An Irish farmer was in search of a horse.  
"I've got just the horse for you," said the dealer. "He's five years old, sound as a dollar and goes ten miles without stopping."  
The Irishman threw his hands skywards.  
"Not for me," he said, "not for me. I live eight miles from town and with that horse I have to walk back two miles."

**PEEL COUNTY LEVY \$138,553 FOR 1941**  
Amount Is \$60,000 Less Than Last Year, Council Hears

The Financial report for the county of Peel, as introduced to county council recently, revealed that the estimated levy for this year would be \$138,553, which is \$60,000 less than last year. Chairman of the finance committee, W. A. Bates, revealed however, that a large part of the \$60,000 was composed of \$48,000 which had been assessed for school purposes but which has been withdrawn from municipalities who have now adopted their high school areas. The net reduction is \$12,616, of which the debenture levy is \$11,007 and a balance of \$1,608.

For charity and welfare work \$24,348 has been levied. Other levies are: General expenditures, \$23,000; education, \$5,285; debentures for construction and maintenance of county roads, \$33,660; a special levy for Toronto township for debentures on the Dundas highway and which expires in 1943, is \$1,951.

Scottish Rite Masons of Toronto have recently donated \$2,000 to the National War Services Fund and \$3,000 to the British War Victims Fund. The latter donation was given voluntarily by 1500 members of the Toronto Lodge of Perfection.

**PEEL COUNCIL GIVES LORNE SCOTS \$700**

To Be Devoted Entirely to Soldiers

A grant of \$700 was made by Peel county council recently to the Lorne Scots Regiment stationed in Brampton. Deputy Reeve C. B. Haney of Port Credit explained that the money was devoted entirely to the soldiers of the regiment and was used to supply coffee for their manoeuvres and a 10-cent allowance for travelling when they come from distant points.

"It's the same as street car fare," he told council. "Every bit of the money is used for the rank and file; the officers don't get anything out of it."

In the 80's more than 100,000 horses were engaged drawing street cars up and down streets of American cities.

Up in the country north of Shelburne they really had some snow. On highway No. 24 through Reddickville to Stayner it took two plows nine days to open ten miles of highway with a plow starting at each end of the stretch working toward each other.

**Ontario's Students Offer to Help Relieve Emergency Need for Farm Help!**

Already more than 6,000 of Ontario's sturdy High School students have volunteered their services to the Farm Service Force of Ontario! They are devoting their summer months to help farmers meet the greatest production demands in their experience. Students will be relieved of school responsibilities as farmers require them. Especially prepared courses of study have been offered to fit these willing young people for the summer's work on the farm.

Britain is depending upon Ontario's farmers to supply a great proportion of their needs for cheese, bacon, concentrated milk, and other farm products.

Farmers who have not registered their requirements for student assistance are urged strongly to do so without delay. Simply notify your Agricultural Representative or local High School Principal, or write: Farm Service Force, Department of Labour, Parliament Bldgs., Toronto.
