The Weed of the Week Ox-Eye Daisy

The Ox-eye Daisy, sometimes called White Daisy, White Weed, or Poverty Weed, is another of those perennial weeds that first came from Europe and is very closely related to the Chrysanthemum or national flower of Japan. It is on the increase in Ontario and most troublesome in pastures, says John A. MacLeod, Crops, Seeds and Weeds Branch, Ont. Dept. of Agriculture, Toronto.

It is hardly necessary to describe the Ox-eye Daisy. It is in full bloom right now and will flower until August. Most city dwellers refer to it as a flower but the farmer has other ideas. He looks upon it as a pest that can only be controlled by plowing and cultivation.

If the field is in pasture, plow shallow (not more than four inches) towards the end of August and harrow at once. Let the field stand for a couple of weeks, advises Mr. MacLeod, and then cultivate it the same way it was plowed two or three inches deep. If possible, cultivate a third or fourth time, going a little deeper each time.

In the spring, cultivate the field often enough to keep the Daisy from making any growth above ground until it is time to put in potatoes, corn, roots or rape. It must be remembered that Daisies have short, thick root-stalks of tremendous vitality and the hood crop must be repeatedly and thoroughly cultivated in order to be effective, Mr. MacLeod states.

A chemical weed killer can be used to advantage to destroy this weed in meadows and pastures. Write the Crops, Seeds and Weed Branch, Ont. Dept. of Agriculture, Toronto, for Circular No. 60 "Weed Eradication by Chemicals".

Grain Mixtures Aid Milk Flow In Dry Season

Cows must be kept in full production if Canada to meet cheese output promised Britain.

With a threatened decrease in summer milk production owing to acute pasture conditions in many counties of Ontario due to near drought conditions, The Feed Board of the Ontario Department of Agriculture is advising farmers to resort to heavier grain feeding to keep up the milk flow. This is deemed absolutely necessary if Ontario is to do its 70 per cent share in providing 112,000,000 pounds of Canadian cheese for Britain.

Statistics show that Ontario is down 330,000 pounds of cheese this year as compared with last year's production for the first five months. Officials have been hoping the figures for June will show this deficit wiped out.

Reports received by the Ont. Dept. of Agriculture from the heavy cheese-producing counties of Eastern Ontario state that many cheese factory patrons have materially increased production per cow by judicious grain feeding. While farmers cannot control pastures owing to weather conditions, they can control supplemental grain feeding, Feed Board officials point out.

Grain mixtures for cows on good pasture are recommended by the Board as follows: (1) oats 200 lbs. and barley 100 pounds; (2) oats 200 pounds, barley 100 pounds and wheat 100 pounds; (3) oats 100 pounds, barley 100 pounds, wheat 100 pounds, and soybean oilmeal 50 pounds.

Grain mixtures for cows on poor to medium pasture: (1) oats 200 pounds, barley 100 pounds, wheat 100 pounds, soybean oilmeal 100 pounds; (2) oats 200 pounds, wheat 100 pounds, dried brewers, grains 100 pounds and linseed oilmeal 50 lbs.

The above mixtures are considered ideal but if these grains are not available, it is better to use what are available than none at all.

The condition of pasture, condition of cow and milk flow should be taken into consideration when deciding the amount of grain mixture to be fed.

200 YEARS OLD POEM PREDICTS BRITISH AIR RULE

Ottawa, June 3 — Thomas Gray, who lived nearly 200 years ago, had a vision of Britain as "sovereign of the conquered air" and Prime Minister Mackenzie King, in a radio address to Britain last night, used the poet's lines to express his confidence in the outcome of the present war. The words, which came from the poem *Luna Habitabilis* (The Habitable Moon), were:

"England, so long the mistress of the sea,
Where winds and waves confess her sovereignty,
Her ancient triumphs yet on high shall bear,
And reign, the sovereign of the conquered air."

These prophetic words of a long-dead poet have been used more than once in recent months, library officials said, and there appeared to be considerable public interest in the verse just as there was constant surprise at Tennyson's vision of skies filled with commerce and the ancient Mother Shipton's prophecy of "carriages" in the sky.

Gray's poem used by Mr. King last night originally was written in Latin. It was a short poem, the Parliamentary Library officials said, and Mr. King's excerpt was a modern translation.

An emergent meeting of Blackwood Lodge, A.F. and A.M., Woodbridge, was held and observed as Cameron night, the event being the initiation of Mr. Donald Ross Cameron, son of Mr. Alex Cameron. The chair was occupied by the ruling master, Wor. Bro. Cameron McClure, and during the exemplification of the first degree the officers of the lodge were assisted by Wor. Bros. Archie and Jas. A. Cameron, of Vaughan Lodge; Wor. Bro. Robert Cameron of Huron-Bruce Lodge; Hector Cameron of Antiquity; and Wor. Bro. Cameron Warkington of Robertson Lodge. There was a goodly array of visitors from Vaughan, Antiquity, Huron-Bruce, Robertson, University, Dufferin, Remembrance, Alpha, Wellington, Cathedral and Tuscan Lodges. Wor. Bro. Hilliard Legard of Cathedral Lodge gave a talk on Masonic education and took as his subject, "Ourselves".

A Spaniard, an American and a Scotsman were discussing what they would do if they awoke one morning to discover that they were millionaires.

The Spaniard said he would build a bull ring.

The American said he would go travelling all around the country and have a good time.

The Scotsman said he would go to sleep again to see if he could make another million.

NATTRESS FAMILY HOLD PICNIC ON SATURDAY

30 W.A.'S REPRESENTED AT DISTRICT CONVENTION

More than 30 branches from 16 district Anglican churches were represented at the West York Rural Deaneary Women's Auxiliary annual meeting held at Christ Church, Woodbridge on Thursday of last week. The morning and afternoon sessions, all at Christ Church, drew more than 125 delegates. Officers reported the registration to be the highest in years.

Rev. T. B. Butler of St. Phillip's, Weston, Rural Dean, was celebrant for opening corporate communion service at which the Rev. Mr. Powell, of Sutton, preached. Speakers at business sessions included Miss F. Kingston, Toronto, Diocesan treasurer of the W.A., and Mrs. W. C. White, returned missionary from China. Illustrating her remarks on Oriental customs Mrs. White introduced a parade of 9 models, all local residents, attired in typical Chinese and Japanese costumes. The models were Mrs. J. H. Kersey, Mrs. T. Butterworth, Mrs. Walter Rymill, Miss Mary Thompson, Mrs. R. Livingston, Miss Mae Kersey, Miss Annie Kersey, Mrs. S. A. Stratford, and Mrs. Alf. Thompson.

Mrs. Austin Haines, Sharon, a member of the Newmarket branch, drew double honours by re-election as Deaneary Officer for the Auxiliary and installation as life member of the organization. Her election returned her to an office she has held for many years. While in business session the delegates also voted to hold their annual convention at Oak Ridges in 1942.

Branches represented last week included Schomberg, Castlemore, Woodbridge, Maple, King, Newmarket, Aurora, Westmount, Thornhill, Oak Ridges, Richmond Hill, Roche's Point, Sutton, Holland Landing, Bradford and Coulson's Hill.

At the nearby rectory separate sessions of the Deaneary Chapter were attended by men from throughout the deaneary.

PROPOSES EACH COUNTY CONTRIBUTE SPITFIRE

Sarnia, June 3—Warden George E. Jones in his inaugural address to the Lambton County Council's June session yesterday proposed that each of the 77 counties in Ontario and Quebec purchase a Spitfire fighter for overseas war service.

Warden Jones said that the cost of \$40,000 per plane would impose a levy of less than 1 1/3 mills on the tax rates and would do much to lessen the burden upon the national administration. His plan will be reviewed later this week.
