York Seed Fair, Friday

The sixth annual York County Seed Fair is being held this week in the Orange Hall at Woodbridge on Friday, March 13th with judging commencing at 10 D.S.T. to be completed by 1 p.m. when the exhibits will be open for inspection. With the Woodbridge Agricultural Society acting as host this year each of the fair boards in the county will have sponsored the fair, which is conducted by the County Crop Improvement Association of which John Kellam, Nashville is president and W. M. Cockburn, Newmarket, secretary.

With a large number of exhibits of high quality seed that this year in the case of oats and barley must be representative of at least 20 bushels at home keener support is anticipated and judging from last year's auction of the 5 bushel lots of registered seed, farmers welcome this opportunity of getting a commercial quantity of this high class seed.

The afternoon meeting commencing at 12.30 will feature an illustrated address by John D. MacLeod, acting Director of the Crop Branch, Toronto, who will speak on the much discussed Common Barberry which causes thousands of dollars of loss to our farmers.

The manager of the Woodbridge Farmers' Company has invited those attending the Seed Fair to visit their power seed cleaning plant during the morning or afternoon. This new plant is one of the most up-to-date in the province.
