Thousands Attend Walkington Sale Receipts \$9000

HIGH COW BRINGS \$150

A crowd estimated at 5000 attended the Cameron E. Walkington auction sale in King Township Wednesday afternoon and the receipts totalled \$9000 to make a record for auction sales in this district. J. Carl Saigeon of Maple and Clarke Prentice of Milliken officiated as auctioneers and started selling at 10 o'clock and kept up the double-ring action until darkness when everything was sold. A cow with a calf four days old brought \$150 and the nineteen cows averaged \$105. The herd sire sold for \$135 and heifers rising 2 years old sold as high as \$75. Heifers not quite a year old were knocked down at \$46 each.

Sows sold as high as \$50 and horses were around the \$100 figure. Early oats sold for 80c. per bushel, barley 88c. per bushel, and wheat \$1.06. A mow of hay about fifteen feet high in the barn brought \$180. The McCormick-Deering tractor sold for \$600, and a cultivator three years old \$121. The price of a new one today is \$125. A tractor plow bought in 1922 sold for \$50.

The iron plow, high cut, with which Mr. Walkington won the Ontario Plowing championship sold for \$15. This plow was imported from Scotland by John Morgan and was used in winning provincial championships by the late James McLean of Richmond Hill and James Cameron of Vaughan Township.

Health Services Subject of Talk at Vellore Feb. 24

The York County Federation of Agriculture in rounding out its plans for three rallies in different sections of the county north, east and west have completed plans for a meeting to be held in the Township Hall at Vellore on Tuesday, February 24th at 8.30 D.S.T. when the speaker of the evening will be Honorable Geo. Hoadley, formerly minister of Health and Agriculture for Alberta. Mr. Hoadley has frequently been heard on the public platforms of Ontario over the air more recently through the Radio Forum program on the subject which he will discuss, namely "Municipal Health Services."

There is considerable interest being aroused in this work at the present time and it is anticipated that there will be a large attendance at Vellore to hear Mr. Hoadley's discussion of this subject in person. There has been a feeling for a long time in some of the rural communities that some form of health insurance could be worked out similar to that in operation in mining centres and certain other places where there are large groups of workmen employed. Sickness, particularly in the form of epidemics, always arouses people to action and it is hoped that the Federation's attempt to arouse some interest in health will bring out a large attendance on Tuesday night.

The annual meeting of the Federation will be held early in March.

SAME TAX RATE LIKELY IN RICHMOND HILL

Richmond Hill municipal council has not set the 1942 tax rate yet, but the finance committee has had several meetings and indications are that the rate will be the same as last year. Despite the debenture issue of last year and the prospect of considerable outlay in the development of supplementary water supply members are hopeful of avoiding a tax increase this year.

Canvassers Now Working In 2nd Loan Campaign

Canada's second Victory Loan campaign, swung into high-gear action this week, and to date the response has been gratifying. In North York Riding, our objective is \$1,600,000, and while this is an ambitious objective it must be reached. A canvass of the people of the county has commenced under the general direction of Capt. Aubrey Davis of Newmarket and an able and energetic committee of workers. Reports from canvassers have been very satisfactory and if present enthusiasm continues there is no reason to be pessimistic about the outcome.

There has been talk of "total war". Let us as Canadians show by our Victory Loan Subscriptions that we really mean "total war". Let's go all out to buy the new Victory Bonds. A quick, over-subscription of this loan is the most convincing evidence that the Canadian people really mean business.

WHEN you buy Victory Bonds you are lending money to Canada to provide weapons for the men who are doing the actual fighting.

LET us make possible, by lending our money, weapons that are equal or superior to those of the enemy... "Given equal weapons" said Mr. Churchill, "we can beat the life out of the enemy!"

One of these canvassers will call on you. Make your subscription as large as possible.

VICTORIA SQUARE NEWSY NOTES

A number of the Institute members met at the work room Thursday and quilted two more quilts for war work.

Mrs. Frank Nichols, Miss C. Heise and Mrs. Ratcliffe spent Wednesday at Mrs. Bert Sanderson's.

The community join with Rev. McKay and family in the rejoicing of the safe return of their son from the battlefield.

We are all sorry to hear of the death of the son of Rev. D. Davis of Stouffville. While Mr. Davis has not been very intimate with our congregation, yet a great number of our young people have met him in Centre North Presbytery gatherings, and are very sorry to hear of his sorrow. His son was killed Thursday night at Dover Strait.

A number from here attended the funeral of Mrs. R. L. Stiver on Saturday. Our sympathy is extended to her bereaved husband.

Mr. and Mrs. Sanderson and Mabel attended the McMurchy-Robinson wedding in Brampton on Saturday.

Word has reached us that Mrs. Duncan of White Rose, a former resident in our community, is in Newmarket Hospital. We wish for her a speedy recovery.

There were around fifty to both Sunday School and church service on Sunday, but not one in the young men's class. There are a few in the community, why not come to Sunday School and discuss the lesson with your teacher? Those who have been sick with measles, whooping cough are nearly all better, and soon our front row in the Sunday School will be filled again.

Don't forget the War Work under the leadership of the W.A. All the ladies are asked to meet the first and third Wednesday of each month over Mr. Willows store. Have you

any material to hand in to help make quilts? Have you any old coats, men's trousers, etc. that could be made over for little children? If so please leave them at the store. If you have time, the committee would appreciate it if these old articles were ripped, washed and pressed but if you haven't time, please hand in the material anyway.

Don't forget the Euchre, Crokinole and Dance next Wednesday evening, February 5th at 8.30 D.S.T. at Victoria Square Community Hall under the auspices of the Junior Farmers. Ladies provide.

Sgt. R.H. Mackay R.C.A.F. Home From Overseas

Sgt. R. H. MacKay of the R.C.A.F., son of Rev. and Mrs. H. J. MacKay of Victoria Square returned home Saturday after seeing action in the Battle of Britain. Sgt. MacKay is a Wireless Air Gunner and went overseas in September 1941. He was already trained and he went into almost immediate action on bombing raids over Europe. Returning from one of the bombing raids he was in a crash and sustained injuries which necessitated his being invalided home. He arrived home Saturday and while regulations do not permit any details we gather it was not entirely an uneventful voyage. Sgt. MacKay has had a thrilling experience, he has rendered notable service and we join with the community in extending him a warm welcome home with our best wishes for his complete recovery.
