WOODBIDGE VOTERS ELECT A. B. COUSINS

Going to the polls Monday Woodbridge electors chose A. B. Cousins as reeve of the village for 1941. Mr. Cousins was making his first bid for the reeve's chair after serving the municipality in various civic offices for 17 years. He sat on the school board for 7 years and has been a councillor for 10 years.

Sixty per cent of the eligible 598 voters cast their vote, 194 going to Mr. Cousins and 165 to the defeated candidate, N. George Wallace. The latter had been reeve by acclamation for the past 5 years. First returns, announced from polling sub-division No. 2, gave Mr. Wallace a lead of 10 votes. This lead was later wiped out when sub-division No. 1 results gave the new reeve a majority of 39 in the northern half of the village.

During the day, village electors were also called upon to give their opinion on the government's proposed 2 year term. 212 voted "No" while 134 voted "Yes".

Following is a summary of the village vote by sub-divisions:

FOR REEVE		2 YEAR TERM	
Cousins	Wallace	Yes	No
No. 1, Town Hall	105	66	94
No. 2, Orange Hall	89	68	118
	194	134	212

"Bragson talks a great deal about his family tree."
"Yes, a family tree is much like other trees; the smallest twigs do the most rustling."

Get Seed Grain Early Advice of Dept. Following Survey

Agricultural Representatives have copy of survey listing seed grain supplies county by county—compiled by Ont. Dept. of Agriculture officials.

The second annual Ontario Seed Survey compiled by the Ontario Dept. of Agriculture from information assembled by 53 Agricultural Representatives, shows that in the province as a whole, there is apparently sufficient supplies of good quality seed of all standard varieties to meet the demand, except for a possible shortage in some of the small seeds. This is always of course provided those requiring seed secure supplies early while the grain is still available and before being fed to live stock or otherwise disposed of.

Officials point out that with a shortage of trained labour the production of large yields on limited acreages by good cultivation, judicious application of fertilizers and the use of STRONG, VIGOROUS PLUMP SEED OF SUITABLE VARIETIES, becomes paramount in the production of maximum crops with the minimum of labour in 1941.

Ontario has the seed. Every Agricultural Representative has a copy of the seed survey which lists county by county and district by district the names of those having seed for sale and the quantity. The best advice of the Department is to see this list at the office of your local Agricultural Representative or nearest seed cleaner in order that you may locate your seed supplies early before the best seed is picked up and while prices are still very reasonable.

Held Churchill Prisoner of War

As the "Commando on Wheels" on its tour of South Africa passed through Bethlehem, Orange Free State, an interested caller was "Oom Jan" Lamprecht.

Forty-one years ago "Oom Jan" was fighting on the Boer side in the South African war. In the same war, Winston Churchill, Prime Minister of Great Britain, was the war correspondent of a London daily. On November 15, 1899, a Boer column of which "Oom Jan" was a member blew up an armoured train in Natal and took Mr. Churchill prisoner. Mr. Churchill was placed in charge of "Oom Jan" and subsequently escaped.

When Mr. Churchill became Prime Minister, Mr. Lamprecht wrote to him, reminding him of that Sunday in Natal, and expressing the hope that this time Mr. Churchill would be more careful.

In reply, Mr. Churchill sent a copy of his memoirs with the inscription "To my old friend, J. D. Lamprecht." "It is strange," Mr. Lamprecht said in a recent interview "that I should now be supporting my former foe in the struggle for freedom. But the cause for which we are fighting is just. That is the only thing which matters."

The "Commando on Wheels" is a mechanized convoy three miles long, touring the Union of South Africa to show the army to the country.

WOODBIDGE

Mr. D. Longhouse, 8th Ave., celebrated his 88th birthday December 26th. Although bedridden since he suffered a stroke in July, Mr. Longhouse enjoyed Christmas dinner with his family. He retired from his farm on the 9th concession of Vaughan 21 years ago and has taken a great interest in the Woodbridge Agricultural Society where he has been a director for 60 years. He never missed attending the annual fair until he suffered a broken leg in recent years.
