UNIONVILLE

The special week of preaching conducted by Dr. Duncan MacLeod came to a fine climax on Sunday. At the evening service the United Church was full to capacity. All the week the interest was growing and deepening our faith in God, and our love for mankind. Dr. MacLeod has left messages and impressions that will "stick". Any congregation securing this venerable missionary will never regret it.

Rev. A. J. Orr of Melville led the service of song each night, and it was well done. The following choirs were with us: Melville, Cedar Grove, Stouffville, Ebenezer, Agincourt and Brown's Corners. Central United choir and Brown's Central united for the concluding service. Miss Evelyn Hurrell and Miss Marion Warne assisted at the song services with organ and piano and the combination was enjoyed. Altogether it was a great week.

Easter Greetings

THORNHILL UNITED CHURCH OF CANADA

Rev. Eldridge A. Currey, B.A., B.D., Minister

"May all Easter peace and joy be yours this day."

Dear Friends:—

Easter is the festival of joy and triumph. Joy that the Cross was not the end of Christ; that death was vanquished and the problem of evil forever solved in the triumph of the Resurrection. The message of the Apostles as they went out to evangelize the world was "Jesus is risen." We rejoice today, therefore, not in a crucified, but a Risen Christ. One who is indeed our Saviour, King of Kings and Lord of Lords. He who came willingly and died sacrificially, also Arose Triumphantly! Ring, joyous bells of Easter, Death hath not conquered Life; Victorious is our Conqueror Lord, And finished all His strife; From Calvary's mount of darkness, Lo! Starry lilies bloom; For by the cross we conquer And fearless face the joy.

It is to this Festival of Tomb and Triumph that we invite you and your friends to participate on Easter Sunday. Come and share with us the newness and fullness of Life in Him and unite with us in the prayer that Jesus, the Risen Christ, may soon be triumphant over all the world. Expressing the hope that at this glorious Eastertide your heart may be filled with joy and the beauty of His presence, and that the peace of Easter may be yours in richest and fullest measure, we are

Yours sincerely,
"The Parsonage Dwellers."

A clergyman gave out the hymn, "I Love to Steal Awhile Away." The deacon who led the singing began: "I Love to Steal—" but found he had pitched the note too high.

Again he began, "I Love to Steal—" but this time it was too low. Once more he tried, "I Love to Steal—" but again got the pitch too low.

After the third failure the minister said, "Observing our brother's propensities, let us pray."

An old gentleman saw a small coloured boy who was having some trouble in getting away with the large piece of melon he was trying to eat.

"Too much melon, isn't it, Rastus?"
"No, suh, boss," the darky answered, "not enough niggah."

Freddie Bartholomew was born in London, son of a government clerk. He came to America with his aunt, Miss Myllicent Bartholomew. Freddie has not lived with his parents since he was four. He was then taken under the care of his grandparents, Mr. and Mrs. Frederick Robert Bartholomew. In 1929 his aunt, Miss Myllicent Bartholomew, took him in charge. Freddie's mother came to America in 1936 to institute a suit for his custody. A series of legal actions followed right up until 1939. Freddie remains with his aunt. His parents are not divorced.

"Yes," the teacher explained, "quite a number of plants and flowers have the prefix 'dog'. For instance, the dog-rose and dog-violet are well known. Can any of you name another?"

There was silence, then a happy look illuminated the face of a boy at the back of the class.

"Please, teacher," he called out, proud of his knowledge, "Collie flower!"

Air Raid Horn Heard in Montreal

Photo Montreal Standard

MONTREAL citizens were warned last weekend that the time has come for them "to prepare an air raid shelter" in every home, by Assistant Director Charles Barnes of the Montreal Police Department and organizer of the "CPC" Civilian Protection Committee (15,000 strong).

Above, Director Barnes, and William Fair of the Northern Electric Special Products Division, on the roof of the Company's building, test the Diaphone Horn, twenty-five of which spaced a mile and three-quarters apart on roofs that have been selected, would adequately cover the metropolis. These horns can be heard over an area of four square miles, but to overcome normal sounds within offices, stores, factories, homes and public conveyances, etc., sites half that distance apart have been chosen as a result of many tests.

These horns being operated by compressed air, a reserve supply is available to offset danger of power failure.

BIG NEWS ... for farmers!

AGNES MACPHAIL

former Member of Parliament for Grey-Bruce—and one of Canada's best informed authorities on agricultural problems—is now writing exclusive articles based on her wide experience of the past and her observations today for

The Globe and Mail

Traditional friend and spokesman for the farmer in its news columns and on its editorial page, The Globe and Mail has taken this further step to extend "all-out" editorial assistance to the farming industry. That this help is appreciated is shown in the whole-hearted endorsement given by H. H. Hannam, president of the Canadian Federation of Agriculture, who says:

The Editor, The Globe and Mail,

Dear Sir:

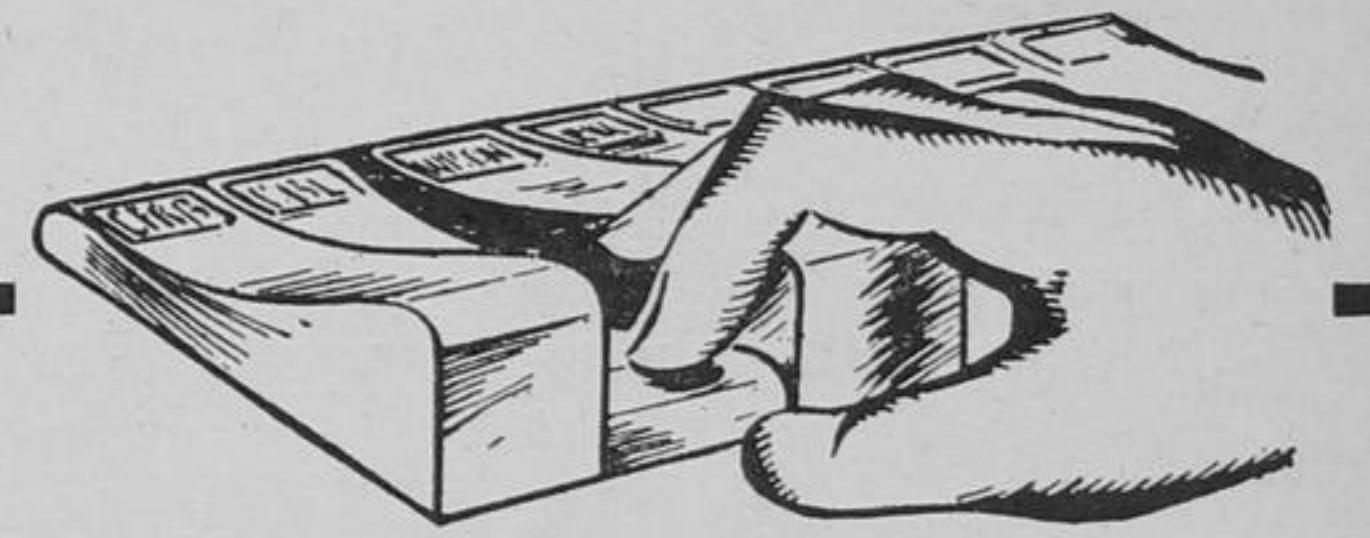

I wish to commend and congratulate The Globe and Mail upon the excellent work which it has been doing recently in giving prominence and generous space to news items of interest to farm people. Particularly are farm people grateful for the excellent editorials which you have carried from time to time, and which indicate a very real understanding of the economic position of the farmer, and the difficulties which he is up against. Your championing of his cause editorially is particularly encouraging. At the same time—since Agriculture is, and must be, the basis of our economy—you are performing a valuable service to Canada as a whole. This is all the more necessary and beneficial, because Agriculture has not had a voice in the councils of the nation commensurate with its importance.

May I add a personal word of appreciation for the fine effort which The Globe and Mail is making, and which will undoubtedly help to get a fair break for the folks on the land.

H. H. HANNAM, President, Canadian Federation of Agriculture.
