Peelar's R.O.P. Sired Barred Rocks

When you go to a hatchery to order chicks this spring find out what they have done in a breeding way to better the quality of their chicks and compare it with Peelar's.
During the past season we had the honor of filling an order received by the Dept. of Agriculture, Ottawa. This order was from a breeder in the Orange Free State, South Africa for 6 pullets and 2 cockerels. These had to be outstanding birds with good breeding. At New York in the Central Egg Laying Contest competing against many of the most prominent breeders in the United States we had the high Barred Rock pen.

At home this past season we made better records in R.O.P. than ever before. Qualified a larger per cent of birds with more eggs per bird.
