A large crowd attended the pictures put on by the Coca Cola firm and sponsored by the Horticultural Society in Lawrence Memorial Hall on Monday evening last. The one set of slides of F. T. An added delightful feature was a free bottle of Coca Cola given with each ticket, which you can guess was highly appreciated especially by the young folks. Proceeds are being forwarded to the British War Victims Fund.

Thompson kindly offered to crochet the squares together.

There was an exhibit of refinished furniture and Mrs. Neil, who conducted the classes explained how the work was done.

A new type of quilt made from men's socks, suitable for overseas was on display and it was decided that at the April meeting the various members would each bring one pair of old socks which will be sufficient to make one quilt.

### KING CITY

Temperanceville district regrets to lose Mr. and Mrs. Charles Henshaw and family who have been residents on Miss Shepherd's farm for twelve and one half years. They expect to locate on Creed's farm near Woodbridge. They have been active in all phases of the community life, good neighbours and faithful members of St. John's Church, Oak Ridges. Mr. Henshaw has been quite successful with the management of the high class cattle on the farm. Mrs. Henshaw is president of Temperanceville Women's Institute and a member of Oak Ridges Red Cross branch.

Major A. H. A. Watson, Field Secretary of Red Cross, brought several talented artists from the Toronto Conservatory of Music to Schomberg on Monday evening last, presenting a fine musical entertainment, the proceeds going to the Township Red Cross Treasury.

On Friday, March 28, Nobleton W. I. will quilt 4 quilts for war work, in the Community Hall, 40 or more ladies being on hand for the day. They begin work in the morning; have a pot luck dinner and finish the quilts sometime before bedtime. Accommodation at the Hall is so adequate and great things are being accomplished because the community was public spirited and careful foresight was employed to furnish the locality with a desirable building in which to work and play.

Mr. George Agar entertained "milk can" patrons on Tuesday evening at King Masonic Hall, some 100 or more sitting down to supper, followed by a dance. This annual party has become an institution of no mean proportion.

Mrs. Robert White, 8th line King, marked her 92nd birthday on March 17th. She has been confined to bed for 18 months, not sick but weak. Mrs. White, while unable to read, is interested in everything about her, and far out into other parts of the world. She has a cheerful disposition and likes callers. She came from Ireland when a bride and has spent most of her life on the eighth of King. She has always been associated with the ninth line Presbyterian Church.

Mr. Harry Finch is recovering from an operation and is doing well. Mrs. G. S. Stone still continues to improve from an operation.

Mr. and Mrs. Charles Archibald are getting well again, although Mr. Archibald's progress is somewhat slower. Mrs. Gates and the Wellesley family are carefully tending them.

The mid weekly Prayer Meetings held in local churches since January 6th have been well attended, with attendance somewhat increasing. It has doubtless proven a source of strength to those who have participated and we hope the effects of such earnest endeavours prove far-reaching and permanent. They will continue this April.

**LATE CLARENCE SHROPSHIRE**  
The burial of the late Clarence Shropshire of Aurora took place in King cemetery last Sunday. His early death at the age of 34 is the cause of great regret among friends and school chums of this vicinity. He attended Kinghorn Public School and later lived at Temperanceville. Surviving are his wife, Viola Thompson and child; his mother, Mrs. E. Shropshire, sister and brother. We extend sympathy to all.

GET THE FACTS AND YOU'LL GET A FORD!

# IT'S THE **BIG** CAR with the **THRIFTY** Engine!

Have you seen the Ford . . . the big new 1941 Ford. In actual feet and inches it's the roomiest car in its price class. Greatest inside length! Greatest total seating width! Extra knee-room and head-room! Wider doors! Larger windshield! A spring-base that's inches longer.

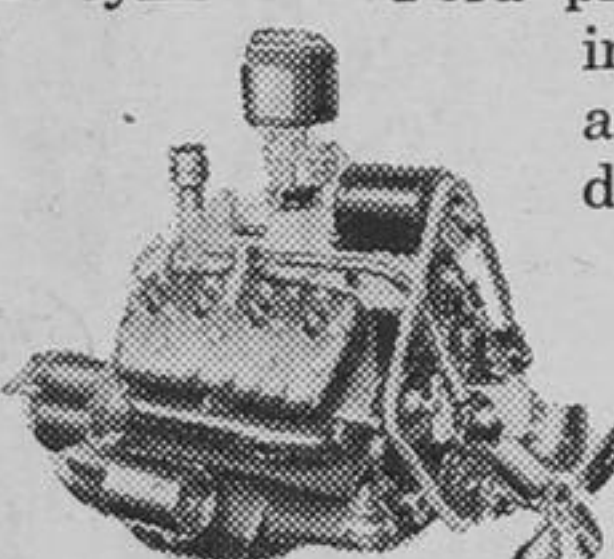

It's the big car with the thrifty engine. Only Ford, at this price, is powered with an eight. Eight cylinders for smoothness as in America's highest priced cars. Gasoline economy, that has outstripped all competition in its class, in one official contest after another. Long life and reliability that

persuades Ford owners to buy one Ford after another.

What's more, the 1941 Ford has that big car "feel"—that road-hugging stability on the curves or on the straightaway.

This year Ford riding qualities are a revelation—a completely new ride made possible by "Slow-Motion Springs," plus improved shock absorbers, new stabilizer, a more rigid frame.

Ford prices are still lowest. Get in touch with a Ford dealer and see what an attractive deal he is willing to offer.

\$35 a month with reasonable down payment buys any Ford V-8
