WAR SAVINGS STAMPS DRIVE

The most important news before the eyes of Canadian people at present is the activity across the country in preparation for the campaign in February to enlist at two million men and women as regular war savers.

Canadians may take pride in the knowledge that shrewd economists throughout the outside world are watching Canada's war effort with intense interest.

There is more to this forthcoming campaign than raising 20 million dollars a year. It is likely true that the Government could scrap this job being done by tens of thousands of voluntary workers, add 120 million dollars to the objective of the next war loan and get the money.

By placing emphasis on the sale of War Savings Certificates, our leaders at Ottawa are giving almost everybody an opportunity to have a financial stake in the future of their country.

The policy is a long-sighted one. Put simply, this is what happens when we refuse to spend all the money we earn in war time and invest our savings in Certificates:

We store up spending power against the time when the war is over and the war factories suddenly shut down. Then people will cash their Certificates and start buying all those peace-time needs they have been doing without during the war.

Canadians ask a full-out war effort. Make that full-out war effort possible by devoting regularly a portion of your income to the job of carrying on the war.

NOT OUR BATTLE ONLY

His Excellency, the Governor General of Canada: "We are fighting not only our own battle for our own freedom. There are millions of people throughout the world, and especially in occupied Europe, looking to us and to us alone for their deliverance."

FROM FAR AND NEAR COME GIFTS TO WAR CAUSE

Freewill gifts to Canada's war cause range from far and wide. The Lions Club of Albuquerque, New Mexico, sends \$2 to "buy half a dozen screws for that Spitfire of the Canadian Government".

FARM PROBLEMS

Farm problems are to the fore these days, and a delegation representing the Canadian Federation of Agriculture waited on the Dominion Cabinet Monday.

TAXES BY INSTALLMENT

For the first time in Canadian history, income tax payers will be given the opportunity of meeting their payments on the installment plan, without interest, according to an announcement by the Income Tax Division of the Department of National Revenue.

HELP WIN THE WAR

You will be called upon during the next few weeks or so to help with the campaign to increase the sale of War Savings Stamps and Certificates.

Thornhill United Church News

The Parsonage, Thornhill, Ont., Monday, January 27, 1941.

Sorry, good friends, that we were late last week, but you can rest assured it will not be a very frequent occurrence.

Fellowship Service every Sunday after the evening hour of worship. You are invited.

Sunday, March 23rd, morning and evening, Rev. J. C. Cochrane, D.D., North Bay, and his pictures.

Special services throughout Easter week, and in our own Church, a membership service, a communion service, an illustrated lecture based on the Easter truths, and the sacred cantata, Darkness and Dawn, to be presented by our own choir, assisted by outside artists.

Just a few announcements to add to those of the previous week: A last-minute reminder of the fact that the Thornhill branch of the Red Cross Society will be holding its annual meeting in the Thornhill Public School on Friday afternoon at three o'clock and that all are welcome.

The executive of the Toronto Centre Presbytery Young People's Unions will be the guests of the Thornhill Y.P.U. next Monday night, and will be in charge of a portion of the evening's activities.

The choir of Thornhill United Church is sponsoring a program to be held in the United Church on the evening of Friday, March 7th. We will have with us on that occasion the very excellent and well-known Junior Choir of West United Church, Toronto, Herman Fowler, Director.

Our organist and his good wife are arranging a party to be held early in February in the S.S. room, for the members of the choir, and it gives promise of being a most interesting and enjoyable occasion, especially in view of the fact that all guests are to come attired in the garments of childhood.

A week from next Tuesday the members of Thornhill Y.P.U. have been invited to join the young people of Queen Street United Church, Toronto, in an evening of fellowship and service together. It will mean a lot to the young people of this particular church in this congested and most difficult area to have our young people with them as their guests on this occasion, and we do hope that a goodly number of our young people will be able to attend.

About twenty of our young people went to Carlton St. United Church last Sunday night to hear the stirring and challenging message of the Rev. "Bob" McClure, M.D., who is about to return to China to resume his very strenuous and dangerous duties in the war-torn area of that country.

A college paper a few years ago offered a prize for "the best definition of life", and the campus wits and would-be-cynics had a wonderful time. Here are a few definitions which won honourable mention: "Life is a bad joke which isn't even funny."

conviction of God. Such a conviction heightens and deepens the meaning of every experience of life. The absence of such a framework, the lack of an outlook and perspective which might throw a shaft of light on the picture of life and our place in it, is a major cause of the "breaking down", the "tearing apart" of personality.

No more till next week, so, with the following thought we say goodbye: "The divine essence itself is love and wisdom."

Obituary

MRS. ROBT. TANNER

Member of a family that has been established in the King City area for the past century, Mrs. Robert Tanner died Friday, January 17, in a Toronto hospital. In her 87th year, she carried out a family trait of unusual longevity.

Funeral services were held from a Dundas Street funeral chapel on Tuesday afternoon. Interment was in Prospect cemetery.
