

**YOUNG SCHOOL ATHLETES
COMPETE AT LOWER 9TH**

Several hundred children from 11 public schools were on hand last Friday afternoon, May 16th, when the first West Vaughan District Field Athletic meet was held at Lower 9th school, about a mile west of Woodbridge. Keen competition was the order of the day as young athletes vied for 1st and 2nd honours in each event, places which meant their inclusion on a team to represent West Vaughan against other districts at a big school athletic contest at Richmond Hill June 6th. Competitors at this event will come from all schools throughout Mr. W. H. T. Moody's inspectorate.

Schools taking part in the Lower 9th meet, together with their teachers, follow: S.S. 8, Edgeley, Mrs. Pugsley; S.S. 9, Vellore, Miss Ida Frankum; S.S. 10, Bryson, Miss Isabel Stevens; S.S. 11, Purpleville, Miss Jean McClure; S.S. 12, Pine Grove, Miss Gwen Remus and Miss Alice Jackson; S.S. 13, Lower 9th, Miss Margaret Evans; S.S. 15, Elders Mills, Allan Boake; S.S. 16, Coleraine, Arthur Johnston; S.S. 17, Kleinburg, Kelvin Shore; S.S. 18, Burlington, Miss Florence McAllister; S.S. 20, Mount Lebanon, Miss Jean Ross.

As a result of the competitions every school in West Vaughan will have at least one representative on the area's team at Richmond Hill in June. Burlington head the list with 19 (7 firsts and 12 seconds); next comes Purpleville with 15 (8 firsts, 7 seconds); Bryson's school with 9 (all firsts); Elders Mills, 9 (2 firsts, 7 seconds); Edgeley, 7 (4 firsts, 3 seconds); Lower 9th, 7 (4 firsts, 3 seconds); Pine Grove, 5 (3 firsts, 2 seconds); Coleraine, 5 (2 firsts, 3 seconds); Mt. Lebanon, 2 (1 first, 1 second); Vellore, 1 (1 second); Kleinburg, 1 (1 second).

A Danish Rounders tournament ended in a win for Burlington. We will endeavour to print a list of the prize winners in our next issue.

Results from the Game and Fisheries re-stocking work in the Humber River are being noted by local anglers. Latest reports indicate that several fine brown trout, estimated at 2 lb. or more, were pulled out last week by Harry Scott.

One hundred thousand trout fry have been recently placed in the tributaries of the Credit river in Caledon township. The fish were hatched at the Caledon Mountain Trout Club and donated to the Department of Game and Fisheries for the purpose of re-stocking the streams in the district.

A huge elm tree, reported to be more than 100 years old, stands majestically in the centre of one of Newmarket's busiest side-streets. It is said that in the early days Indians came down the tributaries of the Holland River each spring to trade their furs and that the trading between Indian and Whiteman took place beside this tree. It was from this early "market" that the town is said to have derived its name, "New Market". The old elm tree is now said by some to be a traffic hazard standing as it does in the middle of a street and some members of the town council are advocating its removal. The council is divided on the matter with some members strongly in favor of leaving the historic landmark. The tree is eight feet through, more than 60 feet high with branches spreading more than 40 feet.

Why
CANADA MUST BORROW
\$600,000,000

**A Statement by
the Minister of Finance**

In money alone, this war is costing Canada in round figures, \$4,000,000 a day. That is three and one-quarter times the daily cost of the last year of the last war. This conflict costs so much more because it is a battle of giant, swift machines . . . as well as of men. And to build other than the very best machines would be futile. They must be worthy of our men.

Canada dare not . . . and will not . . . sacrifice men for lack in quality or quantity of fighting machines. Hence we must produce them on a scale hitherto undreamed of.

To do this, Canada needs now to borrow from her citizens at least \$600,000,000 in addition to the revenue raised by taxes. To obtain this money Canada will on June 2nd offer Victory Bonds.

Fortunately, Canadians have the money to buy these Victory Bonds. This is shown by a greatly expanded

national income and by record savings deposits.

If every person who has savings or who can make payments out of wages or income will invest in Victory Bonds, the Loan will be quickly subscribed. But the wholehearted support of every citizen is necessary.

What Canadians have done before, Canadians can and will do again. Our population was less than nine millions in 1918 and 1919. Yet in November, 1918, our people invested \$616,000,000 in Victory Bonds. Eleven months later, in October, 1919, they invested \$572,000,000. The total subscribed for Victory Bonds in those two loans was \$1,188,000,000. This year, with our population increased to more than twelve millions, the nation that did it before can do it again—and in greater measure.

The terms of the Loan will be announced May 31st. Get ready to buy every Bond that you can.
