss Jean Watson.

During the evening a feeling of good fellowship and friendship was expressed when the near neighbors came in and presented the host and hostess with a lovely lace table cloth. Congratulations and gifts were received throughout the day from absent friends.

"The peace that's the sweetest isn't born of minted gold,
And the joy that lasts the longest and still lingers when we're old
Is no dim and distant pleasure—it is not tomorrow's prize,
It is not the end of toiling or the rainbow of our sighs.
It is every day within us—all the rest is hippodrome—
And the souls that are the happiest are the souls that build a home.

Mr. and Mrs. C. E. Stiver were happily surprised on Monday evening when a number of neighbours called to offer congratulations on the occasion of their fifty-fifth wedding anniversary. A pleasant evening was spent in games and refreshments followed. The Liberal joins in extending congratulations to the splendid couple who have made their home in Unionville for so many years.

Unionville is becoming quite distinguished for wedding anniversaries still another on Christmas day when Mr. and Mrs. Robert Myers celebrated their 60th wedding anniversary.

Mr. Meyers also had the distinction of having a birthday on the same day. We offer congratulations.

Mr. and Mrs. Thos. Myers Celebrate Diamond Wedding Anniversary
Unionville has the distinction of a number of wedding anniversary celebrations these days and on the list none more popular than the celebration by Mr. and Mrs. Robt. Myers in reaching the 60th milestone in wedded life.

Born and married in East Dryden, Yorkshire, England, Mr. and Mrs. Myers, in interview with The Liberal recalled the stormy fourteen days crossing from England in 1886 when along with their two children, Robt. Myers, (Mr. Myers father), and a brother Thos. Myers, they came to make their home in Canada, arriving at Elmira and later in 1889 moving to Unionville, where they have since resided.

Wages were about 25 per cent of present rate, yet everybody was happy and able to give a helping hand to his less fortunate neighbor. "We adopted Canada as our permanent home," said Mrs. Myers, "and have had no desire to leave it."

Mr. Myers faithfully carried the mail for twenty years, retiring a short time ago. He is an ardent Conservative, an Orangeman and both are long-time members of St. Philip's Anglican Church.

Five of seven children are living George of Saskatoon; Thomas, Unionville; Ben, Toronto; Hannah (Mrs. Fred Williamson) and Jack of Markham.

The Liberal joins many friends in offering congratulations to Mr. and Mrs. Myers and extends best wishes for many more years of happy sojourn amongst Unionville friends.

YORK COUNTY POLICE SURVEY
A survey of police forces in the 26 municipalities of York County, which has just been completed, discloses a total of 165 county and municipal officers are policing a 300,000 population in an area of 849.5 square miles.

Compared with the policing strength of other large municipalities throughout the world, York County is very much understaffed, the survey reveals.

In United States and Great Britain the ratio of police per population is one officer for every 1,000 population. In the city of Toronto the ratio is one officer for every 625 persons.

In York County the ratio is .66 police for every 1,000 population.

Daniel Stong Edgeley Honored on 84th Birthday

Mr. Daniel Stong of Edgeley was pleasantly surprised Sunday afternoon when his two sons, Clarence and Earnest with their wives and families gathered at his home and made him guest of honor at a combination Christmas and birthday dinner. Mr. Stong was 84 years old on Sunday and is enjoying fairly good health. His hearing is somewhat impaired and rheumatism keeps him confined to his home, but mentally he is as keen as ever. Mrs. Stong died last June, but had she lived until next February 2nd they would have celebrated their diamond wedding anniversary. The Liberal joins with Mr. Stong's many friends in wishing him many happy returns.

Markham Twp. Red Cross to Collect Scrap

Plan Collection in Early Spring
The Township of Markham Red Cross Society branch in an endeavor to increase its funds to carry on its necessary work, intend instituting a scrap metal collection throughout the entire township in the early spring. All residents of the township, on farms and in the police villages, are earnestly asked to gather up their scrap metal and lay it aside in a convenient place until the Township Red Cross trucks call in the spring. Scrap metal is urgently needed, but the roads are against gathering it up at this time. Just as soon as the roads permit, there will be a Township campaign and everyone will be called on. Do not throw away your old 1940 motor licenses—they are valuable scrap. Tin cans are not wanted—they are of no value. Old brass or bronze, iron or cast, or other metal will be appreciated.

Let us all help the Red Cross in this very valuable manner.

SKATING AT RICHMOND HILL ARENA

Councillor Wes Middleton has announced that every Monday evening will be "Old Timers" night at the Richmond Hill arena. Old timers, for skating purposes, are defined 19 to 90. There will be the regular skating every Wednesday and Saturday evenings. There will be a special skating party New Year's Eve.

ST. MARY'S SUNDAY SCHOOL CHRISTMAS TREE

The children of St. Mary's Sunday School together with their parents and friends had a most enjoyable evening on Friday last. The children were served supper, after which they enjoyed games and carol singing. At this point Santa Claus came on the scene and had a real visit with the children, presenting them with prizes and gifts. After Santa Claus had departed for other parts, Mr. H. Watford treated the gathering to a real entertainment of moving pictures. All voted a delightful evening.

FOX RANCH BUSY

These are busy days at the Thompson Fox Ranch west of Bethesda in the Gormley district. Killing has been going on at the rate of 80 to 100 foxes a day. The pelts are shipped from Stouffville to Powassan where there is a large curing plant. Over \$15,000 worth of pelts have been shipped so far this season.
